DINING HALL.

DINING HALL.

Editorial.

WE would draw our readers' attention, first of all to the picture of the School Dining Hall which appears on the opposite page and for which we are indebted to the Headmaster. The symmetry of the enlargement and the noble proportions of the room are observable from the plate which is from a photograph first taken by Mr. Jarman.

When the Summer Term comes everyone is pleased, and even the shy English sun peeps forth with smiling face. The first strenuous fortnight was spent in preparation for the Sports. E. G. Peppiatt, the Captain of the School, won the Championship, Husk and Gent being the runners-up. J. F. W. Calton became Junior Champion.

On Sports Day, the Mayor, Councillor S. M. Oliver, who is an Old Burian, asked the Headmaster to grant the School a holiday to mark his year of Office. This was duly granted and everyone thoroughly enjoyed an afternoon's cricket at the earliest opportunity and endorsed the opinion that "Sweating" in the sun was a thousand times better than "swotting" in the shade!

Report has it that by the end of the Season the 1st XI. will have played the record number of 21 matches. We trust they will continue in their present winning vein and besides bringing a very enjoyable season to a successful end cause the Old Boys to renew their youth.

Kindly meaning people frequently remind us that the main object of the Summer Term is expressed by a four lettered word which may be formed by putting together the initial letters of these paragraphs. To this verdict most of us have submitted cheerfully; and having endeavoured to do our duty and service, now wait hopefully for satisfactory results to follow.

Our Sapient readers will, no doubt, have noticed the number of pleasant things that belong to this term which begin with S; for example, Sports, Swimming, Strawberries, and perchance to enlightened minds, "Swotting." May we, in conclusion, recommend to their attention something even more pleasant which ends in S, and on the Seventeenth of September.

Obituary.

R. S. DEWING.

[With acknowledgements to the "BURY POST."]

The district has lost a familiar and much-beloved personality by the death on Wednesday, June 24th, at Newton, of the Rev. R. S. Dewing, Rector of Stowlangtoft and Vicar of Hunston.

He had retired from active duty only a short time ago for reasons of health, and his death took place a few days before the date when his resignation was to take effect.

At Christmas, 1980, he had a very severe illness, after which it was clear that he would never be able to resume his duties. The people among whom he lived were happy to feel, however, that he was still their Rector when he died.

His life had been that of a simple, straightforward country clergyman. He had lived that life to the full, never sparing himself and never failing in sympathy. He leaves among his friends a memory of absolute unselfishness and a clear picture of what a straight man is. Under very heavy trials he showed a great stoutness of heart, and an unquenchable spirit.

The Rev. Richard Standly Dewing was the second son of Mr. E. M. Dewing. He was born at Ashfield. His parents were Suffolk people who spent all their lives near Bury St. Edmund's.

He was educated at King Edward VI. School, Bury St. Edmund's, from 1865 to 1872, and at University College, Oxford, where he took his B.A. in 1878 and his M.A. in 1882. After ordination at Salisbury as deacon in 1880, and as priest a year later, he spent the first two years of his service in the church as Curate of Handley, Wiltshire. He held various other curacies, and then became Rector of Onehouse, near Stowmarket, in 1885.

He left there five years later to become curate at Great Waltham. From 1892 to 1905 he was Vicar of North Weald, and was for the next four years Vicar of Ford End.

In 1909 he returned to Suffolk on being appointed Vicar of Badwell Ash and Hunston, which livings he held for ten

years. In 1919 he resigned the living of Badwell Ash on being chosen Rector of Stowlangtoft, but he continued to be Vicar of Hunston.

He combined much outside church work with his parochial duties, and was keenly interested in the welfare of the villages of Stowlangtoft and Hunston. Mr. Dewing had served as Rural Dean of Thedwastre, and had edited the deanery magazine for many years.

He married Dorothea, second daughter of Mr. R. J. Petteward, of Finborough Hall, who predeceased him.

The funeral took place at Great Finborough on June 27th, where he was buried by the side of his wife, and a Memorial Service was held at Stowlangtoft Church on the Sunday evening.

The Sports.

Thursday, May 7th, was chosen for Sports Day. It proved to be an ideal one, and the events were well contested before a gathering of record size.

The Cross Country, Senior High Jump, Mile, and Cricket Ball had been contested previously, and to make room for a new event, a School Half-Mile, the Quarter was also run beforehand. A further addition to the programme was a Potato Race, which proved a very popular feature.

The result of the Cross Country came as a surprise to many, Gent, i., winning it comfortably, and Wyndham-Kaye followed by Butler being second and third. Gent also came in first in the mile, took second in the Quarter and also in the Half-Mile to Peppiatt's lead, thus establishing a big lead in the long distance races. Husk gained first place in the 100 yards and took points in 5 other events, and Peppiatt i. won points in 5 events.

Before the last of the Championship races, the new race, the School Half-Mile, the points were: Husk 28½, Gent 25, Peppiatt 23. The points for the 8 places in this event were 10, 5, 8, therefore whoever won it probably became Champion.

A very strenuous race resulted which Peppiatt won, Gent being 2nd and Husk 3rd. We shall always remember as an example of the real spirit of sport the incident of someone who was more interested in the success of another candidate warmly congratulating Peppiatt on winning the championship, and being one of the first to do so. Peppiatt won the Quarter-Mile for the second year in succession.

The prizes were presented in the Gym. to the successful competitors. The Mayoress, Mrs. S. M. Oliver, gracefully performed the ceremony.

After a vote of thanks to Mrs. Oliver had been passed with acclaim, the Mayor, who is an Old Burian, asked the Headmaster, amid cheers, to grant a holiday to commemorate his year of office. This the Headmaster consented to do, and it was enjoyed on the following Monday. After more cheers the Headmaster and Mrs. Wadmore entertained the visitors to tea in the Dining Hall.

London Letter.

The Editor of the Burian.

DEAR SIR,

The Annual Cricket Match and Dinner of the Old Burians' Association are being held on Saturday, July 25th. It is hoped that this year keener interest will be shown by Old Boys and that a large number will attend. It seems strange that more of us don't jump at almost the only opportunity we have of meeting our school-fellows.

At the meeting which precedes the Dinner it will be proposed that the Annual London Dinner (held usually in February) be discontinued, for it is thought that by so doing those who are in the habit of attending the London Dinner only will in future come to the Bury function in July, thereby increasing the attendance at the latter.

The concluding paragraph of the notice we have just received re the July gathering, "reminds us of the pressing need of changing-room accommodation for Royalists and visitors to the School," and asks for our support in order to provide this. Building alterations have fairly recently been carried out at the School, and it seems a pity that the Governors apparently could not see their way to do something about this at that time. Surely the financial position of the School is not such that the fulfilment of pressing building requirements depends on the support of Old Boys!

Everyone will be sorry to hear that W. A. Crack wishes no longer to act as Hon. Secretary to the O.B.A. He has done very good work in this position for many years; it is a job which needs a deal of effort and reaps little reward. Our profound thanks are due to him for his able services so willingly given.

In my last "London Letter" I tendered a very snappy bit of news about one of our Old Boys, but unfortunately what was eventually printed in the *Burian* entirely destroyed the meaning of my remarks; therefore, as I am not keen on my name appearing after words I do not write, this time I sign myself simply,

O.B.!

[It is by no means unusual for Old Boys to be asked to subscribe towards School improvements. A precedent for this has already been established at Bury.]

We cannot entirely regret that the Editing of our esteemed correspondent's ironical paragraph took the snappiness out of it, but we trust that neither he nor his intended victim is now suffering from that distressful state of mind.—EDITOR.]

Hockey.

BURY SCHOOL v. OLD BOYS.

This match was played on the School ground on March 21st. The School team combined well, but the Old Boys failed to work together.

The game was very fast, and the School scored five goals before half-time, three of these coming from Tulloch.

In the second half the Old Boys pressed much harder, but thanks to the good work of the School backs, they failed to score, but two more goals were added to the School's total. Thus the final result was a win for the School by 7-0. Teams:

Bury School.—Secker, goal; J. Mitchell, Gent, backs; Rudd, Peppiatt, Husk, halves; P. Mitchell, King, Tulloch, Roberts, Higgins, forwards.

Old Boys.—French, goal; B. G. King, A. Bird, backs; T. Pike, Conlan, Juby, halves; J. Johnson, C. Burdon, A. Waugh, Randell, E. Baskett, forwards. H.I.R.

Cricket.

CHARACTERS OF THE ELEVEN.

- *J. P. K. MITCHELL (Captain). A keen captain who has worked hard for his team. Has a variety of batting strokes but should concentrate more on run-getting. In bowling should shorten and speed up his run and not check in delivery.
- *G. H. KING. A good all round player. A nice steady bat with several pretty strokes. A steady medium-pace bowler who has borne the brunt of the attack. A splendid slip field.
- *P. W. K. MITCHELL. A promising cricketer. A useful medium-pace bowler who can turn the ball both ways. He has done good service in the slips. Is developing into a forcing batsman and has played several good innings.
- *H. I. ROBERTS. A sound rather than brilliant wicket-keeper who has let very few byes pass him, held many catches, and is beginning to whip off the bails. A much improved bat.
- *M. C. C. HUSK. A strong but unreliable bat who has several good innings to his credit. He should avoid stepping in front of straight balls. A useful fielder, and with practice might make a bowler.
- †E. G. PEPIATT. A fairly sound fielder in front of the wicket who is not afraid of hard drives. He should use both hands and throw in more accurately. An unorthodox bat with several powerful shots to leg. Should develop a defence.

- †A. J. TULLOCH. A medium-pace bowler with a useful break. Is inclined to bowl short and sling. A good slip field when alert. Might make a batsman if he corrected his footwork.
- †J. P. A. GENT. A hard hitter. He should learn to time the ball better, play a straight bat and not hit at everything.
- †S. W. CLARK. A late comer into the team who has fully justified his inclusion. A good batsman with several fine scoring shots. Rather uncertain in the field. A promising wicket-keeper.
- †G. M. CHRYSAL. A plucky little player who shows promise. A steady bat who needs to develop off-side strokes. Should make a bowler. Slow in the field.
- J. F. W. CALTON. Should become a useful left-hand bowler. Lacks confidence and needs to practice batting assiduously. Slow in the field.

* 1st XI. Colours, 1931. † 1st XI. Half-Colours, 1931.

SECOND ELEVEN CHARACTERS.

- *H. S. SANDERS (Captain). Has fulfilled his duties conscientiously. His batting needs to be more enterprising. His fielding at times has lacked intentness.
- *J. S. BOYS. Should develop into a good all-round cricketer with practice. Batting aggressive, pulls too much and does not cover up sufficiently. Bowling too stereotyped. Is apt to be too easily discouraged.
- *J. A. RUDD. Batting unorthodox but improving; manages to get runs. Must learn to use his hands more in the field.
- *R. F. H. PUGHE. Batting stylish but ineffective. A smart fielder who is keen.
- *P. G. TILBROOK. Is developing into a useful bat. He is far too supine in the field. Must use his head more when bowling.
- †F. W. ORTTEWELL. A useful bowler. A fair bat, but must learn to deal with a leg ball. His fielding has steadily improved.

- †D. E. JAMBLIN. Has batted quite well at times, but must overcome the tendency to retreat to leg. His bowling and fielding are handicapped by refractoriness.
- †J. L. HALLIWELL. Batting is methodical but lacks determination and intelligent anticipation. His fielding is marred by nervousness.
- H. M. GRAY. A free batsman too often rashly aggressive. Must be more alert in the field and return the ball quicker. Should become a useful bowler with practice.
- H. C. G. H.-WRIGHT.—Batting promising but erratic owing to lack of confidence. Must be quicker in the field.
- H. R. SECKER. Must realise that indiscriminate hitting is not the way to get runs. Must take the ball more cleanly at the wicket.

Also played:—

- A. M. LLOYD. A slogger who must learn to play strokes. Fields well at times.
- G. EVANS. Shows promise in batting. Needs to improve his fielding. In both cases must concentrate on the ball. Should develop into a bowler with practice.
- E. SCARLATO. An unsuccessful slogger. His fielding is fair but he is apt to be sleepy.
- * 2nd XI. Colours, 1931. † 2nd XI. Half-Colours, 1931.

MATCHES.

BURY SCHOOL v. BURY THURSDAY.

This exciting match was played on the School Ground on Thursday, May 21st, in fine weather.

The School won the toss and batted first on a tricky wicket. From the start wickets fell rapidly and the School were all out for 20 runs in three-quarters-of-an-hour.

Like the School, Bury Thursday found runs hard to get. They lost six men for 14, but succeeded in winning by 2 runs.

In their second innings the School scored 88 for six.

King took five for 9, and Mitchell ii., four for 6. J.P.K.M.

BURY SCHOOL v. THETFORD GRAMMAR SCHOOL.

This match, played at Thetford, resulted in a loss by 9 runs after an exciting game.

The home team won the toss and elected to field first. The School's batting was not very striking, but was slightly better than in the last game. The School were all out for the small total of 45.

With this low figure to pass Thetford started quite confidently, but the bowling of King i. compelled attention, but the School's total was passed before the 6th wicket fell. However no runs were scored by the last 4 batsmen and the innings produced 54.

Had the School's fielding been anything like good the result would have been different. Too many runs were thrown away by careless returns to the wicket-keeper. M.C.C.H.

BURY SCHOOL v. BREWERY 2ND XI.

This match was played on the Victory Ground on Saturday, June 6th. The Brewery won the toss and went in to bat first.

After a poor start, the Brewery declared at 84 for nine, A. J. Brighton scoring 21, and T. Turvey 20. The School bowling was very weak, but the fielding was an improvement on the previous match. J. P. Mitchell and S. J. Pughe each held a good catch.

After the tea interval the School batted, but the side collapsed, no one being able to master the bowling of A. Buckle and C. C. Buckle. The School innings closed with the surprisingly low score of 17.

Thus the Brewery won by one wicket and 67 runs.

H.I.R.

BURY SCHOOL v. CLARE C.C.

Played Saturday, June 18th, on the School ground.

The School XI. batted first on a slow wicket, opening their innings with J. P. Mitchell and Clark i. The first six batsmen were dismissed before 20 runs had been scored. With the exception of Husk and Gent, who scored 15 not out and 17

respectively, the School batsmen relied more upon their visitors' fielding and upon byes for their total of 72 runs. A. Bareham took six wickets for Clare for 24 runs.

The first four Clare wickets fall for 26 runs. After this however the batsmen improved and by the fall of eight wickets had scored 88 runs of which A. Bareham contributed a forceful 40 not out. Mitchell i. took four wickets for 25 runs.

The School fielding on the whole was uninspiring; self-positioning and close attention were lacking. Scores:— E.P.

BURY SCHOOL.—Mitchell o, Clarke i. o, King 1, Husk (not out) 15, Mr. Swainston 4, Mitchell ii. 2, Pughe o, Peppiatt 1, Roberts 5, Gent 17, Extras 21. Total 72.

CLARE.—Nicholls 5, Banham 5, Dennis 16, Perry o, Wayman (capt.) 16, Bareham (not out) 40, Mansfield o, Boreham 8, Ager (not out) 3, Extras 1. Total 94 for eight. Parker did not bat.

BURY SCHOOL v. EAST ANGLIAN SCHOOL.

This match was played on the School ground on Thursday, June 18th. The School batted first and lost their first wicket when only 8 runs had been scored. The School collapsed very badly, only King, who batted steadily, scored over ten. Sparks obtained five wickets for 8 runs.

A shower interrupted play for a short time. The East Anglian School also started badly, losing their first three wickets for 10 runs. If it had not been for a partnership between Connell and Beeson, who scored 25 and 26 respectively, the East Anglian School would have collapsed also. However, they managed to pull off a win by three wickets and 27 runs. G.M.C.

BURY SCHOOL v. COUNTY SCHOOL.

This match was played on the School ground on Saturday, June 20th. The School lost the toss and the visitors went in to bat on a perfect wicket. The first few wickets fell very quickly and after twenty minutes' play five of the opponents had been sent back to the pavilion with only 10 runs on the board.

As the afternoon went on, the wicket seemed to get a little faster and the bowlers could get more "nip" out of it.

The visitors seemed in a very bad position, and only careful play saved them from a collapse. The rate of scoring decreased till the game became rather tedious both from the point of view of the fielders and spectators.

After an hour-and-a-half pegging away at the stumps the School dismissed the visitors for the modest total of 48.

The School opened their innings on a somewhat damaged pitch, which justified to some extent the bad start they made. Five wickets were down for 20 runs and only a quarter-of-an-hour to go, when Peppiatt sallied forth confident of pulling the game round. Combining powerful driving with shrewd judgment he made 81 in a quarter-of-an-hour, hitting freely all round the wicket before being bowled.

The School thus won an enjoyable fixture by three wickets and 28 runs. Scores:— J.P.A.G.

BURY SCHOOL.—Mitchell (capt.) 13, King 8, Husk 0, Mitchell ii. 7, Peppiatt i. 31, Pughe 0, Gent 9, Chrystal (not out) 0, Roberts (not out) 0. Bowling—King three for 14, Mitchell ii. three for 16, Mitchell i. nil for 8, Tulloch four for 5.

BURY SCHOOL v. THE TRADESMEN.

This match was played on June 25th at the Victory Ground on a very hot day. The Tradesmen won the toss and decided to put the School in to bat. The School opened poorly losing the first four wickets for 15 runs, the rate of scoring being very slow, but the latter batsmen did rather better and the innings closed for the modest total of 46.

The Tradesmen lost their first wicket for 1 run but, owing to several useful scores and mostly to a very valuable 22 not out by Davies, their last wicket fell at 80, thus beating the School by 84 runs after a very enjoyable game. Scores:—

P.W.R.M.

BURY SCHOOL.—Mitchell (capt.) 0, King 9, Husk 0, Mitchell ii. 6, Peppiatt 4, Chrystal 4, Clark (not out) 8, Gent 3, Roberts 0, Tulloch 0, Calton 9, Extras 3. Total 46.

TRADESMEN.—Twissole 1, Randall 3, Smale 11, Garrard 3, Sewell 8, Lacey 12, Fulcher (capt.) 11, Davies (not out) 22, Jones 0, Pike 2, Thwaites 5, Extras 2. Total 80.

BURY SCHOOL v. MR. E. L. D. LAKE'S XI.

This pleasant fixture resulted in the best match of the season. The School batted first, and against an array of talent, obtained 93 runs, on a perfect wicket in perfect weather, Clark being highest scorer with 27. D. Fulcher showed his old-time skill at bowling, getting four wickets for 20 runs. Wickets fell fast when the School bowlers, Mitchell ii. and King i. got into action, four going down for 7 runs. H. J. Bird, however, kept his end up, and after the tea interval was supported by J. Ashton, and Bevis who scored 12 and 24 respectively. The eighth wicket fell at 76, Mr. Lake then joined Bird and together they carried the total to 116, both being undefeated. Bird who went in first played a fine innings of 62 not out. Mitchell ii. bowled well and obtained five wickets for 88 runs. Roberts added to his prestige by letting no byes past on a very fast wicket. Scores:

SCHOOL 1ST XI. v. BREWERY 2ND XI.

In the return match against the Brewery, played on the School ground, on Saturday, July 4th, the School avenged the defeat suffered a month previously.

The School captain won the toss and put the visitors in to bat. A. R. Balmer and F. Keeble (27 and 18, not out) compiled the majority of the visitors' total of 48 runs. King bowled well for the School, taking eight wickets for 14 runs. The School fielding still left a lot to be desired, especially in the matter of catches.

The School batting opened with J. P. Mitchell and Roberts who were soon dismissed. Husk and King, by steady

batting, pulled the score up to 80 for two wickets by the tea interval. The Brewery had the misfortune to lose one of their bowlers through injury shortly after tea.

After tea Husk and King carried the score to 40, when King was dismissed with a creditable 16 to his name. Mitchell ii. joined Husk and scored the winning run half-an-hour before time. At 61 Husk was bowled, having scored a useful 24 without giving a chance. The score was carried finally to 80 for six wickets. Scores:— E.P.

BREWERY 2ND XI.—F. S. Balmer o, A. R. Balmer 27, Buckle o, Nunn 1, Bridge o, Bevis (capt.) 3, Keeble (not out) 13, Poppo o, Hall o, Brighton o, Sparrow o, Extras 4. Total 48.

BURY SCHOOL.—Mitchell 2, Roberts o, Husk 24, King 16, Mitchell ii. 15, Peppiatt (not out) 8, Clark 7, Chrystal (not out) o, Extras 8. Total (for six wickets) 80. Calton, Gent, and Tulloch did not bat.

BURY SCHOOL v. THE SCRIBES.

This match, played on July 11th, was a most enjoyable one. The visitors batted first and compiled 60. Diss, our old C.S. rival, scoring 26. Mitchell ii. and King shared the 27 wickets equally for 27 and 81 runs respectively.

The School innings began disastrously, four wickets falling for 20 runs. At five minutes to time there were 13 runs to get and three wickets to fall. At the fall of the seventh wicket the visiting captain sportingly suggested an extension of time, if necessary, to enable a finish, and this was willingly agreed to. The School captain put in his sloggers with instructions to play their own game. Gent i., after a couple of good shots, for the winning hit drove the ball for 60 to the top of the pavilion. Scores:—

THE SCRIBES.—Armstrong o, Edgar 1, Cosham 10, Diss 26, Haylock o, Gray 10, Green 1, Chinery o, Cooper o, Barwell 10, Hodgson o, Extras 2. Total 60.

BURY SCHOOL.—Mitchell i. 1, Roberts o, Husk o, King i. 8, Mitchell ii. 12, Peppiatt 11, Clark 7, Chrystal o, Calton 6, Gent 10, Tulloch 2, Extras 10. Total 67.

The team's first game was against Mr. Barker's XI. An even game resulted in a draw. Tulloch hit up 20 (not out), and Mitchell i. got six wickets for 1 run.

The County School away match was stopped in its early stages by rain.

Ely proved too strong for us in both matches. The home scores were 115 and 39. The away match was largely marred by a missed catch and an inferiority complex. Scores: 243 for eight and 44. Tulloch took four wickets for 28 and a splendid catch in the slips.

The Inexperti, who declared at 65 for nine, were easily beaten. The XI. scoring 72 for three, of which their captain compiled 28 as first wicket. Mitchell ii. obtained four wickets for 15 runs.

The away match against the East Anglian School resulted in a draw. Six of the E.A.S. wickets fell for 67, but Beeson who got 51 (not out) and Hughes made a stand which brought the total to 103, at which the innings was declared. Mitchell ii., who got three wickets for 17, strained himself and was unable to bowl further. The School played out time for the small total of 24 for eight.

A win was registered against Mr. Manley's XI., the scores being 77 and 26. King bowled well, getting six wickets for 13, and Mitchell ii. was deadly, he took three wickets in 5 balls, and only 4 runs were scored off him. Tulloch hit up 25 in a couple of overs.

ROYALISTS v. FOREIGNERS.

This exciting match really began before breakfast and would have continued throughout the morning but for the unreasonable demands of ruthless Masters. At lunch it broke out again and by 2.30 the situation had developed to fever pitch. Then the Foreigners were seen gaily trooping forth from the pavilion. The band consisted of 11 good men, 9 of whom were of 1st XI. status. Meanwhile the Royalists with stout hearts but trembling fingers put on the biggest pads they could find, selected their luckiest bats and started in solemn procession to and from the wicket, to which, with one exception, they seemed to have a great aversion. Their captain, King, however, showed his appreciation of a good pitch by remaining on it long enough to score more than half of the Royalists' total, 19. Mitchell ii. experienced some difficulty in getting the wickets opposite him to stay up; eight fell for 9 runs.

The Foreigners then went in with high hopes and what skill they could command. Husk expressed his satisfaction with the bowling by repeatedly attempting to perforate the fence with the ball. He tired of this pastime at 24 and no one else was quite so aggressive, four Foreigners being content to imitate the dying duck gesture that six Royalists had previously perpetrated. The innings ended for 69. The Dayboys then hastened home with sore hearts and soaked handkerchiefs. Before the Foreigners thought of celebrating their triple win by triumphantly quaffing the Dayboys' tears from the Games Cup they had won. Scores:—

Games Review and Prospect.

The first fortnight of the term was pleasantly spent in training or watching others train for the Sports. For once this period and Sports Days itself were fine and warm.

The events were well contested and the Championship was undecided until the last School event, Peppiatt i., winning it and the coveted honour. Husk and Gent i. being the runners up. Calton carried off the under 15 Championship, with first places in two out of the three events.

The cricket season has been thoroughly enjoyed. With fine weather, many matches and a perfect bill of health, all have had opportunity to play the game daily, and a great all round improvement has resulted. It has been possible to give younger players nets fairly regularly and the Captain's extra evening net for members of the team has been a pleasing and profitable feature of the season, but the invasion of junior games by bigger boys is a perversion of cricket and seems only to have confirmed those who 'slog' in the error of their way and consequent inability to make runs in their own class. The second XI. have played with grit and evidenced considerable skill. The match experience they have gained this season and the team spirit they have shown, should, with dogged determination and continued practice make them a hard team to beat next year. The younger boys also show a pleasing amount of ability and admirable keenness. Those who really

want to be cricketers should learn before next season commences how to pitch a ball exactly where they want it, then they will have little difficulty in learning where the batsman doesn't want it pitched, and besides routing their rivals in matches, they will be able to give invaluable assistance to their own batsmen in the nets. Meanwhile, also, young batsmen might practice playing a straight bat, so that it will be a habit by next May. A look at the scores and averages should convince sceptics that the habit is not only worth acquiring but essential. May you practise hard and as a result enjoy many perfect innings. We look forward to enjoying them too.

Football now seems remote, albeit in 7 weeks we shall be enjoying the Winter Term and game.

It seems likely that few veterans will remain to grace the XI., so there should be considerable competition for places and we expect to see a lively young team winning glory for the School and honours for themselves. A list of fixtures arranged to date is given elsewhere. May we remind players that red stockings are honours and may not be worn till awarded.

In conclusion, we most heartily thank all who have helped with the games. Their invaluable assistance and the keenness of the players should make this season as profitable in result as it is pleasant in remembrance.

The Cross Country Race.

Several days before this eagerly anticipated event one hears remarks such as these: "Cross Country on Monday." "Who do you think will win?" "Are you in for it?" "No! I can't get round yet."

When the day of the race comes the runners are excited, and some even sacrifice second helpings at lunch for fear of having too much weight to carry. The nearer the time comes the more thoughts tend to wander, even in School, back to the event.

At last we are lined up, and eager faces turn to watch the starter's handkerchief float towards the ground, whilst excited hearts beat faster.

We are rushed off before a bus overtakes us and a fast pace is set up the slope. At the top Husk takes the lead closely followed by Gent, and soon the runners are strung out in a straggling line.

Before long the leaders are challenged and a sudden spurt gives L. P. King the lead though Gent and Husk are not far behind. In Hardwick Park, Wyndham-Kaye forges ahead with Gent at his heels. The course is now fairly level through fields, but at length, at what interminable length! there comes a very rough and rutted lane leading to Fulcher's Farm. At the farm Gent gradually draws ahead.

Soon the last stretch, along the main road, is reached, and all pluck up courage and attempt to run faster than before. Slowly Gent increases his lead till at the winning post he is 150 yards ahead having run the course in the excellent time of 28 mins. 88 3/5 secs., only 20 seconds beyond the record. K.

O.T.C. Notes.

Our usual Summer Term programme has been adhered to, and I should like to commend the keen spirit in which all have carried out their duties.

Four items in particular deserve mention. First of all, the Annual Inspection, carried out by Colonel Bald, D.S.O. Efficient work by all ranks earned us an excellent report, quoted elsewhere.

Secondly, Olympia. Thirty-six Cadets attended (two only being lost in Epping Forest).

Thirdly, shooting. So far we have used our own miniature range and the 80 yards range at the Depot. Peppiatt i. has won the Lord Lieutenant's Cup. Seven Cadets are to fire over the open range at Barton Mills for the Callis Memorial Cup, M. C. Husk, N. A. S. King, P. W. K. Mitchell, E. G. Peppiatt, A. Tulloch, D. Porter, G. H. King.

And lastly, Camp. At the moment seventeen Cadets have expressed their intention of attending. We are small in numbers perhaps, but, as the Inspecting Officer said, that is counter-balanced by the right spirit.

I should like to take this opportunity of thanking Sgt. Husk for the admirable way he has carried out his duties. We regret that we shall not have him in the coming year.

R. W. ELLIOTT, 2nd Lt.

COPY OF THE INSPECTION REPORT.

DRILL.—Good. The Contingent was steady on parade. The march past was well done. Arms were handled with precision.

WEAPON TRAINING.—On sound lines. Good knowledge was shown by Non-Commissioned Officers and Cadets. The results of range practice were satisfactory.

MANŒUVRE.—An attack executed by the platoon was well done. The respective roles of rifle and Lewis-gun sections were understood. Non-Commissioned Officers exercised effective control. All ranks were alert and very keen.

DISCIPLINE.—Very good.

TURN OUT.—Good.

ARMS AND EQUIPMENT.—Well cared for.

GENERAL REMARKS.—Though small in numbers, a good contingent imbued with the right spirit.

Scout Notes.

The outstanding event of the term was the Troop Outing which took place on June 2nd. The route taken was via Brandon and King's Lynn to Sandringham and Hunstanton, at both of which places we made short stops.

We then proceeded to Brancaster where we had lunch on the beach. This spot, with its sandhills and marshes and large stretch of sands proved to be ideal for a stay of three or four hours, in fact we were all sorry we had to leave so soon.

The weather had been dull early, but cleared up and was beautifully fine in the afternoon.

After leaving Brancaster we greatly enjoyed the run along the coast to Cromer, and inland to North Walsham, where an excellent "high" tea, to which we did full justice, awaited us.

The outing was a great success and one which will long be remembered.

We have made considerable progress with signalling, but unfortunately we were so far behind at the beginning of the term that we have only now reached a useful state of proficiency.

I would like to impress on all members of the Troop the importance of making all the progress possible with indoor work and tests during the Winter terms.

We have paid a number of visits to the "Glen," and on Tuesday, July 30th, a large number of boys passed firelighting and cooking tests.

Old Boys' Notes.

E. C. Aldridge, 1888-92, called at the School on June 12th, and went all over the buildings. He had much to say about the old times when this building was first occupied and the pleasant changes and improvements that have since accrued.

We are pleased to see T. H. Phillips in Bury again. He has come back on 6 months' furlough from India where he is engaged in railway work at Ajmir.

Those who know R. Parmenter will be sorry to hear that he has been in hospital with acute anaemia. At one time his life was despaired of but blood transfusion was resorted to and he is now well on the road to recovery.

We are glad to hear that B. J. Wright has obtained a civil service post in Queen Anne's Bounty Office.

D. K. Hall has migrated to London and is doing well at University College. In his first year exam. he got three first class certificates in Languages heading the list in Old English and Gothic. In sport he has had to confine himself to swimming and has passed the award of merit exam. in proficiency at life-saving. Everyone will wish him well in his Finals.

G. F. Bell is also in town, at Maples where he sees something of another O.B., T. Pellew. He has taken up rowing and met Bob Windsor at the boat-house, who is doing well at Morley's.

Hornby is finding his lines cast in pleasant places. He is schoolmastering at Boundary Oak School, Purbrook, Hants.

Grudgings is doing well at the School of Engineering, and Smith at the Polytechnic, both have taken up rowing, and Smith, who is in the Poly. School's 1st eight, has helped to put his boat 10 places up in the Head of the River Race this season.

Burians will be pleased to hear that E. T. Whiting has been awarded a three years' Trainee Course by the directors of the Unilever Organisation. Those who know him will be able to visualise him as a future Captain of Industry. Between the hours of intensive work he keeps fit by playing cricket and rugger, and finds opportunity also for rowing and service in the H.A.C.

Captain James Ashton, R.N., D.S.O., who was at the School from 1897 to 1899, has visited the School this term. He is an Engineers Captain in the Navy. His address is 95, Woodside, Wimbledon, S.W.

C. R. Richdale (879) has been promoted Provost Marshal and Deputy Chief of the R.A.F. Police. There were more than 200 applicants, of whom he was the youngest.

G. V. Richdale has been awarded the Diploma of the Bankers' Institute for Spanish.

Mr. S. S. Strickland, an Old Burian, of Abbeygate Street, Bury St. Edmund's, has been appointed as Agent for the supply of Old Burians' Ties, Scarves, Blazers, etc., and Old Burians who are desirous of purchasing Ties (silk, 4/6), Scarves, Blazers, etc., should entrust their order to Mr. Strickland who will, on receipt of their order, attend to same without delay. Mr. Strickland has taken over the sole agency for Old Burian Ties and the Hon. Secretaries have relinquished their interest in the sale of the same, as it has been found more convenient to allow Mr. Strickland to deal with orders direct.
