July, 1953.

VOL. XXVII., No. 7.

KING EDWARD VI. SCHOOL,  
BURY ST. EDMUND'S,  
SUFFOLK.

### Headmaster's Notes.

WE are, at the moment, in process of replacing "Songs of Praise" in our Morning Assembly by the revised edition of "Hymns Ancient and Modern," already in use in the Cathedral. We are also introducing a sung Lord's Prayer—to a tune composed by Mr. Hallam.

The bulldozing of the land necessary for the making of two hockey pitches and two grass tennis courts has now been completed but, of course, it will be quite two years before these are in use. One outcome of this development will be a far finer entrance to the School from the Abbey Gardens, with a well made path running alongside the edge of the lawn and at the same height. It is planned to have the flowering cherries, bought with our Coronation grant, along this path.

The plans for the new building have now been drawn up and it is hoped that work will commence in February, 1954, and that it will be completed by September, 1955. We shall then have available in the three storeys of the new block, five classrooms, a laboratory, a large art room, a handicraft room of similar size, a staff room, together with changing rooms and shower baths accessible from the present Gym.

Our three important functions of the Summer Term, Sports Day, Founder's Day, and Speech Day, have all gone off successfully and we are most grateful to the Archdeacon of Ipswich, the Ven. T. R. Browne, B.D., for his address at Founder's Day, and to Lord Wise for his talk on Speech Day.

### Speech Day, Thursday, July 16th.

The School was honoured with the presence of Lord Wise, an Old Boy, as the guest of honour. After presenting the prizes, Lord Wise, in addressing the assembly of pupils, parents and friends in the Athenæum, said that the School had added, as the years went by, to the honour and lustre which had always surrounded its name. He went on to refer to the value of tradition and to the building up of character in school life. To those who had not won prizes he pointed out that as we all have gifts of one sort or another success could come in other ways. Lord Wise concluded "I want you, as you grow older, to decide to be of some service in the community. You are not simply pawns in a game, but will help shape the continued peace and happiness of the world."

Prize-winners were as follows:—

#### FORM PRIZES—

P. G. J. T. Parkhouse, J. L. Wearn, D. G. Davey, W. H. Hardy, J. Knox, J. F. MacCulloch, D. C. Walker, E. J. L. Welham, M. J. Whiting, P. R. Pearson.

## CHARACTERS OF THE ELEVEN.

- \*D. C. FARROW (capt.) Batted very poorly, and disappointed as the team progressed in showing little determination to stay in. If his run of failures with the bat could scarcely be expected to enhance his prestige as captain, it can nevertheless be said that he led his side well on the field; he used his bowlers intelligently, took some wickets himself, and could claim that for the most part his team fielded keenly. He is also to be commended on encouraging the team on occasions to play for a win rather than a draw. He should certainly profit next year from his experience.
- \*A. T. B. GOULD (vice-capt.) The outstanding player of the team. His batting and bowling are of a high standard. His fielding is good and his successes with bat and ball have been an inspiration to the team.
- †B. L. LOADES (wicket-keeper). Has done well behind the stumps, but tends towards over-elaboration. His batting is still not good.
- †M. Q. SHELBOURNE. Has bowled consistently well throughout the season. His fielding is good, but his batting weak.
- †D. G. SOUTHGATE. A young player whose batting has been good. He is a useful slow bowler. Rather slow when fielding.
- P. C. FRYER. An opening batsman who has done quite well. His fielding is weak at times.
- J. DANGERFIELD. Has not had very much success with the bat. His fielding is very good although he could improve his throwing-in.
- J. L. MILES. As a bowler he has met with limited success. He has played one or two good innings when batting.
- D. W. JONES. A steady player who keeps a good length when bowling. His batting at the moment is weak but shows signs of improvement.
- D. J. SIMPKIN. A young player who shows great promise as a batsman. He is very slow when fielding.
- J. CADDY. An unorthodox batsman who has a good eye and can score a lot of runs with powerful hitting. His fielding has room for improvement.

Also played—

- D. I. SMITH. A young player who should prove useful in the next few years. His fielding is good.
- D. R. DEWICK. A batsman who is capable of scoring some runs.  
\* Full Colours. † Half-Colours.

## 2nd XI. COLOURS.

I. S. Davidson, P. J. Farthing, D. R. Dewick.

## CRICKET REVIEW, 1953.

The First Eleven has done quite well considering that at the beginning of the season it contained only three regular members of last year's Eleven, with Gould out of action owing to appendicitis.

Although the Second Eleven has had a poor season, the successes of the Juniors have revealed some young players of great promise.

Our thanks are due to Mr. Dart for an excellent fixture list, to D. W. Jones and J. Dangerfield for acting as store-keepers, and to Walker for his carefully prepared wickets.

## C.C.F. Notes.

More than half the Contingent were present in the Abbey Gardens on April 30th when Bury St. Edmund's officially welcomed the 1st Battalion The Suffolk Regiment, home from Malaya. In spite of a steady downpour of rain, the whole ceremony was performed in the open air.

The chief event of the Summer Term is the Annual Inspection, and this year was our turn for a War Office Inspection. The Inspecting Officer, Colonel J. H. E. Panton, O.B.E., reported very favourably on the turn-out and efficiency of the Contingent and was particularly pleased with the keenness and ability shown by the senior N.C.O.'s, whom he saw instructing the Signals and Certificate "A" classes.

A Map Exercise and a Field Exercise were held on May 26th and July 21st respectively, the latter being organised by Lt.-Col. K. Pye, O.C. 4th Battalion The Suffolk Regiment (T.A.), who went to great trouble to prepare and carry through an interesting platoon attack and defence scheme, culminating in an after lunch counter attack by the original defence, which enabled each platoon to experience both attack and defence. Unfortunately King's School, Ely, were unable to join us this year owing to an epidemic of mumps.

The Post Certificate N.C.O.'s were unable to continue with Signals training sufficiently to reach the Classification standard this term as we had no regular instructor available. Sgt. Barker, of the Suffolk Yeomanry, who has been the Signals Instructor for some years, left the army in May and could not be replaced. One Cadet, however, Sgt. Fryer, obtained a vacancy in the Signals Cadre at Camp and was successful in the Classification Exam. held at the end of Camp.

Our .22 Shooting Range was finally demolished this term to make way for the new buildings and all firing had to be carried out at Gibraltar Barracks on Tuesday afternoons. Almost all Cadets were able to complete the Weapon Training course necessary to qualify for the War Office grant, but only 14 became 1st Class Shots (including 3 Marksmen) and 7 2nd Class Shots during the year. In the limited time available we were unable to enter any shooting competitions.

Twenty Cadets attended the Annual Camp at Buckenham Tofts, where 4,500 Officers and Cadets from many parts of the country were under canvas from July 28th till August 5th.

## C.C.F. Camp, 1953.

On July 28th, seventeen cadets (including seven N.C.O.'s) left School for the Annual Camp at Buckenham Tofts, in the Stanford Battle area to the north of Thetford. The previous afternoon, the advance party (the O.C. and three N.C.O.'s) set off. There were 4,500 at the Camp, all under canvas, and it is a pity that we could not muster more than twenty. Nevertheless we were able to have five successful exercises (including a night operation), the only mishaps being the disintegration of Cadet D's rifle and the blocking of L/Cpl. C's barrel with a pull-through. *awdson*

*addy.*

During the week we witnessed four demonstrations on which our exercises were based—Platoon in Attack, Section Formations, Section in Defence and Attack, and Company in Attack. The last was an awe-inspiring affair in which a rifle company attacked an enemy hill with the support of four tanks, four 25 pounder field guns and machine guns. These were all firing live ammunition which we could see landing, and an excellent first shot sent an enemy tank up in flames. Afterwards the four 25 pounders showed how they could move from a convoy into a firing position and fire within two minutes.

The weather was very kind to us, for only on Friday afternoon was a demonstration cancelled owing to rain. That morning we went to Swaffham .303 Range and fired the rifle and Bren at 100 yards. Considering the fact that most of us had previously fired only .22 rifles, the results were very good. Several Cadets scored 5 bulls in 5 shots and we were expecting the expense of railway fares to Bisley! The next day eight of us went to an "Adaptability" range where we fired at dummies, some of which moved, at 100, 300 and 400 yards.

Early in the week we were to have been shown flame throwers and a "Viper" in action, but they did not work. However, both were shown in a Static Circus which we visited later in the week. The "Viper" is a huge rocket which, when projected across an enemy minefield, destroys mines and creates a narrow path through the minefield. Then we saw parachute jumps and we were given a ride on a tank. Another part of the "Circus" was an interesting exhibition of shells and ammunition, together with several types of kit and army clothing.

On Sunday the whole camp assembled in brilliant sunshine for the Drumhead Service. The text, "Remember thy Creator in the days of thy youth," was taken from the lesson; and we were urged to learn as much as we could while we were yet young. Afterward we were the last in column as the whole Camp marched past the Brigade Commander, Brigadier G. Taylor, D.S.O. Later that morning, Lt. Dart and the four senior N.C.O.'s attended an interesting talk by the Brigadier entitled "Leadership in Battle." During the afternoon the Camp Sports were held and several of our Cadets did well when representing "Thistle" Camp, which incidentally came second out of the eight camps.

Last, but not least, we had a very interesting talk on a 17 pounder anti-tank gun by an extremely competent sergeant. He knew all about his gun and just as much about the tanks at which it fired! The excellence of the talk is perhaps best shown by Cpl. F's remark when we had to leave, "Why on earth have we got to go?"

*arrow*  
And so we come to the end of another Cadet Camp—for some. For others it was the first. For all it seemed a happy week in spite of the fact that we were a long way from Thetford, the nearest town. For fear that the account should lead the reader to believe that it was all work and no play, we must mention the N.A.A.F.I. and the Camp Cinemas, the games of football and cricket (producing some peculiar shots on a peculiar wicket), and the kindness of Major Candy in lending us his radio. An enjoyable week in which we learnt a great deal.

### Scout Notes.

There are now 27 scouts, including 4 seniors, in the troop, 9 of whom have the Second Class badge. Walker has gained his badge during the term. The number of tests passed this year has been very disappointing, only 2 Second Class badges having been gained. Ward has been appointed P.L. of the Lions.

We shall greatly miss Dangerfield, who has now left school, and we should like to record our very sincere thanks to him for all the work and time he has devoted to scouting in recent years.

The result of Bob-a-Job week was very satisfactory, the total amount earned by the troop being £8 16s. 6d., which is equivalent to 6s. 4d. per head, and is about the same as last year.

The Butterfield Cup for the best Patrol has been awarded to the Kestrels for the second year in succession.

The result of the Patrol Competition for the term is as follows:

<i>Patrol.</i>	<i>P.L.</i>	<i>Points.</i>
Kestrels	Jolliffe	168
Lions	Ward	160
Beavers	Dixon	134
Cobras	Roissetter	111

The Summer Camp was held at Hagg Farm in Derbyshire from 11th to 25th August. Only 11 boys were present, but they had a very enjoyable time in spite of a considerable amount of rain. The programme included some strenuous walking over the Peak moorlands and a party of boys enjoyed a visit to Chatsworth House and Haddon Hall. A camping standards certificate was awarded by the visiting Commissioner. I should like to add my personal gratitude to Dangerfield for the great part he played in making the camp a success.

We hope that many more scouts will attend next year's camp. The time at which this will be held remains the same as it has always been—we begin on the Tuesday after Bank Holiday week—and we hope that parents will be able to arrange their holidays so as to fit in with this. D.A.Y.

Thanks to the courtesy of the Imperial Institute we have had two excellent talks this term, in each case by a District Officer home on leave, the one from the British Cameroons and the other from Tanganyika.

One musical recital has been held—Miss Jane Clarke played the piano whilst her three colleagues played the flute, the violin, and the 'cello respectively.

Congratulations to the School's competitors in the County Athletic Sports at Ipswich. Gould won the Discus (17-19), Miles the Shot (15-17), Loades was second in the Long Jump (17-19), and Farrow was third in the 440 (15-17).

Gould will now compete at Uxbridge in the All-England School Sports.

### Old Boys' Notes.

J. C. Dunn has passed out of Cranwell and is now at Stradishall, flying Meteors. We have been pleased to see him back at School once or twice this term.

F. B. Gow has graduated at Southampton and is now studying for a Diploma in Education. He has accepted a post in Ankara.

J. M. Ross is submitting a thesis for his Ph.D. at Nottingham. He has accepted a post-doctoral research Fellowship at Rochester University in New York State.

J. D. Clarke has taken his Degree in Law at Nottingham and R. C. Gilbert in English Literature at Manchester.

D. W. Marriott has been accepted for admission to the Royal Veterinary College in September. He is at present serving with H.M.S. Implacable.

J. C. Snell has been accepted for a Course in Aeronautical Engineering at Bristol University. He has completed his R.A.F. training in Canada and is now at Lichfield.

We were pleased to see A. St. J. Jermy and M. L. Collier at School this term. Each is hoping for a Regular Commission from the ranks.

R. E. Lambourne is at East Ham with the Metropolitan Police Cadets after completing his month's training at Hendon.

A letter from D. M. Lucas tells us that he is now living at Southsea, Hants.

M. R. Wilson, with H.M.S. Thermopylae, is back at Portland after a few weeks at Gibraltar for trials. When he wrote they were in the midst of extensive preparations for the Spithead Review.
