

The Burian.

March, 1948.

VOL. XXV., No. 7.

KING EDWARD VI. SCHOOL,
BURY ST. EDMUND'S,
SUFFOLK.

Headmaster's Notes.

THIS term we have welcomed Mr. E. T. Butcher as a new member of the Staff. We all join in hoping that his stay with us will be a happy and lengthy one. But not even the coming of Mr. Butcher prevented us from commencing the term two short on the Staff, for, owing to circumstances beyond his control, Mr. Mertens was not able to resume duty with us. As a consequence there have been many adjustments and the School is particularly grateful to Miss Kilpatrick for so generously undertaking the teaching of Biology. Towards the end of term we were fortunate enough to secure the temporary services of Mrs. Bartholomew for work in the Junior Forms. We extend a hearty welcome to her.

Speech Day will be on Thursday, June 17th, and we are grateful to Sir William Clark, G.C.M.G., for consenting to present the prizes. Sir William Clark has had a long and distinguished career in the Colonial Office, in the course of which he has travelled extensively.

Thanks to the generosity of Professor Hollond, of Trinity College, Cambridge, a former Comptroller of the School, a capital sum has been set aside for the provision of special prizes each year, to be known as "Rosa Paley Prizes." These prizes will be awarded to boys who become School Prefects.

Hockey.

BURY SCHOOL v. SUFFOLK COUNTY "A" XI.

Played Thursday, February 19th.

The County fielded a strong side, but one which, due to the absence of a player, included Williams i. at outside-left until half-time.

It was not long before the County settled down, and they were soon applying pressure to the School defence. Watsham was being overworked, and as proof of their superiority the County scored two goals within thirty seconds. A third goal came after Watson had hit off the line with Watsham out. The School made one or two gallant but forlorn dashes for goal, but the County hit back, and, luckily for the School, shot over the bar from two yards out. Before half-time two more goals were scored by the County, one by Williams and the other with a neat flick from a narrow angle by the County inside-left. Watson again cleared off the line, and at half-time the County, leading 5-0, were still attacking strongly.

After the interval the School defence held out much better but, after a quarter-of-an-hour, they could not hold the fast, tricky, vigorous County side, and two more goals were added, two other certainties being blocked on the goal-line. An eighth goal came ten minutes later and there was no more score in this game in which the School team had been outclassed, out-paced, and outwitted. Final score: County "A" 8, School 0. Team—

Watsham; Smith i., Watson; Blumfield, Rush ii., Rush i.; Knight, Minns, Marshall, Barratt, Dodds. P.G.G.

ROYALISTS v. FOREIGNERS.

Played January 31st.

As was expected, this game provided a win for the Foreigners, and although the Royalists put up a good fight, the boarders played with enterprise and cohesion and had the unbalanced dayboys' team in two minds.

From the bully-off Watson streaked away for Marshall to make no mistake and score before the Royalists had had time

to realize that the match had commenced. Then onward, the Foreigners continued to hammer at the Royalist defence, but Bates was well on form and deserves special mention. Only once did the Royalists come close to scoring, and this was when Blumfield sent over a shot which grazed the bar. Half-time score, 1-0.

Shortly after the interval Marshall increased the Foreigners lead with a good, hard shot. The boarders' precision-like movements were more productive than the Royalists' break-away, and although Bates and Barratt stood up to the terrific onslaught, an inevitable goal was scored by Marshall from close in. The usefully employed Royalist off-side trap hampered the impressive Foreigners' attack, and the Royalists managed to put in a few isolated attacks, but the Foreigners went further ahead when Marshall scored rather flukily from near the goal-line, catching Bates completely unawares.

Rush ii. and Marshall played with merit in a well-knit Foreigners' team and Barratt was an efficient Royalist captain. Result: Foreigners 4, Royalists 0. Teams—

Foreigners.—Watsham; Williams i., Ross; Kiddy ii., Rush ii., Rush i.; Hunnable, Marriott, Marshall (capt.), Dodds, Watson.

Royalists.—Bates i.; Smith i., Barratt (capt.); McGeehan, Blumfield, Beckerleg; Clarke ii., Knight, Dye, Davey, Gates.

P.G.G.

BURY SCHOOL v. H.M.S. GANGES.

Played at home on March 13th.

After the first few minutes of play it was obvious that the School were by far the superior side. Ganges defended stoutly at first, but Blumfield ran through to score a grand goal from an acute angle. The School attack had the Ganges defence tied in knots and Rush ii. tricked his way through to score. The same player scored two more goals, and Barratt added another. After Barratt had had bad luck with a shot which struck the woodwork, Rush ii. had a clear run from the bully and scored to bring the half-time score to 7-0.

Ganges attacked in the second half, and scored as a result of a corner, following this lone success by shooting high over the top. After Barratt had worked through, Marriott and

Minns each netted a goal, and Minns snapped in another to bring the score into double figures. The Ganges defence had been torn to pieces by the craft and speed of an all-out School attack which never let up. From Marshall's pass Rush ii. completed a well deserved double hat-trick to round off the scoring. Result: School 11, H.M.S. Ganges 1. Team—

Bury School.—Watsham; Rush i., Watson; Marshall, Blumfield, Williams i.; Minns, Marriott, Rush ii., Barratt, Dodds. P.G.G.

BURY SCHOOL v. A. J. BRIGHTON'S OLD BOYS XI.

Played on the School ground on March 16th.

The Old Boys soon forced the School on to the defensive and Chrystal opened the scoring from a corner hit after only five minutes. The School broke away, with the Old Boys hitting back to put in a strong spell of attacking, but the shooting was rather inaccurate. Chrystal's great speed enabled him easily to outpace and split up the School defence, but when faced with a glorious opportunity the Old Boys' centre-forward blazed high over the bar. Rush ii., a very tricky player, initiated a dangerous School attack which, however, brought no results. Half-time: Old Boys 1, School 0.

After the interval Chrystal again skied a shot over the bar, but the Old Boys stuck to their task and Brighton seized an opportunity to score. This seemed to rouse the School team who leapt to the attack and Rush ii. completely deceived Secker to score the School's first. The Old Boys replied with two more goals by the dashing Chrystal, and Dodds netted for the School following a brilliant solo run. Chrystal and Brighton each scored another goal as a result of speed and vigour.

The Old Boys were easily the superior side and the School defence was far too slow to cope with the Old Boys' lively attack in which Chrystal, ably supported by Brighton, was outstanding. Result: Old Boys 7, School 2. Teams—

Old Boys.—Secker; Land, Roberts; Boughton (P.), Brighton, Evans; Lacy, Abbott, Chrystal (H. J.), Snell, Turvey.

School.—Watsham; Smith i., Rush i.; Blumfield, Marshall, Williams i.; Minns, Marriott, Rush ii., Barratt, Dodds. P.G.G.

CHARACTERS OF THE ELEVEN.

G. MARSHALL (capt.) Has carried out his duties as captain most efficiently. He is probably the best player of the side and can always be relied on to work hard all the time.

M. O. R. MINNS (vice-captain and right-wing). He unluckily missed several matches and only played regularly later in the season and so was not able to prove his worth. Gets the ball down the wing very well but must hit it across much harder. Inclined to wait before passing and often loses the ball. Stick work is good and he can usually beat his opponent. Tries hard and works in with his inside forward.

†B. R. RUSH (centre-forward). A most forceful and energetic player who greatly improved the forward line. Stick work is excellent and he uses the flick to great advantage. Leads his line well and is a most dangerous forward. At times hangs on to the ball far too long but makes up for it by tremendous enthusiasm and hard work.

†T. W. BLUMFIELD (right-half). The best defensive and attacking half in the team. His excellent eye and good stick work enable him to swing defence into attack. Backs up his wing well and passes accurately. Flicking is good and opens up the game with long upfield passes. An untiring and sporting player who can always be relied upon to give of his very best.

*R. G. WATSON (left-back). Hits hard but inaccurately and often passes to an opponent. Uses his speed well to clear dangerous situations, and tackles strongly. At times brilliant but has his off days when his mistakes are often fatal.

*R. L. DODDS (left-wing). Has filled a most difficult position well and has been a great asset to the forward line. Stick work is good but must hit the ball harder. Picks up the ball on the run well and uses his speed to advantage. Flicks well but is a poor shot even with an open goal.

B. J. BARRATT (inside-left). Lack of enthusiasm at the beginning of the season lost him his colours. Stick work is good, especially his "over the shoulder" flick. Feeds his wing well and the left wing work led to many goals. Should use his speed to give added thrust to his play.

- C. R. RUSH. (right-back). A hard-hitting player who is very reliable as long as he does not try and hit first time. Would find a strong flick useful. Although slow can beat most wings by good stick work. A consistent but dangerous player.
- E. J. WATSHAM (goal-keeper). A very inconsistent player, but did much better at the end of the season. Should use his physical advantages and not wait for his opponents to shoot at him. Kicks well but should develop a stronger hit.
- D. W. MARRIOTT (inside-right). Although very small finds it no disadvantage. Has a good eye and hits strongly. Flicks well but is at times slow. Should swing the ball about more to save being tackled violently by a larger opponent. Will make a very good forward.
- G. E. WILLIAMS (left-half). Has a good eye and stops and hits well although at times far too hard. Rather ponderous and lumbering but a most effective half both in attack and in defence. Very willing and keen.

Also played—

- D. G. SMITH (right-back). Showed great promise at the beginning of the season but his enthusiasm petered out. Quite a good hit but must learn to flick and use reverse sticks and will then make a good back.
- R. B. ABBOTT (right-wing). Although he only played once, showed great promise and should become a good wing. But he must develop a much stronger hit.

HOCKEY REVIEW.

Although the team only won one game during the season it must be remembered that our opponents were in many cases superior teams with a much larger choice of players. At the middle of the season the morale of the team dropped and ineffective play resulted, due to a run of losses. But after an excellent game against the hitherto unbeaten Northgate School the team spirit revived and play greatly improved.

At the beginning of the season positions were unsettled but after a few games the team settled down and produced some

very good play. The approach work of the forward line was good, and the wings were used to great advantage to get the ball down the field. But often their passes never reached the three inside forwards or else these players did not finish strongly enough. Some arrangement should have been made about the taking of corners.

The defence was at times excellent but had its off days. The covering of the backs and halves was at times bad and often two or three opponents left unmarked on the back of the circle. All the defence men should develop a strong flick as the easiest and most effective method of clearing the ball. However, their general play was good with T. W. Blumfield outstanding as right-half.

The second XI., like the 1st, won only one game but produced some good play. Several players showed great promise and two or three discoveries were made.

The under 14 hockey team lost on both occasions but due to lack of practice as a team. The under 13 football team played very well to win both their games, the second by a clear margin.

Thanks are due to those who marked the pitches, and to P. Cooke who provided us with a supply of white balls, also to P. Game for his enthusiasm in reporting the games; he has now realised that shorthand would be an asset.

HOCKEY RESULTS.

INTER-HOUSE RESULTS.

Cross Country Notes.

The Annual Cross Country run was held on Friday, March 5th, over the Eldo Farm Course, lengthened by some six hundred yards to avoid damage to crops. The weather was not ideal for the occasion, but the results show that the heat did not effect the standard of running.

Congratulations to McGeehan on his splendid time of 18 mins. 40 secs. and to Abbott iii., winner of the Junior section in 21 mins. 20 secs. J.M.R.

J.C.C. Notes.

We welcome this term Mr. E. T. Butcher, who is taking the place of Mr. Hetherington as second in command of the Corps.

Our main occupation this term has been the final preparations for the Certificate "A" Examinations, which were held on the last Tuesday of the term. Ten Part 2 and seven

teen Part 1 candidates were successful, and all the Examiners remarked on the standard, which they said was higher than that of any unit they had previously examined. We were warned last year that the Part 2 examination was to be considerably "tightened up," and I think most Cadets who entered will agree that East Anglian District H.Q. have kept their word! Our thanks are due to Mr. Hassall, who has once again been responsible for Map Reading, Mr. Butcher, who has taken on Section Leading and Fieldcraft, and to Sgt. Mayhew of the 4th Battalion The Suffolk Regiment (T.A.), who has been appointed P.S.I. for Drill and Weapon Training.

The Post Certificate "A" N.C.O.'s who were fortunately not required so often for instructional duties as last year, were able to visit the Old Barracks a number of times, and were given an insight into the work of other branches of the Army under the direction of 308 Anti-Tank Regiment, R.A. (T.A.)

We have recently added to our equipment two Army Field Telephones, which should add to the interest and efficiency of future field exercises.

Six Cadets are attending a short M.T. Course during the Easter holidays at the R.A.S.C. Headquarters at Colchester. Judging by previous courses of this type, they should have an interesting time.

CERTIFICATE "A" RESULTS.

Scout Notes.

This term we have combined the senior troop with the scout troop, and the arrangement has worked very well. The combined troop has been keen and the seniors have done good work as patrol leaders. Camp fires have been revived, and we are pleased to note a distinct improvement in the singing. Instruction in second and first class work has been given regularly by the seniors, and many boys should be ready to gain badges next term.

It has been impossible to arrange an Easter camp this year. The summer camp will probably be held from 4th to 18th August, but the final decision as to dates and site cannot be made yet.

No patrol competition has been held this term. D.A.Y.

Cub Notes.

The Cubs have had a very successful term. Partly owing to our smaller size we have got through more testing, and the majority of the Cubs now have their First Star, and two have gained their Second Star this term; two Collector Badges have also been gained.

The Cubs were invited one Tuesday to the Manor House School to hear Miss Margaret Tempest give a lecture on illustrating children's books. Her charcoal drawings of animals were very much enjoyed. E.M.K.

Sixth Form Library Notes.

This term has seen a greater proportion of the seniors taking advantage of the Library.

The History, Geography, and Science sections have been constantly used by the Sixth Form.

At last the borrowers from the Library have learnt that books should only be taken with permission. R.D.

Young Farmers' Club Notes.

This term an interesting series of Films and Lectures took place in connection with the Club.

On Wednesday, 21st January, three films were shown in the Schoolroom by Plant Protection, Ltd.

1. Cleaning and Germination Testing of Peas.
2. Pruning a Fruit Tree.
3. Bees (taken in a Surrey Beekeeper's Apiary).

The second meeting was held on the 11th February and was again one in which films were shown. This time the meeting was thrown open to the whole School. The films shown were: (1) Cows and Clean Milk Production; (2) Winter Milk; (3) Mastitis and how to prevent and cure it.

On February 18th Mr. T. McGeorge, a local Farmer, very kindly lectured to the Club on "Rotational Cropping," with special reference to his own farm.

On March 3rd, Fison's, Ltd., of Ipswich, gave a talk on "Manures and Manuring." Mr. Runtar came to give the talk, and on March 17th, Mr. Cobbald, a parent of one of the boys, gave us an excellent talk on "Animal Husbandry."

These Meetings have all been well attended throughout the term and much enthusiasm has been shown. It is hoped, next term, to get out on to some farms, and to take part in the usual Judging Contests at which we were so successful last year.

In the meantime D. B. Kiddy and E. J. Kiddy (our energetic joint secretaries), together with C. A. M. Schofield are taking part in an Essay Competition, "How to run a 50-acre Farm with a light tractor." This Competition is for an Essay not exceeding 3000 words. The first prize is a "Trusty Tractor." We wish them good luck in their endeavour. B.S.R.

House Competition.

| | | |
|--------------|-----|-----|
| Tudors | ... | 60 |
| Lancastrians | ... | 57½ |
| Yorkists | ... | 2½ |

School Notes.

This term we welcome to the Staff Mr. E. T. Butcher, as Latin Master, and Mrs. Bartholomew, who has come to fill a temporary vacancy.

The Boarders spent an extremely interesting evening at the Athenaeum listening to Bernard Newman's talk on "Spies."

A lecture given at the School to the senior forms on "Arab Races of the Sahara," also proved most entertaining.

Towards the end of term the Headmaster took all the boarders to see the performance of "Grand National Night," at the Playhouse.

The Seniors obtained some instruction, in Javelin and Discus throwing and in Putting the Weight, from the Suffolk County Physical Training Adviser. We now hope to add these events to our Annual Sports.

Congratulations to J. F. McGeehan on completing the lengthened Eldo farm cross-country route in record time. He returned 18 mins. 40 secs.

Cooke and Macdonald represented the School at the Inaugural meeting of the Suffolk Schools Council for Education in World Citizenship which we have joined in conjunction with the majority of Suffolk Schools. We hope to arrange some inter-school programmes in the near future.

Old Boys' Notes.

The appeal for the Old Burians' War Memorial Fund was launched in February, since when donations have been received at a steady rate. A circular letter in connection with the appeal was sent to all O.B.'s whose addresses are to hand, but as many are not on the address list this will be to some the first intimation.

The appeal is commended to the earnest consideration of all. The first essential is the erection of a plaque in the Cathedral alongside the one erected after the first World War. In addition it is hoped as a long term project to build a new pavilion in the sports field. In addition to the names already

published of Old Burians who fell in the war the following names have also been notified, bringing the total to 26.

| | | |
|----------------|----------------|------------|
| P. E. J. Bacon | H. A. Bayfield | R. Garrard |
| E. P. Bocock | S. Willis | |

The hockey match, which was played on 16th March, resulted in a win for the O.B.'s. We fielded a strong side, but it was not until late in the game that we broke away to win 7—2.

The cricket match will be played on 17th July and the Secretary will be glad to have, by the end of May, the names of those wishing to play. Arrangements are in hand to hold the Annual Meeting and Dinner at Everard's Hotel after the match, and full details will be circulated to members of the O.B.A. in due course.

Savings Notes.

Subscriptions this term amount to £320 2s. D.A.Y.

Obituary.

WALTER NUNN GOOCH.

Born 23rd July, 1858, died at Adelaide, South Australia, 15th March, 1944. Attended the School as a Royalist between 1868 and 1874, during the Headmastership of the Rev. Dr. Wratlaw.

School Calendar, 1948.
