Headmaster's Notes.

OWING to diminishing numbers in the Prep., Miss E. M. Woodward and Miss J. M. Lofts have left us this term, the former to become a Children's Welfare Officer at Ipswich, and the latter to have a year's college training. Their going is a real loss to the School, for each has given everything during these past eight years, and we have all valued their friendship. Our warmest good wishes go with them.

It is sad to see the once flourishing Prep. passing out of existence, to find a total of seventy dwindled to ten, and sadder still to be saying goodbye to boys who have been unable to surmount the examination hurdle and pass into the main School. They, too, carry with them our very best wishes.

We are grateful to Mr. Hassall, now on the staff of Newmarket Grammar School, for taking a number of boys for a boating trip on the Severn at Easter.

Thanks are also due to Lord and Lady Ailwyn for honouring us with their presence on Speech Day, to our good friend the Provost for the excellent service on Founder's Day, and to Mr. W. H. Gooch for his address on that occasion.

Next year will see our Quarter-centenary celebrations. The School hopes that Old Boys from far and near will help to make the occasion an outstanding success.

Speech Day.

Speech Day was held in the Athenæum, on Thursday, June 23rd. The Comptroller (Mr. E. W. Steward) presided and the prizes were presented by Lady Ailwyn. Lord Ailwyn gave an address to the boys.

Avon and Severn Cruise, Easter, 1949

We all arrived in a somewhat flustered condition on Saturday afternoon at Tewkesbury on the River Avon, where the attractive scenery is enhanced by Bredon Hill. We moved off when everything was unpacked and we covered the distance to Twyning "Fleet" very quickly but did not stop until some time later when we moored on the left bank of the river.

Sunday passed without mishap and everyone gradually got over the novelty of the "ship." Two locks were negotiated with some difficulty and the aid of another harassed boat crew. We found a pleasant mooring after some tricky steering had been accomplished round the Swan's Neck. Late that afternoon we reached Pershore and moored about half-a-mile below the pleasant little town.

We started early on Monday morning and reached Tewkesbury at about mid-day. There we filled the tanks with water, had lunch, and went on to the River Severn after struggling with the rickety Tewkesbury lock. The scenery on the River Severn was an improvement on that of the Avon but good moorings were few and far between, the first we chose proving disastrous. After tea, when the mooring rope was being returned to the deck it fell into the water and became entwined with the revolving propeller shaft. The engine had to be turned off to save further entanglement of the rope and we were only saved from drifting broadside downstream by the timely intervention of another friendly boat, the crew of which towed us safely into the bank.

Early next morning, two of the boys went into the nearby village of Ripple and telephoned to the Boat Company at Tewkesbury for help. When the propeller had been freed by the company's engineer we continued on our way to Worcester where many of the boys spent the evening at the Gaumont Cinema.

On Wednesday the town was explored and there ensued no little foot-slogging in search of souvenirs, the Cathedral being the main attraction. Early in the afternoon we started out again and reached Stourport early in the evening. Only one or two of the boys were interested enough to explore the little industrial town.

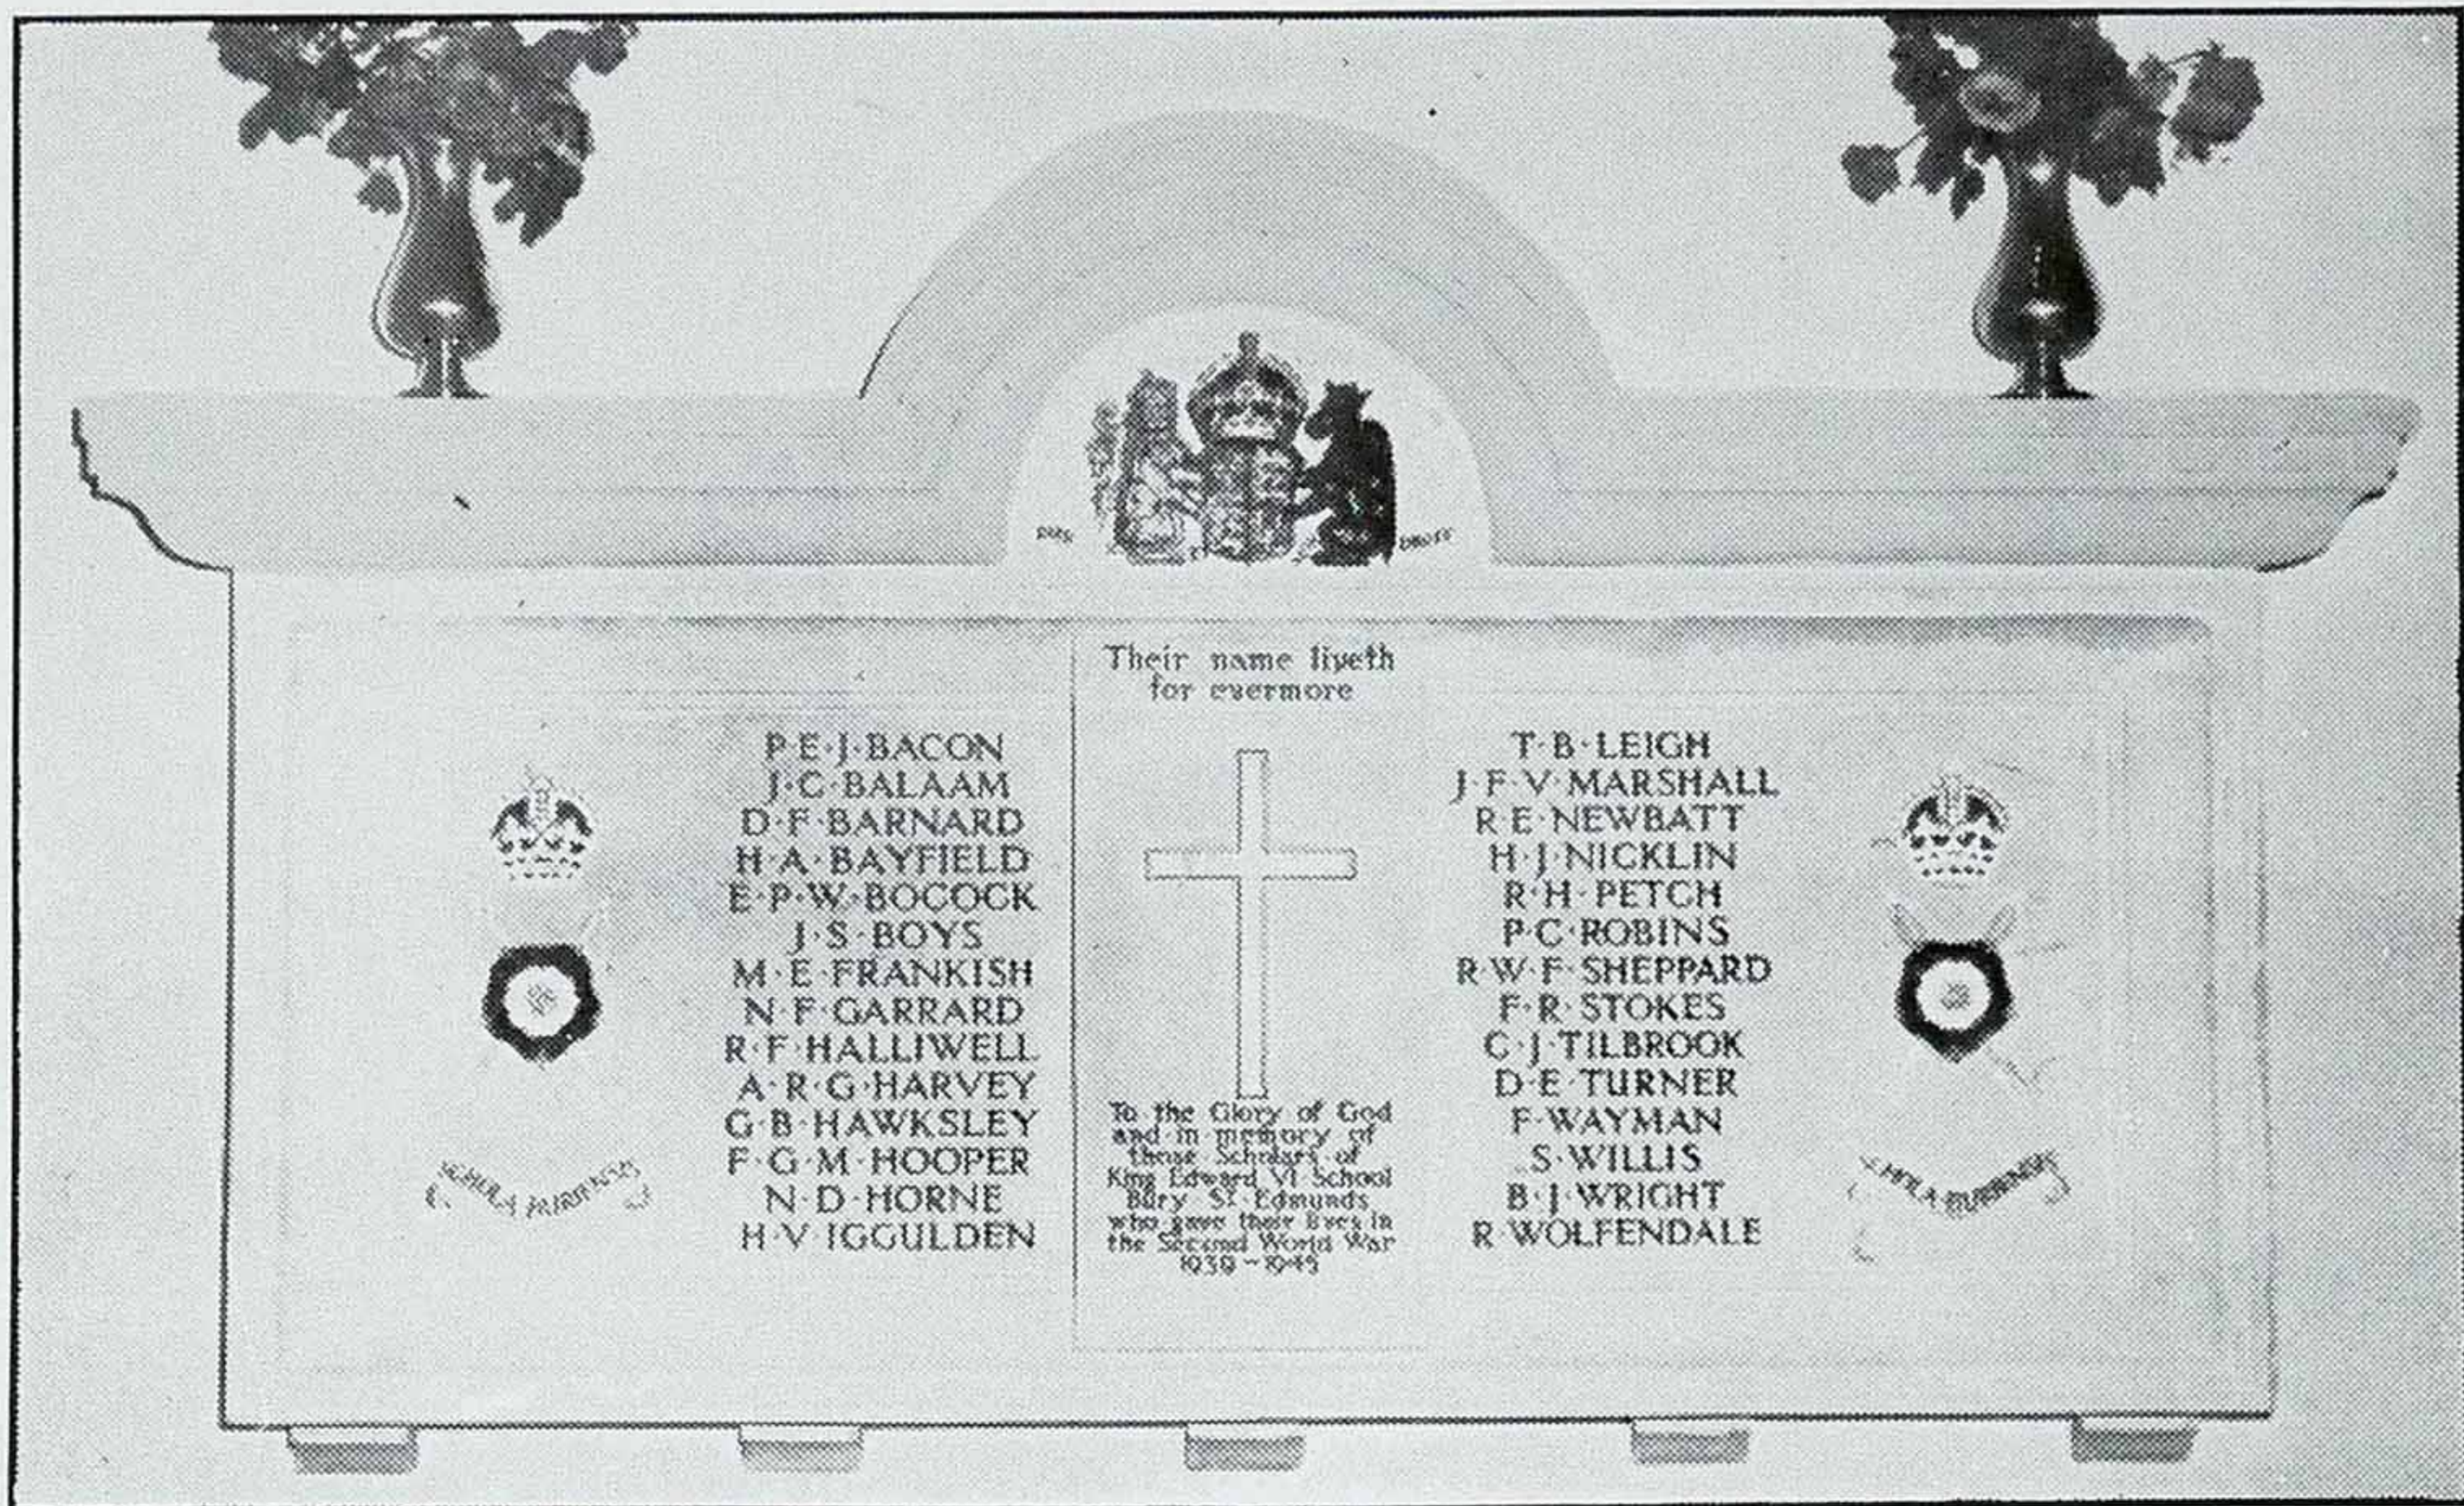

We started early on Thursday morning and passed through the efficient locks in time to reach Tewkesbury at about 5 p.m. The evening was pleasantly spent in rowing and sailing on a beautiful stretch of river just outside the town.

On Friday we started out with the intention of getting to Gloucester and back in the day so that some of us could catch the early train next morning for Paddington. The river is rather narrow most of the way as it divides and joins up again beyond Gloucester but we covered the distance in such good time that we were able to spend two hours exploring the busy city. We quickly made the return journey to Tewkesbury and went a short way up the River Avon to moor for the last evening of a most enjoyable week.

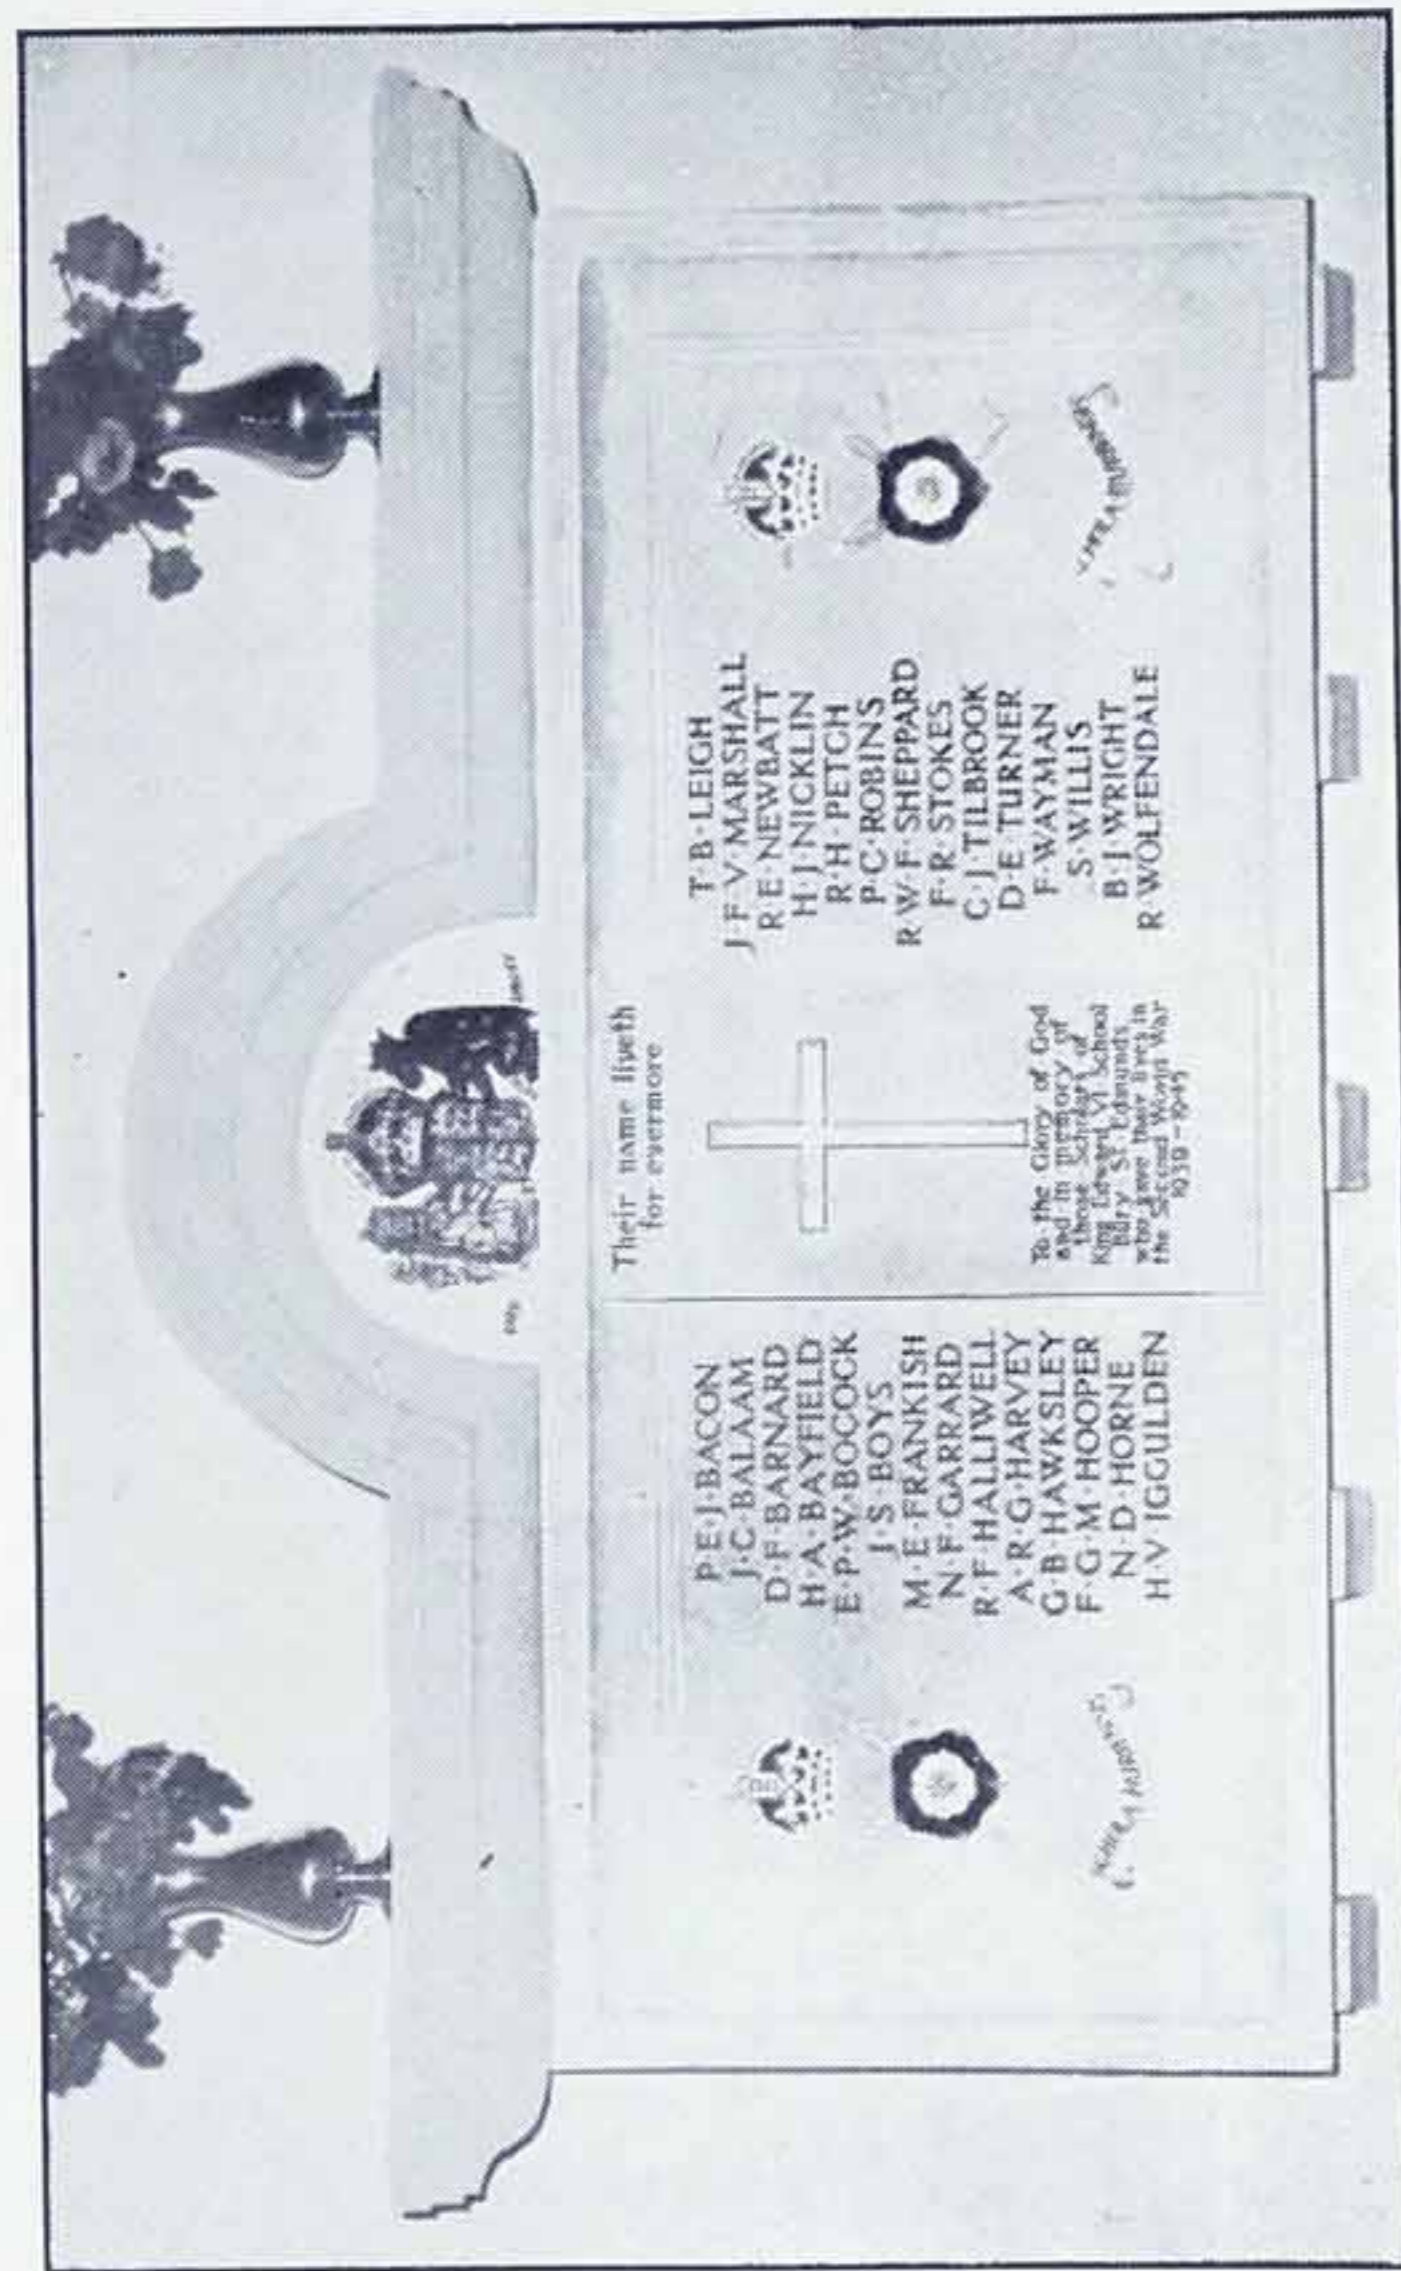

We all thoroughly enjoyed ourselves and are very grateful to Mr. Hassall. Anything that might have approached monotony was soon dispersed by little incidents such as pushing the boat off mudbanks and our usually reliable cook putting four tablespoonfuls of salt in porridge for nine!

Founder's Day Service,

JULY 7th, 1949.

During the course of the service, the Very Rev. J. L. White (Provost of St. Edmundsbury), dedicated the War Memorial. The President of the O.B.A., E. F. R. Stearn, addressed the Provost as follows:

"On behalf of the past and present members of the School, I ask you, Very Rev. Sir, to dedicate this Memorial which we have placed in the Cathedral Church to the memory of our friends who gave their lives in the Second World War." The Head Boy, having removed the Union Jack, the dedication took place, and suitable prayers were said, after which the Headmaster bid all to make an Act of Remembrance: "As we stand before the Memorials to the members of the School who fell in the two World Wars and in previous campaigns, let us in silence remember them all and entrust them to the keeping of God." There followed a silence and then the words:

"They shall grow not old as we that are left grow old;
Age shall not weary them, nor the years condemn.
At the going down of the sun and in the morning
We will remember them."

the congregation making answer, "We will remember them." The Head Boy then placed red roses on each of the two memorials.

The address was given by Mr. W. H. Gooch, of S. Australia, an Old Burian.

The collection, in aid of the War Memorial Fund, amounted to £21.

Swimming.

The weather this term has been ideal for swimming, and apart from a very cold afternoon for the sports, we have enjoyed sunny swimming periods. Perhaps this pleasant weather is not conducive to work; there has been less interest in passing standards than last year. However, a number of boys have persisted and have considerably improved their own ability. It would be possible, with a wider choice of competitors, to increase the variety of events in the Swimming Sports; until then, we must congratulate the few members of the Houses who worked very hard to make the competition as closely contested as it was. An addition this year, is the introduction of a Relay Race against the Old Boys. We hope that this may become an annual event. Much to our surprise, the School won the race this year.

RESULTS OF SWIMMING SPORTS.

Length Breast Stroke. Junior.—1 Abbott iii. (L), 2 White (Y), 3 Gates (Y). Time, 35.8 secs.* Senior.—1 Abbott ii. (Y), 2 Millie (L), 3 Dodds (L). Time, 32.8 secs.*

CHARACTERS OF THE ELEVEN.

*B. J. BARRATT (captain). His batting and bowling have both been of a high order. Has led his side well.

*R. L. DODDS. The outstanding player of the season. Bowling accurate and hostile. A most aggressive batsman.

*R. H. SEDDON. A newcomer who scored well at the beginning of the season. Must develop his footwork. A safe fielder.

*J. A. KOHLER. The find of the season. A dour, defensive batsman who does well in a crisis. First-class wicket-keeper.

†J. D. SIMKINS. A much improved left-hander. Can produce a variety of strokes, though they lack punch. An alert fielder.

†G. E. WILLIAMS. Has been unlucky. Must play back with more confidence. Good in the outfield.

D. G. SMITH. Has disappointed as a batsman, but his fielding has warranted his inclusion.

†E. J. KNIGHT. An unorthodox batsman capable of scoring very quickly. Excellent in the field.

P. COOKE. Most enthusiastic. Batting needs more practice. A good fielder.

M. L. COLLIER. Youngest member of the side. Very promising all-rounder.

D. R. POTTER. A left-hand bowler who has not had much opportunity. Length erratic.

P. F. SHELBOURNE. Former wicket-keeper. His batting has improved.

* *Full Colours.* † *Half-Colours.*

CRICKET REVIEW.

Although we commenced the term with only three of last year's XI. and of necessity have had to include a number of young players, we have had a very successful season. It is interesting to note that there have been four partnerships of over fifty and several of over forty. Both the Second XI. and the Junior XI. have also done well. Thanks are due to Mr. Butcher for a grand fixture list, to Mr. Rich for his coaching, to Mr. Edwards for his work with the Juniors, and to Game, Wright and Hughes.

Athletics Notes.

Although few records were broken in our own Athletic Sports we have had a very successful season. We congratulate R. L. Dodds on equalling the record for the 100 yards, and on breaking that of the 220 yards.

Our inter-athletic season opened on May 18th, when we entered a relay team for the visitors Invitation Relay Race at the A.T.C. Sports. The team consisted of B. J. Barratt, P. G. Game, R. L. Dodds and I. F. McGeehan, and we won the event by 60 yards, in 4 mins. 17 secs.

At the Inter-School Sports on May 28th, we could not field such strong teams as we had hoped because of cricket, injuries, and absence, with the result that we failed to retain the 15—17 age group cup that we won in 1948. However, G. E. Williams won the discus, weight, and high jump, B. J. Meadows the javelin, A. G. Lee the under 15 high jump, and although he did not win, J. E. Hunnable ran extremely well in two 880 yards events.

As a result of these inter-school sports, Williams, Meadows, Hunnable, Burrows, Lee, and Kidd were chosen to represent West Suffolk at Lowestoft. Williams, however, was unable to attend owing to injury. Meadows won the weight, while Lee and Burrows won their respective high-jumps. As a consequence Lee and Burrows have been chosen to represent Suffolk in the all-England Sports at Carshalton, Surrey.

In conclusion we would like to thank Mr. Smeltzer for organising training, and all other members of the staff who have helped to make our athletics season a success.

C.C.F. Notes.

The Summer Term is always a busy one for the C.C.F., and this term, in addition to the Annual Inspection, two Field Days and preparations for Camp, an extra Certificate "A" Board was held in the last week and a Signals Classification Exam. took place at the end of June.

The Contingent was inspected on June 21st by Major-General G. P. B. Roberts, C.B., D.S.O., M.C., Director Royal

Armoured Corps. In addition to the usual ceremonial and routine training classes, Post Certificate "A" N.C.O.'s and Cadets gave a demonstration of the Section in Attack. Perhaps the most effective part of the afternoon's work was the March Past, which particularly pleased the Inspecting Officer as it was performed on grass without even a drum to help with the step. A pleasant feature of Inspections in recent years is the absence of the severe formality of former days; once the ceremonial was completed, a natural and friendly atmosphere marked the remainder of the proceedings. General Roberts showed a desire to help rather than to criticise, though little escaped his keen observation.

The first Field Exercise was held on May 28th at Barton Mills under the direction of Major Marsh, 2 i/c 4th Battalion The Suffolk Regiment. This was a Patrol Exercise, and the fact that not a single shot was fired, although blanks were issued, emphasised the importance of stealthy movement and observation in modern warfare. The second Field Day consisted of a Map Exercise in the morning, followed by a "Section in Attack and Defence" Exercise in the afternoon. Unfortunately the restraint and control shown in the earlier Field Day was absent; ammunition was used with the utmost prodigality but little effect in the earlier stages, with the result that it was almost exhausted before the final stage, which consequently seemed to fizzle out.

As usual in the Summer Term, most of the firing on the Range was concentrated in the last few weeks. A team of four fired a series of matches against local clubs in the Suffolk County Rifle Association Summer League; but this is carried on until the middle of September, so the results are not yet available. Twenty-five Cadets became First Class Shots during the year, and one secured the Class A Junior Marksman's Badge of the National Small Bore Rifle Association—a much more severe test than the Empire Test.

A special Certificate "A" Board was held at Gibraltar Barracks on July 20th and all five candidates passed. At the end of the Summer Term there were 18 Cadets with Certificate "A" Part 2 and 15 with Part 1 out of the 51 Cadets in the Contingent. In addition, two members of the Post Certificate Signalling Class became classified signallers.

An enjoyable week's camp was held at Roman Way, Colchester, from July 23rd to July 30th; at the peak

period there were about two thousand Cadets in Camp, under the command of Lt.-Col. A. W. A. Smith, D.S.O., who was in charge of the East Wretham Camp last year. The weather was perfect, the food was good, and each Contingent was able to plan and carry out its own training, helped by expert instructors when required. We were fortunate in having two P.S.I.'s with us, complete with transport, most of the time. Two N.C.O.'s attended the Instructors' Course, which should help them considerably when they are called upon to take classes during the coming year.

Although, like the large Contingents, we are not able to employ a full-time Sgt.-Instructor, we have recently engaged Sgt. Moore on a part-time basis, and he has done good service both in instructing Weapon Training and Drill and in looking after uniform, equipment and Small Arms, lightening a great deal the work of the Cadet C.Q.M.S.

Camulodunum.

July 23rd—30th, 1949.

With weapons loaded and all powder dry, the School Contingent of 23 boys set out for the annual C.C.F. Camp at Colchester. It was a happy party as the "Waterways" of Mulley moved majestically down the drive, followed closely by the O.C.'s speedy chariot. Alas, why should the fates be so unkind to a procession so regal in its stateliness? Crash! Crash! as we tried to manoeuvre the main gate; in vain did the driver struggle with his wheel. *Vae victuris!* The vehicle's steering had gone completely "phut!" To move further into the attack was impossible; the only alternative was to await a reinforcement coach—but at any rate the sun shone.

Eventually and without further mishap, we moved into the camp site at Via Romana, situated some two miles from the centre of the original Roman colony of Colchester. At once the boys unloaded all stores, had their first taste of army cooking, drew blankets, straw and paliasses from a typically irate Quartermaster and quickly settled themselves into their tents—those queer looking circular canvas objects which were to be their home for a week. A few explanations were required, but even Cadet S. soon hit upon the advantage of sleeping with one's feet toward the centre pole, and Cpl. M. discovered somewhat despondently that the ravishing Boadicea no longer haunted the backwoods of the camp.

All was well and the military wizards began training the following morning. Assisted by two regular P.S.I.'s, the Cadet N.C.O.'s worked hard and it would be a gross understatement to say that only a little was accomplished. Drill, route marches, fire positions, open and miniature ranges, battle drill, section in defence and attack, all played their parts in a show bristling with all the humour of Fred Karno. "Dash it all, fellows, do stand at ease," uttered the often flabbergasted, yet ever-loquacious Cpl. Mac.; while Cpl. C. must have shrunk to the infinitesimal when, attacking a position with proud and realistic gusto, he discovered that C.S.M. D. and his cronies had flown. "They're not there, you fool," he blurted out with bitter anguish as, to the loud yells of "Bullets, bullets!" Cadet M. violently prodded a bush with his rifle. Perhaps the brightest—most certainly the warmest—event of the week took place on Thursday afternoon. The defence was in position and the attack moved forward slowly over the dry, scorched heathland; all was quiet except for the occasional bang of a blank,

the "itching" finger of some over-zealous cadet. Suddenly in no-man's land the explosion occurred; the offending weapon, a deadly thunderflash—a dry bush ablaze, a fire spreading, and as though straight from "Annie, get your gun," indeed there was no stopping it. The flames roared high; the scrub crackled furiously; two acres were already alight; the fire was out of control. The Army Fire Fighting Service were summoned, and leaving the "Crazy Gang" for one afternoon were quickly on the spot. As though fascinated, Pte. Flannagan peered cautiously down the nozzle of the hose. "The water usually makes its appearance this way," he murmured; but our own conniving Nero, L/Cpl. O. smiled as he saw the wheel of the water tender reposing peacefully on the hose. After a heated encounter, the flames were subdued and in the words of the Fire N.C.O., "the tender fell out." Colchester was indeed again safe. "Killed a lot of vermin, that fire," the philosophical Sgt. M. was heard to remark. Needless to say, Major-General M. S. Chilton, C.B., C.B.E., G.O.C. East Anglian District, inspected training that afternoon. With proverbial truth he couldn't see our Contingent for smoke!

The highlight of the .303 range was undoubtedly the dexterity of Cadet K., who in 5 shots at 100 yards scored 4 Bulls and an Inner—and that too despite the fact that he had lost his spectacles. A good omen, Mr. Bevan! A demonstration of Section Fire-power with tracer bullets at 300 yards was ably given by Cambridge University Training Corps, and Felsted School showed how and how not a Recce Patrol in action should act. The G.O.C. Eastern Command, General Sir Evelyn Barker, attended the latter, and it was difficult to suppress a chuckle when, as he made his appearance, the raucous strains of "Colonel Bogey" burst forth rather inopportunately from the Public Address Van. Army P.T. Instructors again did their stuff and in true "wakey, wakey" fashion put the Contingent through its paces. Numerous Cadet bands with bugles and drums supplied the necessary musical background for the Camp.

The attractions of the ultra-modern N.A.A.F.I. Club could not be denied, and whilst the money held out it seemed to cast an unbelievable spell over all. What the real attraction was would perhaps be difficult to conjecture—at any rate, one should ask Sgt. M. and Cpl. B., those tacticians supreme, who, with stripes chalked and trousers creased, used to make their way stealthily out of Camp, carrying highly polished footwear under their arms, in deadly fear lest that dread spot

of dust should mar their immaculate appearance. Several Cadets paid a visit to the Castle and an interesting afternoon was spent examining ancient relics. Cadet J., looking up at a "No Smoking" notice, asked hesitantly, "Weren't the Romans allowed to smoke here either?" Finally, a word for Cadets M. and J. It is not customary to squirt a stirrup-pump after midnight through the air-vents of a tent inhabited by soldiers of another school—they may easily be bigger than you are!

It was a good week and the weather was extremely kind to us. Undoubtedly all gained benefit from the life in Camp and we returned to Bury a week later sun-tanned and happy, if perhaps a little tired. E.T.B.

Scout Notes.

We are much indebted for help during the past term to Mr. Langham, Sgt. L. Fears of the R.A.F., and Messrs. F. J. Warne and J. W. Hall of the British Red Cross Society.

We have again tried to revive the Senior Scout Troop, but the dwindling number of older boys who remain in the troop makes it doubtful whether this section can be successfully carried on.

The Bob a Job Week held in April produced £8 15s., a very creditable effort, representing an average of 5s. per head among those who contributed. Less than a quarter of the troop failed to respond.

The troop gained second place in the District Swimming Sports held at Culford on 7th July. Thomas, Gould and Collier represented the troop in the District Team which won the County Trophy at the County Swimming Sports held at Stowmarket on 16th July.

We regret that no tenderfoot, second or first class badges have been gained during the term. More work and enthusiasm are needed in this direction.

At the end of term the Scout Troop numbered 38 and the Senior Scout Troop 11.

The Summer Camp was held at Twitchill Farm, Hope, Derbyshire, from 16th to 30th August. The site was the best we have yet found, at a height of about 900 feet, on the slope of Win Hill, with glorious views over the Hope Valley. The weather was remarkably kind, fair and warm almost the whole

time. Expeditions were made to Kinder Scout, Marjery Hill, the caves at Castleton and other places of interest. The troop also attended a camp fire given for the scouts of Derbyshire by a troop of Dutch scouts camping in the neighbourhood. The D.C., Dr. Mary Andrews, paid two visits to the camp and aroused much enthusiasm over the local antiquities. Butterfield, Ringrose and Watsham successfully completed their first class journeys.

Cub Notes.

In September, 1942, our Cub Pack was formed here, and as the numbers were then large, we had over 40 Cubs. Our numbers remained high until the Prep. was closed to new entrants, and since then the total strength has gradually fallen to 20. During this time we have taken part in District and County rallies, with reasonable success. This term the Pack won the Cup, put up for competition in the district for the first time, in a sports contest held at Hardwick on June 25th. A number of Gardener and Observer badges have also been gained this term.

And now, at the end of the term, we say goodbye to a further number of Cubs, some of whom we hope will enter our own Scout Troop, and others will go on elsewhere. It is with real regret that we also have to record that Bagheera (Miss J. M. Lofts) left at the end of June, and Baloo (Miss Woodward) goes at the end of term. All the Cubs, past and present, I am sure, are grateful for the interest they have shown, and the time they have spent, in the Cub Pack, and I should like to add my own appreciation of their goodwill and loyal co-operation since we started the Pack together seven years ago. E.M.K.

Young Farmers' Notes.

In spite of the heavy programme of School events during the Summer Term, the Young Farmers were able to carry out a few items leading up to the Annual Contest for the Stanningfield Shields.

On May 4th Mr. Roger Sayce gave us a lecture on the points of a good Dairy Cow. This lecture was excellent and was illustrated by large photographs of cows of various breeds.

On May 10th the Club had an outing to Mr. Flack's Farm at Hollow Road, Bury. Here some first class pigs were seen and the points of "Bacon Pig" were fully explained.

On May 14th three teams went to the Stanningfield and District Agricultural Show at Bradfield Park. They were grouped as follows:—

1. J. D. Baker, J. A. Cobbald and C. E. Watsham to compete for the Shield, which is awarded for judging Dairy Cows, Horses and Bacon Pigs.
2. D. G. Smith to compete for the Senior Cup.
3. M. G. Ockendon to compete for the Junior Cup.

We were successful in winning the Shield and this has now been won by the School for 3 years in succession.

Bright, sunny days with a minimum of rainfall have permitted a great range of outdoor activities this term. Cricketers, members of the C.C.F., Scouts and swimming enthusiasts have taken advantage of the favourable weather.

The annual events in the School year have been well attended. Sports Day, Speech Day and Founder's Day all passed smoothly and enjoyably. As is the custom, rain turned up to support Sports Day.

The dedication of the war memorial by the Provost, the Very Rev. J. L. White, to the memory of the twenty-eight who fell in the last war, took place in the Cathedral on Founder's Day.

Early in the term four buses transported cricket enthusiasts to Cambridge where the New Zealanders played the University. Some very interesting cricket was witnessed and several boys returned armed with autographs and photographs of the tourists.

Twenty-two boys sat for the Cambridge S.C. and H.S.C. examinations at the end of term.

Two field days, one organised by the Suffolk Regiment, the other by C.C.F. N.C.O.'s, completed the curriculum of the Corps activities.

On the second night of term the Boarders enjoyed a performance by the Bury Amateur Dramatic and Operatic Society of "The Skin Game," by John Galsworthy.

An Old Boy, W. H. Gooch, gave the address on Founder's Day.

The Old Boys' team were victorious in the annual cricket match.

The School has had one film show on life in the Navy and a lecture on West Africa.

This term Miss Woodward and Miss Lofts are both leaving after long and valuable service in the Preparatory Department. We wish them the very best in the future.

Old Boys' Notes.

Congratulations to N. B. Williams and E. F. R. Stearn on their success in their Finals.

We have been pleased to see at School during the course of the term: C. D. Boniwell and J. F. Tripp. The former is home from the Far East.

M. I. S. Akehurst is entering a Polytechnic College in London next September to study Radio Engineering.

O. J. W. Gilbert has been seriously ill, but we are pleased to hear that he is now well on the way to recovery.

G. H. Goffin and D. Savill wrote regretting their inability to be present at the Dedication of the War Memorial.

Congratulations to M. F. H. Simpson, A. B. Rood, and D. Savill on their success in their University Examinations.

J. M. Ross sends us news from Nottingham University where he has just completed his first year.

B. R. Payne has completed his course at Nottingham and is awaiting the result of his Finals.

J. C. Dunn is now home from France and is hoping to make the R.A.F. his career.

E. F. R. Stearn will shortly take up an appointment as Demonstrator at Nottingham University.

G. J. Marshall has recently been commissioned in the R.A.O.C.

E. H. Pask is now back at the Bank of England after completing his military service.

A. G. B. Cobbold has now passed out of Sandhurst and has been posted to the Suffolk Regiment.
