VOL. XVIII., No. 6.

Editorial.

NOW that the iron grip of winter, which has greatly hampered our activities this term, is broken we should endeavour to emulate Nature in the rapidity and perfection of our recovery.

The feeling of physical well-being and freedom from restraint attendant on the approach of Spring should both urge and enable us to do more than our previous best in the domain of mental effort and achievement. Add to this the tonic of the holidays, now about to be administered, and the effect should be the ideal of bodily strength and mental vigour which properly used will produce results second to none in form and field.

There will be much to do next term. The Sports, on Thursday, May 9th, will be the first great event of the Summer. Herewith we extend the heartiest welcome to all Old Boys. We trust that many will be able to attend; for their enthusiasm gives an extra zest to the contests, and their presence the added pleasure of happy memories, in which we hope they too have their share.

A full cricket fixture list has been arranged. This year matches have been obtained with Thetford for both first and second elevens.

The energetic will be pleased to hear that the Syndicts of Cambridge and the Games Master have taken thought to fill them to capacity with useful work and play. Others are hereby notified to prepare themselves for their full share of both.

It is with the deepest regret that we record the death of Jack Hinnell who by his charm and sterling worth endeared himself to all who knew him. As Secretary of the O.B.A. he did much to raise the Association to its present strength, and all his work was characterised by keenness and vigour. His loss is irreparable. We are privileged to print an article written by one who knew him intimately and appreciated him at his true worth.

We would draw the attention of all Old Boys to the particulars required for the compilation of the School List, and solicit their assistance in procuring the information as well as a prompt reply to the circular letters which have been recently forwarded.

All Burians will be pleased to hear that John Ashton has added to his games laurels in having been selected to play for an all England Hockey XI. against Holland. The School has for some time had a name for hockey in East Anglia; frequently half the Suffolk County team has been composed of Old Burians. We are pleased to think that her fame has been even further extended, and we congratulate John Ashton on his achievement.

In conclusion we wish all Burians a happy Easter and a healthful holiday; and to those who are fortunate enough to be in a position to enjoy it the culminating pleasure of the year, a glorious Summer term.

London Letter.

The last of these letters was written by Richdale, and his extraordinary wit and humour therein have decidedly cramped my style. But then he is naturally a good writer (*vide* his essays at school), and owing to this and his extensive travels abroad he ought to be able to write a good letter. However, we do want more variety in these letters, and this can easily be acquired by having different writers; so if there is anyone in London who is willing to contribute one of these letters to the *Burian* will he please inform the Editor.

The weather is always a topic of conversation, especially just now—and no wonder. Last Sunday we were skating, and to-day we are sitting out of doors trying to keep cool! The skating this Winter has been a great change, and one much enjoyed, especially by the older people, who are much better skaters than we young ones, who think we are so good at everything. Ice-skates, in my opinion, are a poor investment, because although they will keep, once they are put away, it usually takes days to find them when the next batch of skating comes along in five or tens years time. However, we have an ice rink in London now so we can skate all the year round.

About a dozen Old Boys had a very enjoyable evening at the Criterion Restaurant in January. Richdale and Crack

went to great trouble to get up a Dinner, which proved to be a great success. But we were all sorry there were not more there. I am afraid that about half our number were not London Old Boys, but had come up from the depths of the country. Now you London men, wake up, and next year let us show what our numerical strength really is, and not have to depend on our country brothers to enable us to have the Dinner at all.

I want to say a few words with regard to the "School List," about which you will doubtless find more information elsewhere in this number. Several Old Boys have filled in the forms and returned them, but there are many who have not done so, or have not yet received the circular letters, because some have been returned by the Post Office. If you have forgotten to fill in the form please do so now, and if you haven't had one yet you might write to the School and say so.

It is difficult to write a letter when there is nothing to say, and I can think of no news at all. I will therefore conclude this by wishing you all a happy Eastertide. The holidays are short, masters and scholars, but who minds that when there is the glorious Summer Term to follow?

Friscles.

BY THE FROZEN DEWDROP.

It has come to my ears, recently, that certain people in the world are so mis-guided as to enjoy cold weather. For the benefit of these people, and in the hope that I can show them the folly of their ways, I shall try to describe my experiences on a recent wintry day, one of those days which we have been having which reminds one of Tennyson's poem:

"Blow, east wind, blow, send the wild snow-flakes flying,
Blow, east wind, blow; I'm dying, dying, dying."

You know it, don't you? Well, to start at the beginning, I was awakened by the sound of the Headmaster's footsteps in the distance (I had been dreaming of Red Indians, and somehow I confused those quiet foot-falls with the beating of tom-toms), sleepily I murmured, as he came to me:

"What do weary boarders say,
In their beds at break of day?
Let me stay a little longer,
Till the water gets much warmer,
Please, sir, let me stay here still;
All outside is cold and chill,
Please, sir, could you bring to me,
A warming, soothing cup of tea?"

Now according to all the laws of reflection and refraction his reply should have run something like this:—

"Sleep and rest, sleep and rest,
You needn't get up to-day.
A day in bed will be the best,
Here come your curds and whey.
I'll send a hot-water bottle at once,
And tea and toast as well.
Don't take any notice if you should hear
The tinkling of the bell."

That would have been a polite answer, one which "turneth away wrath," so to speak, but instead, this is what I dazedly heard:—

"Get up, get up, you rascals,
It isn't really cold;
I've shaved, and had a cold bath,
And you're not near so old.
Get up and wash your faces,
Ere the hot water freeze,
Fling open wide the windows,
And feel the bracing breeze."

Shivering, I pulled myself out of bed at last and advanced to the wash-stand. The water in my basin was frozen; the water in the tooth-tumbler was frozen; the soap was frozen; the sponge was frozen; the tooth-brush was frozen; I was frozen. Screwing up my courage to the sticking point, I broke the ice, and gingerly attempted to wash myself.

"Bluish 'mid the frozen water, all his face the boarder
plunged."

My teeth I left till a future occasion. They were chattering so much already, and my hand was shivering so much, that with regard to teeth and tooth-brush it was a case of "never these twain shall meet."

Having accomplished my ablutions, I proceeded to dress, said my prayers, including the one "for fine weather," and went downstairs. Looking out of the window on the way down, I saw with horror that the ground was covered with snow. I was reminded of the words of a well known poet:—

"The cold earth slept below,
The cold sky loomed above,
The cold wind blew around,
The cold snow, like a dove,
Blown by the cold wind, fell from the cold sky,
and covered the cold earth."

N.B.—Snow isn't like a dove really, only I have forgotten the right word. Personally, I think its more like "love."

But I mustn't keep digressing like this for as my aunt Hepzibah often says, "Onesiphorus, my lad, if yer wanders, yer sure to get yerself lost." Well, I circumnavigated the stairs alright, except for a few miniature slides on frozen spots of water, and went up to my study. As soon as I opened the door, "a heavenly, rushing wind" flew out and blew me across the row into Sho—. My word, I nearly gave the game (name, I mean) away then, didn't I? But what I want to know is, why study windows have to be opened at nights. I spend all day trying to warm the study by means of the gas, miniature bonfires, over-crowding, and closed windows; then at night in comes the chilly blast, and I have to begin all over again. Borrowing somebody's coat, someone else's scarf, and a third person's hat, I dashed in and closed the window. The damage had been done however for a thick coating of snow covered my luxurious divan. Ugh!

However the prospect of breakfast and the cup of tea referred to above, cheered me up, until I went to drink the tea. It was frozen. Like Midas, everything I touched turned to ice. Putting the cup down, I suppressed a sob, or rather it froze on my lips, and proceeded with my breakfast.

I really can't tell you everything that happened, or the Editor will have to enlarge the *Burian*, and I'm sure he doesn't wish to do that. Or, if he does, I don't want him to, for at present it just fits in my trouser-pocket, so I will only mention a few facts.

To begin with, we had that hymn (rather a nice one, by the way) which talks about

"Sunbeams scorching, all the day."

I thought

"He sends the snow in winter"

would have been more appropriate.

Secondly, the School weather expert informed us that there was no prospect of a thaw for another week at least. There's nothing like optimism!

Then bitterest disappointment of all, we couldn't have P.T. Now I just love P.T., I believe it does me good; at any rate certain people who ought to know, tell me it does, and I am inclined to agree with them for I believe that "a laugh a day keeps the doctor away," and P.T. is so amusing. For example, the person next to me is rather a freak, because his back always creaks when he tries to bend down. Creak! Crack! Crack! Creak! It does sound funny. Then in that exercise about hands raising frontwards and backwards, sideways and downwards, somebody is sure to go wrong, and leave his hands stranded in the air as if he's going to be shot. Then that Charleston stunt of feet placing sideways and forwards, is rather good. I believe Dick Hylton is thinking of writing an accompaniment to it. Something like "Why are our backs so stiff." Then the instructor makes a mistake sometimes, and tells us to march while we've got our hands on our hips. But there, I mustn't forget Aunt Hepzibah's advice.

But I must tell you a little poem I found.

"Small and large arms swinging,
Marching with heels raising,
From low cross, arms flinging,
On alternate feet hopping,
Don't forget 'stride jumping,
Hopping with leg raising,
Then comes upward jumping,
Ending with deep breathing,
Dismiss!

Another consequence of the cold weather was that the O.T.C. parade was abandoned, and we went for a walk instead. Now, next to P.T., I like O.T.C. better than anything else in the School curriculum, and I hate walks just as much. The Tudor House this term has been like Felix; it has just kept on walking. So I've taken the liberty to compose a little song for them:—

"Tudors, keep on walking, keep on walking still,
With their hats and coats on,
You will always find them,
Take the road to Farrow's farm and set a good brisk pace,
Tudors, keep on walking, keep on walking still."

However the walk was over at last, and we came back, our warfare accomplished, to peace and rest—in prep. And after that we went to bed, only to find, alas! that the snug nest of the morning was replaced by chilly sheets and icy pyjamas. What a cruel world it was! Where are the hot-water bottles and electrically heated blankets of which we have heard so much?

Gone, they are gone, to a warmer clime I know;
Come back to me blankets; Oh! my frozen toe!

However, at last we were all in bed, and settled down to another night's repose. But before we went to sleep we sang: "You must wake and call me early, call me early, daddy dear, For I long to see the sun rise upon the landscape drear. I long to wash in the basins, now that they're frozen o'er, For once this spell has gone, daddy, it will never come no more."

Still, I agree with Shakespeare, who said:—

Blow, blow, thou winter wind,
Thou art not so unkind,
As man's ingratitude."

Would you believe it, I lent a small boy a half-penny, and the next day, when I asked him for a sweet, he refused to give me one!

P.S.—Since writing this, I have heard that we are to have P.T. every day. I am sure you will be as pleased as I am about it.

Obituary.

GEORGE JOHN HINNELL.

The news of the sad death, at a most promising point in his career, of Mr. George John Hinnell, the second son of Dr. and Mrs. J. S. Hinnell, of Garland Street, Bury St. Edmund's, and an old boy of the King Edward VI. Grammar School, Bury St. Edmund's, was, I am sure, received with the

greatest sorrow by his many friends among both the past and present pupils of the School. "Jack Hinnell," as he was affectionately known by all who had the privilege of his friendship, was a boy of whom everybody who knew him had the highest esteem. His sterling qualities, which were innumerable, commanded the greatest respect.

At School, he was keen at work and play, and his word and example carried a good deal of weight. I well remember when I was one of the senior boys at School and had charge of the upkeep of the cricket square, how keen he always was in helping with the pulling of the cutting machine, and how he really made the work for me a pleasure, despite the fact that at that time he was much my junior. As a young boy, he did not appear to be naturally gifted at games, but, by his keenness and perseverance, and by keeping himself fit, as he always did, he was highly successful at cricket, football, fives, and hockey, the latter in particular, for, in the hockey field, he not only did well at School, at Cambridge, and at London, but also rendered good service in the Suffolk County team.

He never complained, and was always cheerful in whatever he did. During his eight years at the School, from 1913—1921 he took much interest in the O.T.C., in which he became a Sergeant, and later held the position of Captain of the School with distinction, in addition to being for three years a School Prefect.

After leaving Bury St. Edmund's, he went to Peterhouse, Cambridge, before becoming a student at St. Thomas' Hospital, London, and here he was about to take his final qualifying examination in 1927 when he became ill, undoubtedly as a result of his studies. His health was undermined, and, despite receiving every attention at the Ascot and Holt Sanatoria, his condition became worse, and he died on Wednesday, 19th December, 1929, at the early age of 25 years.

His funeral at Bury took place on December 24th, when six of his old colleagues at the Grammar School acted as pall bearers. They were Messrs. Eaton Goldsmith, W. A. Crack, H. J. Bird, J. N. B. Ashton, H. Conlan, and G. Fulcher. Other Old Boys of the School present to pay him the last sad honours included Messrs. J. Naish, A. Maitland Smith, W. J. Macglone, P. E. J. Bacon, C. Yelloly, J. Johnson, and C. T. Tilbrook.

A poignant feature of the bereavement is that Dr. Hinnell lost his eldest son, Mr. Thomas S. Hinnell, another "Old Boy" who had also been studying for the Medical profession, at Suvla Bay during the Great War, and, with the passing of Mr. Jack Hinnell, the hoped-for continuance of the family's direct medical association with the town must eventually end. One feels difficulty in expressing in words the deep sympathy which one feels with the bereaved relatives, but all will, I know, join with me in spirit in offering to Dr. and Mrs. Hinnell and family, our sincere condolences in their great loss.

Bury Grammar School List, 1900—1925.

All Burians, whether "young" or "old," will be interested to hear that very substantial progress has been made in collecting materials, and funds, for the extension of the Bury Grammar School List. The questions circular has been sent out to almost, if not quite, all Old Boys who entered the School during the period concerned; a large number of replies have been received and donations towards the publication fund amounting to £7 12s. 6d. have come to hand from the following:—

A. W. Stacpoole	G. W. Juby	A. L. Grimley
M. C. Callis	D. Parks	A. T. Whitmore
A. R. Faithful	N. D. Home	G. S. Gough
S. Taylor	M. S. Kirby	T. G. Gough
A. J. Brighton	F. E. Turner	F. D. Stevens
H. W. Porter	E. Mathew	E. N. Plumridge
C. D. K. Gent	A. G. Shearing	W. Troth Williams

and on behalf of the late

F. T. Day

E. J. Birch

whose ready response is most encouraging and a sign of their keenness in their old school. We must all hope that many more Old Boys will also respond by sending a donation, no matter how small, before the annual Old Boys' Meeting next July.

Unfortunately a certain number of the question circulars have failed to reach the addressees, and have been returned to me through the post. I am asking the Editor of the *Burian*

to be so kind as to publish the following list as some of our readers may be able to supply addresses, or particulars of the following Old Boys with whom we have not been able to get in touch. The dates before the names are those of entering and leaving the School. Will all Old Boys who receive the School Magazine be so kind as to look through the following list and to forward any information in their possession?

1901—1905 C. A. Hunt
 1901—1904 R. R. Rout
 1901—1905 S. A. Carter
 1901—1905 G. H. Daine

 1908—1911 R. J. Cousens
 1909—1914 C. F. W. Nash
 1910— O. A. Mends-Gibson

In conclusion, the writer would like to take this opportunity of urging more Old Burians to take the *Burian* magazine, and some who do so already to be so kind as to pay their *Burian* subscription more promptly, and thus save the hard-working Editor and Secretary a certain amount of unnecessary trouble and correspondence. The *Burian* magazine is the recognised channel of communication with Old Boys; to take the magazine is one of the best ways of keeping up, and showing, interest in the old School. We "young" Burians look up to you "old" Burians; keep in touch with us, and show us that you are interested in our doings by taking the School Magazine regularly and paying your subscription promptly.

THE CHAIRMAN OF THE
SCHOOL LIST COMMITTEE.

Hockey.

NORWICH GRAMMAR SCHOOL v. BURY SCHOOL.

This match was played on the Norwich School ground, which is situated near a river and was very wet.

Norwich made a fine start, scoring 5 goals in the first fifteen minutes.

The School was suffering from lack of practice, and found it very difficult to withstand the wonderful combination of the Norwich team.

After half-time the School showed signs of combination and were able to prevent Norwich scoring for a matter of twenty minutes. After this Norwich were in our goal for most of the time.

The School forwards played well but were against a very strong defence. Score, 15—0, Norwich favour. A.E.B. Team—

Bury School—Smith ii., goal; Land, Smith i., backs; Tilbrook, Bird, Shoberl, halves; Fulcher, King i., Charles, Booth i., Pellew, forwards.

BURY SCHOOL v. EAST ANGLIAN SCHOOL.

This match was played on February 7th, at the East Anglian School ground.

There was no score for a considerable time, during most of which the East Anglians pressed hard. Before the half-time whistle was blown however they managed to score three times.

The School started the second half with a determination to open a score of their own; but their opponents were equally determined that they should not do so.

After a very enjoyable but rather disappointing game the final whistle blew with the score 8—0 in favour of the East Anglian School. G.H.F.S.

BURY SCHOOL v. CLARE.

This match was played on the School ground on February 9th.

After about twelve minutes' play the School opened the score through the combined work of King and Tilbrook. Two more goals followed before half-time.

In the second half the School seemed to run away with the visitors. After ten minutes play two more goals were scored in quick succession by our forwards.

Shortly before the conclusion of the match yet another two goals were added, and when the final whistle went the score stood at 7—0, a decisive victory for the School.

Team—

R.H.S.

Bury School—Smith ii., goal; Charles, Smith i., backs; Land, Bird (capt.), Husk, halves; Pellew, Booth i., Tilbrook i., King i., Fulcher, forwards.

BURY SCHOOL v. CLARE.

This match, played on a very muddy pitch, nevertheless provided a most pleasant game.

The School, although not in full force, opened the scoring quickly with a determined rush. The game then grew faster

and many thrills near each goal resulted. Half-time came with honours even, and each side credited with three goals.

On resuming, the home team pressed a good deal but the School defence withstood the strain valiantly. However, the Clare club were two goals to the good soon after the interval. The School forwards who so far had not been playing in their best style, now completely monopolised the game and scored twice in quick succession thus pulling the game out of the fire. But scoring goals takes time and the final whistle stopped an enjoyable game with the scores 5—5. Team— C.C.

Bury School—Smith ii., goal; Pike, Land, backs; Tilbrook i., Bird (capt.), Shoberl, halves; Pellew, Booth, Charles, Roberts, Mitchell i., forwards.

BURY SCHOOL v. HAVERHILL.

This match was played on the 9th March at Haverhill. The School lost the toss and had to play against a strong sun. Haverhill were soon attacking the School goal and quickly scored two goals. The School however steadied themselves and fought back, but nevertheless Haverhill added two more goals to their score. Steady play by Bird at centre-half enabled the School forwards to get going and Charles scored with a good shot. Thus half-time found the score 4—1 in Haverhill's favour.

The second half found the School defence constantly busy and Haverhill further increased their lead. The School broke away several times but failed to drive home their attacks. Charles however scored again for the School. There was no further scoring, and an enjoyable game resulted in a win for Haverhill by 8 goals to 2. H.R.L.

ELY v. BURY SCHOOL.

This match was played on March 14th on the School ground, ending in a victory for Ely School by the narrowest margin. The School Captain lost the toss and played uphill. Ely scored in the first quarter-of-an-hour of the game, the School retaliating through Charles. Just before half-time Ely scored again and, although the School fought hard, the half-time score was 2—1.

The School was now playing downhill, and making use of this advantage they pressed hard, and were soon rewarded by a goal through Roberts. The score was now level again and both sides played hard, and, although the forwards had several shots at goal, they met with no success. At last, however, the Ely forwards penetrated the School defence and scored again. The School made valiant attempts to equalise but did not succeed; the final score being 3-2 in the favour of Ely. Team—

Bury School—Smith ii., goal; Land, Smith i., backs; Tilbrook i., Bird (capt.), Shoberl, halves; Pellew, Booth i., Charles, Roberts, King i., forwards.

ROYALISTS v. FOREIGNERS.

The Royalists' and Foreigners' match was played with at least the usual vigour and cheered with the greatest abandon by the partisan spectators.

It was one of the closest and hardest fought battles that have ever been waged on the field. The Foreigners were distinctly fortunate in getting the one goal which decided the day and won the Games' Cup for them for 1929. The game was exceedingly fast and the halves of both sides were continually moving from one 25 to the other, the backs put up a defence that seemed impenetrable and it was only when Pellew took a lightning pass on the run at the 25 line and dashed straight through in brilliant style to score the winning goal, that either side really looked likely to score, although the forwards were continually making rushes, King ii. being prominent on the Dayboys' side and Charles, Booth, and Roberts, fleet and forceful for the Boarders. The Captains, Bird and Smith i. worked like Trojans themselves and kept their men going to the last gasp. Teams—

Foreigners—Smith ii., goal; Shoberl, Hall, backs; French, Bird (capt.), Hornby, halves; Mitchell i., Roberts, Charles, Booth i., Pellew, forwards.

Royalists—Kelsey, goal; Smith i. (capt.), Pike, backs; Burdon, Tilbrook i., Land, halves; Allen, Higgins, King i., King ii., Grainger, forwards.

Referee—Mr. G. D. Fulcher.

CHARACTERS OF THE ELEVEN.

- *†A. E. BIRD (Captain, centre-half). Has proved himself an efficient, popular, and most painstaking Captain. As a player he is skilful and vigorous. His team has cheerfully followed his strong lead, and in play wisely adopted his splendid example.
- *†G. H. F. SMITH (right-back). A very sure and hard-working player, his strong hit enables him to clear well. His stick work is admirable.
- *H. R. LAND (left-back). Is a persistent player. His success is largely due to his energetic tackling, but he is rather slow in clearing.
- *C. J. TILBROOK (right-half). Has developed his game wonderfully. Is a bustling player who makes many openings, but should give his forwards the ball more frequently instead of attempting to run through himself.
- *F. P. SHOBERL (left-half). Is a small but determined player and his stick work is neat and passing accurate, but must hit the ball harder and urge his forwards on.
- *C. W. CHARLES (centre-forward). Commences enthusiastically and holds together the forward line very well. But his general success is marred by his losing heart after several goals have been scored by the opposing side.
- †T. E. PELLEW (outside-right). Fills his position well, and shows considerable promptitude in getting away with the ball. Passes well and accurately.
- †G. D. BOOTH i. (inside-right). Has played very well but is not very effective in front of goal.
- †B. G. KING (inside-left). Is a persevering player, and passes the ball accurately, but is not very effective in front of goal.
- R. H. SMITH (goal). Fills a difficult position with much determination. But must clear quicker and hit the ball hard up to his wing men.
- H. I. ROBERTS (outside-left). Is in this position handicapped by lack of experience, but is a player who always tries.

Also played:—

- D. FULCHER (outside-left). Is an effective, hard working player. His departure early in the term was a great loss to the team.
- M. C. C. HUSK (left-half). An active, strong-hitting half, who needs to use more judgment and accuracy in passing.
- J. P. MITCHELL (outside-left). He tries hard but should endeavour to run up before passing and develop his game.

† Half-Colours, 1929.

SECOND ELEVEN CHARACTERS.

- †G. H. BURDON (Captain, left-half). Has had little opportunity to show his ability as a Captain. Is a safe half, but is very slow on his feet and in getting rid of the ball.
- †T. W. PIKE (left-back). Has developed into a strong and reliable back. Is inclined to be over-vigorous at times.
- †G. H. KING (inside-left). An admirable player; his stick work is good and he is always on the ball. His shooting as yet lacks strength.
- †E. A. KELSEY (goal). Fills a difficult position with courage and initiative, stops well and clears hard, but is apt to send it into the centre instead of to the wing.
- †J. B. HALL (right-back). Has done remarkably well for his first season, uses initiative, is quick and persevering, should clear quicker on occasion.
- †D. A. S. GRAINGER (outside-right). Plays persistently, but should endeavour to make more ground and use more vigour.
- †T. A. URWIN (centre-forward). A neat and persevering player, passes accurately; needs to go ahead more especially near the circle and shoot quicker and harder.

- †J. P. K. MITCHELL (outside-left). Stops the ball well but should learn to run up the wing and centre instead of just passing hard.
- †J. FRENCH (centre-half). Has improved but is very erratic, his hockey is inclined to be crude and dangerous.
- J. B. HORNEY (right-half). Is a promising player, passes accurately and with judgment, but is too slow in getting the ball away owing to method of holding his stick and lacks pace.
- P. W. K. MITCHELL (outside-right). Shows possibilities as a player, should endeavour to stop the ball with his hand more frequently.

Also played:—

- P. ALLEN (right-back). Hits hard but too much in the centre, is fairly sound but slow.

Games Review and Prospect.

Except for hockey on the ice, which certain Royalists have almost persuaded us is a posh prescription for finishing off an attack of flu, little hockey was indulged in during the first half of term and few matches have been played to date.

The team, though on the small side and containing a lot of new blood, has played with determination and skill. To the keenness and energy of its captain is due in great measure the unity and fighting spirit that has characterised it. Bird, Smith i., and Charles have been the star players in their various departments, the latter a rather erratic shooting star. Land gives promise of becoming a solid back, Shoberl at half is a skilful player whom it is a pleasure to watch, and Tilbrook i. a strong, persistent player who, true to tradition, always has a shot in his locker, his play in the last minutes of a hard fought match is worth going far to see. The stick work of the two inside forwards is good, but they have been rather ineffective in front of goal. Outside-right has made ground, he is inclined to come in too much, but his run through in the Royalists' and

Foreigners' match was brilliant and justifiable. To play well at outside-left requires special genius or much practice, and the departure of last year's wing man at mid-term rather disorganised the left wing. The goal-keeper has tried hard, his occasional play at back has increased his speed and taught him to control his stick.

No house matches have yet been played. The Royalists' and Foreigners' match proved a splendidly even game, the Foreigners may well congratulate themselves on winning it.

The Sports, which will take place on May 9th, now begin to loom large. Some of the longer races will be contested this term, and heats will be run off for the others almost immediately after the holidays, therefore it will be advisable to keep fit even though you do not mean to train hard during the vac. The Old Boys, who take a keen interest in all School activities have most kindly presented a Cup which has been allocated to the Cross Country Race.

The recent sunshine has revived pleasant memories of summer and cricket, and we look forward to the possibility of two good teams and a successful and enjoyable season.

We take this opportunity of thanking Masters and Old Boys for their assistance with the games. We are particularly indebted to Messrs. G. Fulcher, Lacey, and Allen for refereeing matches.

O.T.C. Notes.

The weather has interfered with corps work to such an extent that few uniform parades have taken place this term. The Certificate "A" candidates, nevertheless have been fully occupied.

Next term, however, will be very busy with Shooting and the Annual Inspection (at which we hope there will be no shooting). A fitting climax will be Camp at Tidworth Pennings. May the Clerk of the Weather be in his most beneficent mood!

Finally, we should like to wish all success to the ten boys who took the Theoretical Examination in Certificate "A" on March 12th.

Scout Notes.

We have been seriously inconvenienced this term by minor illnesses amongst members of the Troop, and by bad weather. The illnesses have, fortunately, not kept members away for very long, but have had the effect of reducing our numbers on parade to about three-quarters on an average.

For the first six weeks of the term we were handicapped by the weather, a number of Tuesdays being days of bitterly cold wind, accompanied by snow.

In the circumstances we were forced to be indoors a lot, and although we got through some useful work in connection with Tenderfoot and Signalling Tests, we all longed for the chance to get out and about.

Towards the end of the term the weather greatly improved and we got out on three or four occasions. One thoroughly enjoyable day was spent bridge building.

The Patrol Shield has been won by the Woodpigeon Patrol. A couple of years ago this patrol won the Shield a number of times in succession, and they have won it this term by such a comfortable margin of points that it looks as though they are well on the way to repeating their previous performance. The patrol was reconstituted some terms ago, and has had a number of changes since, so great credit is due to the patrol leader and individuals of the patrol, for the way in which they have come to the front again.

The Sixth Form Library.

It is with a light heart that I sit down to pen the Library notes for this term, for they are a record of progress and continued development. I am sure that all those scholars, past and present, who have been privileged to use "our" Library, will be pleased to hear that it has received several substantial gifts this term from Old Boys who still remember their School with love and pride. We are also indebted to one, who though not an Old Boy himself is intimately connected with the School, since his grand-father was Headmaster of the Grammar School a century ago. I refer to Mr. Henry Edwards, who has this term presented about eighty Greek Texts to the School. These Texts were

the property of the Rev. John Edwards, who was Headmaster here from 1828—1841.

After being second Master at Richmond, and assistant Master at Harrow School, Mr. Edwards came to Bury in 1828. At that time the School was in a flourishing condition, (Fitzgerald and Rodwell, the translators of Omar Khayyam, and the Koran, respectively, had just left) and under his rule this high position was maintained. It may interest our cricket enthusiasts to learn that while Mr. Edwards was Headmaster the School produced a cricket captain for both of our great Public Schools, Eton and Harrow, who also filled the same position at the two Universities. I refer to Ainslie, Captain at Eton and Oxford, and Dewing, Captain at Harrow and Cambridge, who both received their tuition under Mr. Edward's care. Campbell, also here at that time, played cricket and rowed for the Cantabs. Amongst other scholars here at that time were the grand-father of the late Mr. J. W. Greene, clerk to the Governors, and the father of Mr. Horace Barker.

In 1841, Mr. Edwards was given a canonry and Greek professorship at Durham, with which University we also have links. Thus we are proud to have these books, so kindly presented by his grandson, which so distinguished a headmaster used.

Another munificent gift is that of Mr. B. W. Lacey, the father of two old boys (C. F. and M. L. Lacey) who has presented "The Encyclopedia Britannica," in twenty-four volumes to the Library. This gift is very popular, and is being widely used by the present members of the VIth and Vth forms.

Other gifts which are equally appreciated and useful are:—

"A Short History of the Great War," by Carey; presented by the Headmaster.

"Dickens," by Sir A. W. Ward (an Old Boy); presented by E. R. Burdon.

"The Mediterranean," by Howarth; and "An Introduction to English Literature," by W. H. Hudson; presented by W. A. Crack.

"Ten Plays of Shakespeare," by Stopford Brooke; presented by Mrs. M. Seth.

"Human Environment and Progress," by Keimack; and "Gravels of East Anglia," by Hughes; presented by Mrs. Marshall (on behalf of W. S. and H. K. F. Marshall).

"fiske Family Papers," by Henry fiske; presented by his son (an Old Boy), William H. fiske.

To all these donors I tender, on behalf of the School, my warmest thanks.

Several of these gifts have come as a response to a letter sent to the Old Boys, drawing their attention to the needs of the Library, and the old custom by which members of the top forms presented a book to the Library, on leaving. This response is most gratifying, but several Old Boys have not yet replied, and I shall be glad if they will do so. And here I may add, that as it is impossible to get into touch with all Old Boys, I shall gladly receive any gifts from those who have received no letter.

I am afraid that so far this contribution has been chiefly about Old Boys and the Past. Now a word to the present scholars. The Library is the home of all the glory and greatness of the School. There the past seems to live again. There are the works of headmaster and pupil, side by side. All are equal there. Look on those volumes, not as dry rubbish but as works over which the authors spent so many years of work and trouble. When you feel inclined to throw a book about as a valueless article, think of the pride the author or donor felt when he gave it, a brand-new volume, to our Library. It would hurt him to see his gift rudely treated. Think of the story those books could tell—of the headmaster and pupils who have used them. A King wrote one of the books in "your" Library. Archbishops, Bishops, Judges, Poets, and even Cricket Captains used some of these books. So when you feel inclined to throw books about, or stick compasses in them, think of these things, Boys of Bury! And above all, use the books. They are not all unreadable or useless to you. Some of them will help you very much, and cultivate your mind to a better appreciation of literature. They are much better than Edgar Wallace, and I shall be only too pleased to recommend any books to you. And if there are any suggestions you have to make as to new books, let me know, because I want to see the Library used by many more people than it is at present. And so, I would say to all the members of the VIth and Vth forms, "Read the Books in your Library."
J.R.M.W.

WITH FORM LIBRARY BOOKS.

A fine old volume is in B. IV. next to "Merula." This is "Wottoni de Differentium Animalium," printed in 1551. The printing in this book is fine old black type. There are MS. notes on a fly-leaf concerning "Askin's Medical Biography," of course these are of a much later date than the book itself. The volume is dedicated "Aa Sereniss Angline Regum Edourdu Vith," and now it lies, I fear, largely unheeded, on the dusty shelves of the Library of the first Grammar School which the most Serene Edward VI. founded. The book is in good condition, and has escaped the ravages of the book-worms, which have done so much damage lately to a couple of Latin Dictionaries nearby.

Passing to the next shelf we may note "Artelli Geographii." This book was printed at Antwerp in 1578. "Auctores aere et cura impressum absolutumque apud ant Coppennum, Diesth, Antwerpiz, MDLXXIII." It is a fine old book and has a dedication page in irregular printed lettering with the usual peculiar abbreviations.

In shelf XXVIII. III., there are several large dusty-looking tomes of an uninteresting appearance. Two of these should however be of interest to most people, they are two volumes entitled "Old England." They consist of large masses of text concerning various places of historical interest in England. There are numerous engravings illustrating the text. Also they contain numbers of what are really fine (though at first they strike one as rather "loud"), colour prints of famous buildings, such as the Temple Church, and King's College Chapel. Bury St. Edmund's is mentioned in volume I., and has a whole page of engravings to itself. The panoramic views curiously distort the Norman Tower. The West and East of the Norman Tower are referred to as the Abbey Gate and Saxon Tower, respectively.

In our School Library there is a wonderfully complete classical section, which, as you see, contains many rare old books. The set of Greek texts so generously presented by Mr. H. Edwards, of the Abbey Ruins, goes to swell this number of Classics. The weak point of the Library, and one keenly felt by those who use it, is the lack of modern standard works of *Reference*. This year, for the first time, the Library has possessed a complete "Encyclopædia Britannica," and various other works of *English, Historical, and Geographical* value have been added. But the Library is not, and never can be complete, and though apparently very full, the Librarians

can always find room in easily accessible shelves for additions in the way of so badly needed reference works. An appeal has been circulated and many generous responses have been received, but it is felt that many more should arrive next term. The list of books and their donors may be seen in the Librarian's Notes. Is *your* name on the list? W.C.K.S.

The School Hockey Captain, A. E. Bird, has awarded 1st XI. Colours to:—G. H. F. Smith, R. H. Land, C. J. Tilbrook, F. P. S. Shoberl, and C. W. Charles, and Half-Colours to T. E. Pellew, B. G. King, and G. D. Booth.

The School Football Captain, D. Fulcher, awarded 1st XI. Colours to R. H. Land, after the Old Boys' match.

We congratulate T. W. Pike on being awarded 2nd XI. Hockey Colours by the 2nd XI. Captain, G. Burdon, and King ii., Kelsey, Hall, Grainger, Urwin, Mitchell i., and French, on gaining 2nd XI. Half-Colours.

We have been pleased to see the following Old Boys up: A. J. Brighton, Bacon, Lee, Richdale, Crack, Hinnell, G. D. Fulcher, D. Fulcher, F. M. Bowyer, Allen, fiske, M. Lacey.

The usual intimation of the Tancred Scholarships in Divinity, Physics, and Law, has been posted in the Big School, and we desire to draw the attention of those who may be interested to it.

We congratulate G. H. Burdon and B. F. Lee, who passed Certificate "A" last term.

The following 9 boys passed the practical part of Certificate "A" in February:—Bell, Booth i., Charles, French, Grainger, Land, Smith ii., Tilbrook i., Wright i. This record number of successes reflects much credit on the Corps and its Commanding Officer, Lieutenant Kennedy. The result of the Theoretical part of the Exam. is not yet known.

The following boys were confirmed by the Lord Bishop of the Diocese in St. James's Cathedral on March 15th:—Lomax, Nice, Peppiatt i., Pike, Roberts, Urwin, Windsor, Wright ii. They were prepared by the Rev. F. E. Smith, who has for many years taken great interest and a considerable share in the School's life. We greatly regret that Mr. Smith is leaving Bury, but hope that our loss may be gain to others and to himself.

The School has enjoyed several exceptionally good lectures. All interested in Natural History were highly entertained by Mr. Onslow's accounts and pictures of the birds of the district. Budding Statesmen, and the ordinary boy as well, listened with pleasure and profit to Mr. Whelen's talk on the "League of Nations," and most of his hearers will remember the humorous but earnest appeal of the Rev. C. J.

Andrews on behalf of the Maple Leaf Association. We understand that another lecture is in store, this time the subject is to be "The Argentine."

The Christmas breaking-up was enlivened by a play and a concert. The play, an old favourite, "Vice Versa," prepared in spare time, was a great success, all the actors, even to the small boy who went on "to fill up," seemed to enjoy their parts. Hornby gave a fascinating impersonation of Dulcie Grimstone. Stubbing, who at short notice took the lengthy part of the famous Doctor, played the pedagogue with due solemnity, while Peppiatt i. and Wright i. got so properly mixed that we doubt if the spectators knew which was really "vice" and which "versa."

GOD SAVE THE KING.

AULD LANG SYNE.

The cold weather and the infectious illness in the Town which has kept the Foreigners more within bounds than usual has had compensations. The gramophone concerts have proved most entertaining and we are much indebted to the donors of records.

We have missed the cheery face of Husk in the School and his forceful play on the field, since February, when he underwent an operation for appendicitis. We are pleased to hear that he is making a straight ahead recovery and we shall hope to see him restored to health and to us next term.

The Fiction Library is indebted to H. M. Gray for "Across the Cameroons," — Haywood for "In Times of Peril," and H. Henniker-Wright for "No Man's Land," "A Foul Destiny," and "Soloman's Quest."

We take this opportunity of felicitating Mr. Kennedy on his forthcoming marriage. All Buriians will join us in wishing him and his bride every happiness and good fortune.

The Foreigners wish to express their thanks to Stubbing who has so generously given up his time to play the piano for them. They greatly appreciate his efforts and especially like his original descants.

We congratulate A. E. Bird on being appointed a Tudor House Prefect.

Next term begins on Thursday, April 25th. Boarders will return on the previous day.

Old Boys' Notes.

The Old Boys' Cricket Match and Dinner will take place on Saturday, July 27th. It is hoped that all Old Boys will endeavour to keep the date vacant and put in an appearance.

We hear that C. G. Seth has obtained a good appointment with the Carribean Petroleum Company and is now in Venezuela.

The latest recruits to the O.B.'s Battery of the Terriers, The 411th (Suffolk Yeomanry), Field Battery, R.A. (T.A.) are E. Mathews and M. L. Lacey.

It will be much appreciated by the Secretary and relieve the financial situation of the Association, if all Old Boys who have outstanding subscriptions will make a point of paying them in immediately on receiving a request slip. We feel sure the suggestion will be acted upon.

The Hon. Secretary begs to remind members of the O.B.A. that O.B.'s Ties are obtainable from him, price 4/6 each. His address is: *The Athenæum, Bury St. Edmund's.*

Old Buriians desirous of purchasing an Old Boys' Blazer are requested to entrust their order to Messrs. A. J. Ridley & Sons, Ltd., of Abbeygate Street, Bury St. Edmund's, who will, on receipt of order, despatch the necessary self-measurement form. The price of the Blazer is 45/-, it is also possible to obtain one at 37/6. These prices, however, do not include the Pocket Badge which is 9/6 extra.

Woollen Scarves may be obtained for 8/6. Any O.B. who desires a Silk Square of the O.B. colours should apply to the Hon. Sec. for estimate of cost.

The address of the Assistant Hon. Sec. is:—G. V. Richdale, "Courtieroy," Benhill Wood Road, Sutton, Surrey.

The Annual London Dinner of the Old Buriians' Association was held on Saturday, 26th January, at the New Criterion. Those present included D. Alston, J. N. B. Ashton, W. A. Crack, W. K. Firminger, G. D. Fulcher, L. Fulcher, G. W. Harding, C. J. Hinnell, T. D. Parks, G. V. Richdale, C. W. Turner, E. T. Whiting, and E. W. Wright. The Headmaster was the guest of the Association. Mr. C. W. Turner was in the chair, and in addition to speaking, he sang a song, and performed a very baffling conjuring trick. Other speeches came from the Headmaster, Archdeacon Firminger, C. J. Hinnell, and G. V. Richdale. Altogether it was a very enjoyable evening, and it is hoped that more Old Buriians will endeavour to be present next year. It was very gratifying to see O.B.'s from Bury, Norwich, and Guildford, but the Londoners were poorly represented. The date chosen for the dinner was undoubtedly unlucky. Although over 100 invitations were sent out nearly two months before the appointed time, yet nearly 80 Old Boys had previous engagements. In order that this may not occur at the Bury Dinner in July, the exact date is published in this copy of the *Buriian*. It is Saturday, July 27th.

The many friends of Eric and Dudley Hall will be pleased to hear that they are working hard and doing well at Chelmsford. Eric, who is in Crompton's, will have completed his apprenticeship in September, when he will be 21. He is maintaining the School's tradition for hockey and is the Hockey Secretary for the Y.M.C.A. Dudley, who is now in his second year as School Captain of Chelmsford Grammar School, has been

Captain of his House and all its games for 2 years. He passed the London Intermediate Arts Exam. in July and is now reading for an honours degree in English, having decided to become a schoolmaster. He is the Editor of the School Magazine—the first boy Editor—has achieved his hockey colours and been Acting-Captain, besides being Captain of Tennis, but was forced to relinquish the Points Swimming Cup after holding it for two years since the date of the Sports clashed with the Inter Exam. Amidst all these honours the thing he is probably proudest of is having been awarded the Public Spirit Prize of the School by Universal acclaim.

We are pleased to hear that T. Lloyd has got an appointment in the Hatfield Branch of the Westminster Bank. He began work there in February, and will sit in April for the Qualifying Exam. of the Institute of Bankers. All Burians of his acquaintance will join us in wishing him every success.

T. H. Phillips, who writes from Ajmer, India, having just recovered from an attack of jaundice, has sat for his 3rd Railway Exam. He wished to be remembered to all O.B.'s of his time and hopes to see them again in two year's time when he expect to be in England again.

Grudgings, who is studying engineering, and Burnside, who is on the staff of General Life Assurance Corporation, mix play with toil, and during the cold snap enjoyed skating on the Aldenham Reservoir.

Osborn is now at Kingston on Thames. Although he has to take things easy as yet, we are glad to hear he is contemplating getting back to work and is thinking of attending some technical classes as a beginning.

B. F. Lee is busily and happily engaged in the Felixstowe Branch of Lloyds Bank. He plays hockey in his spare time.

P. E. J. Bacon has obtained an appointment in the Head Office of the Norwich Union Assurance Co. May the good beginning be an omen of high success.

AN INVITATION TO OLD BURIANS.—As it is not possible in all cases, to send individual invitations, the Headmaster hopes that any Old Burian who may feel disposed to visit the School on the occasion of the Annual Athletic Sports, Thursday, May 9th, will be so good as to accept this notice as a personal and warm invitation to do so. Notice of intention to be present would be a great convenience.
