Editorial.

PROVERBIALLY, school memories are short. Even so, the present term has been so packed with events that it will not soon be forgotten. Speech Day, with Admiral Richmond's inspiring address: the excursions of November 6th to London, and to Cambridge, both quite out of the ordinary: the re-birth of the school Dramatic Society, and its courageous venture; all these, and many other events, duly chronicled within, have made an enduring chapter of school history.

We owe it entirely to the good offices of our Comptroller that we have enjoyed such a wonderful succession of eminent Speakers at our last five Speech Days—Professors Trevelyan and J. J. Thomson, General Birdwood, Colonel Lenox-Conyngham and, this year, Admiral Richmond. It is no small honour, and no small service to the school, to have such distinguished visitors. This year's Speaker was quite admirable, not only for his interesting and practical address, but equally for the intimate and friendly relations he established with his audience from the first words he spoke. We reprint his address in full with grateful acknowledgements to the *Bury Free Press* for its kind permission to do so.

As to the Dramatic Society, we cannot praise too highly the enterprise, the zeal and the unflinching exertions of all those taking part in the forthcoming plays, or concerned behind the scenes in their production. At the outset there were considerable difficulties to be overcome and risks to be taken: real courage was called for. That almost all seats should have been sold ten days before the performance is a striking mark of public approval, which all concerned are doing their utmost to deserve.

Our Football Elevens, if not always victorious, stimulated by their captains' example, have played hard and with ever increasing skill. The coaching of Mr. T. Pike, the recently appointed Manager of the Bury Town F.C., who has been able to give us his services most Thursday afternoons, has been an

inspiration. His knowledge of, and enthusiasm for the game, together with his gifts as coach, have been simply splendid, and we cannot thank him enough. Many a boy, in after years, will have good reason to remember the Football term of 1935.

Next a few words as to some special features of this Number. First, the frontispiece, for which our sincere thanks are due to the photographer for his skill, and to the *Bury Free Press* for its very kind permission to make use of the block, gratis. May we assure our Contemporary that this courtesy and generosity are thoroughly appreciated.

Then the School List, which will be found on a later page; the very substantial increase in our numbers will be noted with satisfaction. May we tell our friends that we regret very much being obliged, from motives of economy, to print the list only once a year; until our adverse balance of unpaid subscriptions is wiped out we have no option. Meanwhile, as the names of boys leaving, and entering, the school are given in each Number, it is not a difficult matter to bring the List up to date. We are grateful to a correspondent who suggested the Staff List should be added; this suggestion has been followed.

Old Boy Notes are a stronger feature than ever—thanks to a number of Old Burians who have kindly sent us news of their doings. May we urge every Old Burian who happens to read these words to ensure we have his correct address, and the latest news of himself. There is no better way of keeping in touch with contemporaries than to subscribe to *The Burian*, and keep the Editor informed.

It is with deep regret that we call attention to obituaries of the Rev. A. W. Callis, Headmaster 1894—1908, and of the Rev. H. Ingate Kilner, S.B. 1861—1870; many of the older generation will mourn their passing.

In conclusion, we trust it is now evident that this ancient school is as vigorous as ever. At Speech Day the question was put, "What can I do for the school?" To this the only answer is, "My best": nothing but the best is good enough for so famous a foundation.

Best wishes for a happy Christmas and a healthy New Year from

THE EDITOR.

Speech Day.

Held on Thursday October 17th at the Athenæum, this was a memorable occasion. The day was fine, the room was packed and the proceedings ran smoothly.

The Comptroller presided, supported by the Deputy Comptroller, the Mayor, the Deputy Mayor and a number of the school Governors. The Speaker was Admiral Sir Herbert Richmond, K.C.B., Vere Harmsworth Professor of Naval and Imperial History in the University of Cambridge.

The Headmaster welcomed the visitors, with a particularly warm welcome for the distinguished speaker. He outlined what he thought the school should do for the pupil, and how parents could help the school to fulfil its functions. He recalled that at last year's Speech Day he had been able to announce the success of J. R. M. Wright in gaining his Degree with First class honours. Wright had now achieved further success by passing Part A of his Diploma in Theology, and by gaining the Thompson Prize for History. This year B. C. King had also gained his Degree with first class honours in Geology, and had been invited by his University to undertake a two-year course of post graduate research in this subject. Could there be better instances of the value to Bury St. Edmund's, and to West Suffolk of the 'educational ladder' spoken of last year? The first rungs of the ladder were here, in our school. Any boy who has sufficient ability, industry and ambition has exactly the same opportunity of mounting the ladder, as had Wright and King, even like them, to the topmost rung. The Headmaster detailed the successes in this year's school certificate examination, particularly those of J. A. Hutchison and O. C. M. Jennings in gaining Matriculation exemption. After thanking the Governors, the Staff, the prefects and all those who had shown kindness to the school, the Headmaster ended with an appeal for help in providing a changing room for the use of Royalists and visitors; many generous donations had been received, including an anonymous one of £20, for which he offered warm thanks.

Sir Herbert, who was listened to with rapt attention, touched briefly upon the fact that it was just over fifty years ago since he first went to sea. On a ship, he said, one met all sorts of conditions and all sorts of people, and had to learn what it was to give and take—to rub along with the other fellows, even though it was sometimes difficult, and to put up with discomforts without grumbling. In dealing with men he

could say as the result of long experience, that getting them to do things was never a matter of driving; it was just a matter of leading. "You have to get their confidence" he proceeded, "and when they trust you they will do anything for you. It is no good thinking you are going to get that trust without taking the trouble to earn it. You must lay yourself out for it, and one of the great ways of doing it—this is what I particularly want to tell you boys—is to trust them. If you trust people implicitly, even when they sometimes let you down, you will get the kind of service which is unbeaten. There is nothing better. To my mind it is a thing which you must build up in yourselves because it does not always come naturally. When we look round the world to-day, what do we see? Distrust everywhere. Now, I beg of you boys to see to it that you are going to trust each other. There will be difficulties, but they can be removed."

Sir Herbert impressed upon the boys the vital importance of knowing when it was right to say "Yes" or "No" and to stick to their word at all costs. There were, he asserted, people who were perfectly prepared to swim against the stream, indifferent to the opinion of the mob. They were the big men of the world, the men who had learned to say "No" when "No" was the right answer. It was not always easy. "If you are going to say 'Yes,' think it over first" was Sir Herbert's advice. "Look before you leap."

They had only to look at the trouble which was going on at the present moment at Geneva with the League of Nations to see that a great many people had said "Yes" rather lightly when they were asked to sign the Covenant. He thought a good many of them were afraid to say "No," because others said "Yes," and so when the great crisis of the present time arose and they were asked to fulfil their obligations, they were surprised and made excuses to get out of them. "Now when we say 'Yes' we must be sure we mean it," concluded the speaker. "That applies both to individuals and nations. It is said that an Englishman's word is his bond. I beg of you boys to remember that and determine you will never let down that tremendous reputation. Look before you leap and stick to your word like glue, because people will soon learn that when you say 'No' you mean it. Trust, mutual confidence and co-operation between all classes of men will follow—that's if there are such things as classes of men and if there are, I do not know of them. They will become bound together, will want to join together, and the world will become a better place than it is now."

THE PRIZE-WINNERS.

Sir Herbert then presented the prizes as follows:

Form V.—Cambridge Local School Certificate Examination, July, 1935: First J. A. Hutchison (F.); second, O. C. M. Jennings (R.). History prize, presented by the Rev. Canon W. T. Farmiloe, formerly Comptroller: First (of four "goods"), H. J. Nicklin (F.).

Form IV.—Summer term, 1935, term and examination: First, T. C. M. Marshall (F.); second, W. Webster-Parsons (R.).

Form III.—First, J. A. Cross (R.); second, P. E. Williams (F.).

Form II.—First, E. Wolfendale (F.); second, H. Iggulden (F.).

Form I.—First, W. I. G. Hynard (R.); second, H. G. Colson (R.).

Preparatory Form.—First, M. W. Neil (F.).

Forms I. & II.—Handwriting Prize, presented by Alderman J. Ridley Hooper: H. G. Colson.

R.—"Royalist" (day boy); F.—"Foreigner" (boarder).

The usual votes of thanks were passed, in the course of which Alderman A. Oliver Lusher said "he thought nobody would contradict him when, as a native of Bury St. Edmund's, he said how proud they were of their Grammar School, with its long history and fine traditions. There never was a time when a school of this type, and all it stands for, was more needed in this fine old borough than it is to day."

The Royal Wedding Day.

November 6th, 1935.

There had been a spell of fog for the previous day or two, but this all rolled away, and the sun rose radiant. By ten o'clock the school was deserted; the older boys had left for London, the rest for Cambridge. How the two parties fared is described below.

THE LONDON VISIT.

"A large party from the school had an enjoyable trip to London to see the play 'Julius Cæsar' at the 'Old Vic' Theatre. We left Bury by coach at ten o'clock, and had a pleasant journey, stopping at Epping for lunch. So good was the play that, at the conclusion, the curtain had to be raised several times. Leaving London soon after six, we reached Bury before ten. Many thanks to those who arranged such a splendid outing." J.C.B. & H.J.N. "After the play, we walked over Waterloo Bridge to the Strand Lyons, where everyone had a good meal. The waitresses thoughtfully provided paper bags for those who, having eaten all they could, felt they might need a few cakes later on. We returned home through Camden Town and Newmarket." T.C.M.M. (Apparently some slept. Ed.).

THE CAMBRIDGE VISIT.

(The account which follows was written by a boy of twelve; it is printed almost exactly as received. We feel sure due allowance will be made. Ed.).

"We started from the school soon after ten and caught a train at the Station. We arrived at Cambridge about twelve. We asked a taxi driver for a nice place to eat our sandwiches, he directed us to a river, which ran through Trinity College gardens, and there we had our lunch. We visited Trinity College and King's College; we saw a great many statues of famous men, the Chapels and the Senate House. It was about half-past three when we went to Lyons for tea. We caught a train back to Bury and then went to see "David Copperfield," which we all enjoyed. It was nine o'clock when we returned to the school. We were all glad to go to bed, as we were tired after such a day's outing." H.J.L.T.

A Visit to the Brewery.

One afternoon, a party of us were kindly invited by Mr. F. B. Bevis to pay a visit to the Brewery. We started with the Lab.; here we saw the hydrometers for determining the density of the beer, and a host of scientific things, all connected with the task of making a brighter beer without chemicals. In the sugar store, invert sugar was tasted with relish. Passing on, we came to the mash room, and so to the

fermenting vats. Cold rooms, bottling store and boiler house were all most interesting. In the maltings, we saw the neat piles of grain, sampled the barley in various stages, watched the malt being roasted, turned and dried over a huge furnace with a complicated thermometer. At each stage everything was explained by our guide who, I am sure, was cut out for a teacher. Five o'clock found us making a dash for the Abbey Gate before it shut, murmuring to ourselves "beer is best." O.C.M.J.

BURY SCHOOL v. THETFORD GRAMMAR SCHOOL.

At Thetford, on Saturday 6th October, the School Captain lost the toss and the School had to play against the sun and a slight wind.

Thetford were soon off the mark, and within a short space of time we were three goals down. At this point, the School did all in its power to reduce the lead but owing to weak finishing all attempts failed.

After half-time the School attacked strongly and scored two goals; the first by Fulcher and the second by Tooth. This put the Thetford Players on their mettle and before time they added three more goals. Team—

Bury School.—Clarke, goal; Chrystal i., Bocock, backs; Hooper i., G. H. Goffin, Watkins, halves; Gilchrist i., Fulcher i., Tooth i., Balaam, Nicklin, forwards. H.J.N.

BURY SCHOOL v. THE COUNTY SCHOOL.

The match was played away, under ideal conditions on Saturday 4th October. The School lost the toss and had to play against the wind and sun.

In the first minute the School went through and Nicklin just shot wide. After five minutes however, the County School took the lead with a great shot from their outside left. The School then became rattled and collapsed completely, and conceded six more goals before the interval.

Half-time; County School, 7; Bury School, 0.

In the second half the School defence improved, thus enabling the forwards to have more chances. However, the County School proved to be very safe, and chiefly through fine opportunism were able to score four more goals. Chrystal scored the School's solitary goal near the end.

The School lost because they were slow off the mark and would not tackle strongly. Nevertheless, Nicklin, Hutchison, Clarke and Chrystal should be congratulated on their great perseverance in spite of the determined opposition.

Result : County School, 11 ; Bury School, 1. Team—

Bury School.—Marshall, goal ; Tooth, Bockock, backs ; Hooper, Goffin, Hutchinson, halves ; Clarke, Fulcher, Chrystal, Balaam, Nicklin, forwards. G. H. Goffin.

ROYALISTS v. FOREIGNERS.

This usually keen game was made keener by two things. First the Games Cup (for Hockey, Cricket and Football) was decided by this match. Secondly, there was a new cup for the Royalist v. Foreigner Football Match, and the winning house would have the honour of being the first to have its name engraved on it.

Fulcher, the Royalist captain, won the toss, and elected to play downhill. After a Royalist attack had been repulsed, the play was in the Royalists' half, until Chrystal i. scored for the Foreigners. Ten minutes later, Nicklin scored for the Foreigners. Although Clarke initiated several attacks on the Foreigners goal, the Foreigners scored another three times, each time through Chrystal i.

Half-time score : Royalists, 0 ; Foreigners, 5.

After-half time, although the Royalists fought back fiercely, Chrystal again scored for the Foreigners, and soon after Goffin, the Foreigner captain, scored. Soon after Hutchison got the Foreigners' eighth goal with a shot from outside the penalty area. After a little more play, Rowley added to the Foreigners' score. Then the Foreigners had a great deal of difficulty to get the tenth goal. But in spite of the Royalists' stubborn defence, Chrystal scored his sixth goal. After that, there was no further score.

Result : Royalists, 0 ; Foreigners, 10.

Whilst congratulating the Foreigners on their win in a very fast game, it must be remembered that the Royalists had two of their best men, Marshall i. and Balaam, absent. Teams—

Royalists.—Stearn, goal ; Aitkens, Hooper i., backs ; Hooper ii., Fulcher i., (capt.), Pamment, halves ; Brennan, Clarke, Gilchrist i., Cross, Gibbins, forwards.

Foreigners.—Watkins, goal ; Bockock, Tooth, backs ; Groombridge, Goffin (capt.), Hutchison, halves ; Miller, Rowley, Chrystal, Tavener, Nicklin, forwards. T.C.M.M.

THE SCHOOL v. MR. CALTON'S XI.

Played at home on Saturday, November 9th, under ideal conditions.

The School won the toss, and decided to kick down-hill, there being no appreciable wind.

Our opponents set a fast pace from the kick-off, and for some time the play was mostly in the School half. Within ten minutes of the start, Fry, taking a free-kick against the School just outside the area, scored in spite of the narrow angle. Soon after the re-centre, our opponents again broke through, a shot from Orbell making the score 2—0 for the visitors.

This time the School attacked more vigorously, and after a few minutes, Chrystal scored off a centre from Nicklin.

After a period of fairly even play, a penalty was given against the School. Cooper scored with a forceful shot under the bar, bringing the score to 3—1 in the visitors' favour.

The School did not lose heart, however, but replied with a goal from Nicklin shortly before the interval.

Half-time score : 3—2 for the visitors.

Half-time over, the School attacked with renewed energy, and soon the score was equalised by another goal from Chrystal. At that time, the play was fast, both sides striving to gain the lead. Eventually, a piece of good luck put the School ahead. Morley miskicked the ball which cannoned off Chrystal into the goal, thus giving a 3—4 lead for the School. After this blow, the visitors pressed hard, and soon Fry ran through and

beat the goalkeeper with a low shot. The School, now playing well, were determined to at least draw. Fate was unkind, however, for with barely a minute to go, Baskett took a long high shot which bounced on the bar and into the net. Thus, the first home match of the season resulted in a 5-4 win for the visitors. Team—
E.P.W.B.

Bury School.—Marshall i., goal; Tooth i., Bocock, backs; Hooper i., G. H. Goffin (capt.), Hutchison, halves; Clarke, Fulcher i., Chrystal i., Brennan, Nicklin, forwards.

BURY SCHOOL v. KING'S SCHOOL, ELY.

This match, played at Ely on November 14th, proved that the School could play really good football.

Goffin, the School captain, having won the toss, decided to play down the slope.

Right from the kick-off the School attacked fiercely and bombarded the Ely goal; Fulcher and Chrystal both having bad luck with their shots. The Ely forwards only managed to make periodical attacks on the School goal and half-time arrived with the score 0-0.

The second half commenced with the School facing both wind and driving rain. The School defence held out the Ely forwards for a quarter-of-an-hour. But unaccustomed to the type of the pitch which grew more muddy as the game progressed, the School allowed their opponents to obtain three quick goals. After a good deal of mid-field play, Ely went further ahead, and before the final whistle blew had added four more goals to their score.

Credit must be given to the School defence for the heroic manner in which they held the Ely forwards, especially in the second half. However, our opponents left wing was allowed too much rope, and as a consequence goals resulted.

This enjoyable game ended in a win for Ely 7-0; the score against the School by no means signifying the true run of the game; during the first half the School were definitely on top. Team—

Bury School.—Marshall i., goal; Tooth, Bocock, backs; Hooper i., Goffin, Hutchison (halves); Clarke, Fulcher, Chrystal i., Tavener, Nicklin, forwards. B.J.C.

THE SCHOOL v. WEST SUFFOLK COUNTY SCHOOL.

Played at home, on Saturday November 16th. The visitors won the toss and decided to play downhill. For some time both sides were well matched. Towards half time, however, the School left wing, Nicklin, obtained a goal from a throw in near the goal line. To this the County School replied by scoring twice in quick succession, and after an interval, yet again. A drizzle now began, which made play difficult. Half-time score, County School 3, School 1.

The drizzle cleared soon after the resumption, and play was even on both sides once more, but towards the middle of the second half the County School scored again. A downpour of rain followed, and continued till the end of play, making the pitch very slippery. Five minutes before time the School centre-forward, Chrystal, scored. Final score, School 2, County School, 4. Team—

Bury School.—J. H. V. Marshall, goal; F. G. M. Hooper, Bocock, backs; Tooth, Goffin, Hutchison, halves; Clarke, Fulcher, J. H. Chrystal, Tavener, Nicklin, forwards. J.A.H.

THE SCHOOL v. H. S. SANDERS' XI.

Played at home, on Saturday, 23rd November, in ideal weather. The visitors won the toss and elected to play uphill. This put the School against the sun, making it difficult to watch the ball. First score, however, went to the School off a good cross shot from Tavener. Shortly afterwards, resulting from neat play by the right wingers, Chrystal scored a second goal. Soon after the interval, first Nicklin, then Chrystal scored, thus bringing the points to 4-0 for the School. The visitors now scored, but Nicklin headed another from a fine corner by Clarke. From this point onwards the School fell to pieces, and the visitors scored quickly, winning 6-5. The game was particularly exciting and enjoyable. Team—

Bury School.—J. F. V. Marshall, goal; F. G. M. Hooper, Bocock, backs; G. Tooth, Goffin (capt.), Hutchison, halves; Clarke, R. Fulcher, J. Chrystal, Tavener, Nicklin, forwards. G.E.G.T.

THE SCHOOL v. THETFORD GRAMMAR SCHOOL.

Played on Saturday, 30th November, at home, in dull but dry weather. Thetford won the toss and played down, making the most of this advantage. Now and again the School forwards broke away, but no goals resulted; each time the Thetford backs rose to the occasion, and cleared cleanly. After a ding-dong struggle in mid-field, our opponents moved the ball quickly and netted a goal; two more followed soon after. Once the School managed to reply through Chrystal. Hal-time score, 5—1 for Thetford. In the second half the School play was patchy, many goalward movements being stopped by the faster Thetford team. On the other hand the visitors scored three more well-earned goals. Once more the School scored through Chrystal. Play ended in a win for Thetford 8—2. Team—

Bury School.—J. F. V. Marshall, goal; F. G. M. Hooper, Boccock, backs; G. Tooth, Goffin (capt.), Hutchison, halves; Clarke, R. Fulcher, J. Chrystal, Aitkens, Nicklin, forwards. R.F.

THE SCHOOL v. KING'S SCHOOL, ELY.

This match, played at home on December 5th, was decided under unfavourable conditions for good football. Playing uphill, the School forwards could not combine, the two insides being particularly weak; the defence, though at first unsteady, only allowed the fast Ely forwards to score once before half-time.

Half-time: School 0; Ely, 1.

Soon after the re-start, Ely scored twice in quick succession. For a time, the school defence held out, but in the last ten minutes, it was unable to stand the strain, seldom relieved by the forwards, and collapsed completely.

Final score: School 0; Ely, 8.

Team—

Bury School: J. F. V. Marshall, goal; Goffin (capt.), Boccock, backs; G. Tooth, F. G. M. Hooper, Hutchison, halves; Clarke, R. Fulcher, J. Chrystal, Tavener, Nicklin, forwards. J.H.C.

CHARACTERS OF THE ELEVEN.

*G. H. GOFFIN (captain and centre-half). As a captain, by his enthusiasm has done all in his power to maintain a good spirit in the team. In his position of defensive centre-half, he marks the opposing centre-forward well. Must endeavour to improve the direction of his kick.

†R. FULCHER (inside-right). After a shaky start at the beginning of the season, he has steadily improved. His ball control is good, but he moves slowly.

*H. J. NICKLIN (outside-left). A very consistent winger who passes and tackles very well. He has a powerful shot, but should improve his corner kicking.

*E. P. W. BOCCOCK (left-back). An aggressive type of player with valuable heading powers. His kicking is strong, but he must recover quicker. Must cover his goalkeeper more.

†J. H. CHRYSAL (centre-forward). Has a good understanding with his wing forwards, and passes well. His ball control is fair, but his shooting could improve. Always a trier.

†B. J. CLARKE (outside-right). His excellent ball control has always had defenders guessing, and he has often made openings for Chrystal. By cutting in more should improve his scoring powers.

†J. F. V. MARSHALL (goal). Has many fine saves to his credit, but unfortunately has his "off days." He must use more judgment in coming out of goal.

- † G. E. G. TOOTH (right-half). When he marks his man more carefully he will be a useful wing half. His kicking is strong, and his tackling sure.
- J. A. HUTCHISON (left-half). Is keen and has dash, but is too wild in his kicking. Should be a reliable player when he steadies himself, and improve his ball control.
- F. G. M. HOOPER (right-back). Tries very hard, but lacks confidence in his ability. Has a useful kick, but spoils it by slow recovery.
- J. TAVENER (inside-left). Passes well at times, and has a strong kick, but he soon loses his nerve. Must keep his eye on the ball more. Ball control poor.

Also played—

- J. C. BALAAM (inside-left.) Owing to injury has been absent for most matches, and this has robbed us of one of our best players.

* Awarded Full Colours. † Awarded Half-Colours.

SECOND ELEVEN CHARACTERS.

- M. C. P. GROOMBRIDGE (captain and right-back). Has greatly improved since last season, but should try and be less clumsy. Must strengthen his kick, and cultivate a surer tackle.
- P. B. WATKINS (goal). A very consistent goalkeeper. His anticipation is very good, and he should now strengthen his goal kick.
- D. AITKENS (centre-half). As a defensive centre-half he has had a fair season. Can play at inside forward, but is too slow. Ball control good.
- P. BRENNAN (inside-right). A young player with fine ball control. Unfortunately too small for first team duty.
- E. G. MILLER (outside-right). Has shown keenness throughout the season. With more speed he should be a good player.

- J. A. CROSS (inside-left). Shows promise, but must not get downhearted so easily. Ball control good.
- A. GILCHRIST (centre-forward). Has dash, but owing to poor ball control loses the ball too easily. Must move quicker.
- F. B. ROWLEY (outside-left). Passes nicely, and is keen. Handicapped by size.
- J. HOOPER (right-half). Must cultivate more speed. Ball control fair.
- W. SMITH (left-half). Must overcome his nervousness. His consistent improvement is encouraging.
- H. J. GIBBINS (left-back). Handicapped by lack of weight. Shows promise.

Also played—

- PAMMENT (left-half). Has a good kick. Lacks the match temperament.
- HAWKSLEY (goal). Very keen, and is showing great improvement. Has a very powerful kick.
- HOLLIDAY (outside-right). Inexperienced, but shows promise.
- BOUGHTON (outside-left). A good young player who is very plucky.

	<i>Sixth Form Librarian :</i>	E. P. W. Bockock.
	<i>Fiction Librarian :</i>	J. A. Hutchison.
	<i>Second XI. Football Captain :</i>	M. C. P. Groombridge.

We congratulate Groombridge on becoming School Prefect and Head Boy, and F. G. M. Hooper on becoming School Prefect; also D. G. W. Aitkens, O. C. M. Jennings, H. J. Nicklin and J. A. Hutchison on becoming House Prefects.

We heartily congratulate J. O. Aitkens, J. C. Balaam, K. J. T. Fry, J. A. Hutchison, O. C. M. Jennings, H. J. Nicklin, H. C. Peppiatt, J. H. Tavener, and J. A. Youngman on passing the School Certificate examination of July last. Hutchison and Jennings are to be further congratulated on gaining London Matric. Exemption. Peppiatt kept up the family tradition by passing at the early age of fourteen; E. G. and M. E. Peppiatt were 14.2 and 14.8 respectively when they also passed.

At the kind invitation of Messrs. Mann Egerton & Co. the School were invited to see the film of the Austin Car at the Playhouse. Covering every phase of manufacture and use, the film was enjoyable and instructive.

The customary visit was paid to the Amateur Operatic and Dramatic Society's production, this year "The Maid of the Mountains." By general consent this was voted one of the best of a long series of excellent shows.

By the kind invitation of His Worship the Mayor, Councillor F. T. Bright, the School attended the Civic and Armistice Sunday Service at St. James' on November 10th, and the open-air Service at the War Memorial on November 11th. Thus to be included in the Mayor's escort is an honour the School prizes highly.

The Poppy Day Collection at the School realised a sum of over £2 0s. 0d., almost an average sixpence a head, a really good effort.

We understand that a Confirmation Service is to be held at St. James on March 26th, 1936; intending candidates should give in their names as early as possible next term.

The competition for the P.T. Cup, held on 26th July last, was won by the Foreigners with 78 points to the Royalists' 74 points.

The relay swimming race for the Mitchell Cup, held on the same date, was won by the Royalists by a good half length. Thus on the day's events, honours were even. Congratulations to both.

By the kindness and generosity of Mrs. John Greene the School has received a most handsome challenge cup, intended to perpetuate the memory of the late John Wollaston Greene, S.B.A., 1879—85, and for many years Clerk to the Governors. After careful consideration, the Governors have decided that this new cup shall be allocated to the Royalist v. Foreigner Football Match. Our sincere and grateful thanks are accorded to the donor of this appropriate trophy.

ROYALIST NOTES.

The Royalists have increased in numbers greatly. We welcome the new-comers, and feel sure they have soon learnt to like their School.

Congratulations to R. Fulcher on becoming Royalist Captain of Football.

Condolences to J. C. Balaam on being prevented, by an injury to his knee, from taking part in games for the greater part of the term.

FOREIGNER NOTES.

This term our numbers have remained steady; five stalwarts left, but their places have been filled by five newcomers. Half way through the term Webster-Parsons joined the Foreigners. We welcome them all.

Our most notable achievement this term was the victory in the Royalist v. Foreigner Football match by 10—0. We thus become the first holders of the new Challenge Cup, presented by Mrs. John Greene in memory of the late J. W. Greene.

Our Second XI. was also successful in winning the Grudgings Cup for the junior Royalist v. Foreigner Football Match. It was a well contested struggle; the first round ended in a draw; the replay was won only by the narrow margin of one penalty goal.

At the moment the Foreigners hold eleven of the twelve challenge cups, and though we view the growing numbers of the Royalists with concern, we look confidently to our younger members to keep the Cups in the Dining Hall.

The Foreigners continue to contribute more than half to the total strength of the O.T.C. We wish the best of luck to all candidates, whether boarders or day boys, who are to take the Certificate "A" examination next term.

P.T. has been carried on uninterruptedly, and we are looking forward to the competition, to be decided in a few days' time.

Except for a few slight colds, we have been free from all illness. H. Chrystal, however, has our sympathy for his injury; we are delighted to see him regaining his activity once more.

A word for next term: bring back no illness, and those Hockey sticks, and we shall see some hard Hockey prepares us for the Athletic Sports.

O.T.C. Notes.

We had a most enjoyable week's camp at Tidworth Pennings last August: the weather was perfect, and the training excellent, although the experiment of shortening the morning parade and introducing an afternoon lecture was not universally liked. The Tattoo at Tidworth Park was really impressive.

We recommenced this term with a large entry of recruits, and an increase in numbers. The recruits have been in charge of Sergt. Groombridge and Cpl. Bocock for drill, and of the Instructor from the Dépôt for musketry.

A good proportion of the trained cadets will sit for Certificate "A" next term; unfortunately some who are of age are debarred from sitting owing to not having been to camp.

We are most grateful to Major Backhouse, commanding the Dépôt, for arranging for us to watch the demonstration of "fire and movement" on Monday, December 2nd, and should like to take this opportunity of thanking him, and also Mr. Neep, for the kindly interest they have always taken in the work of the Corps, and of wishing them well in their new spheres of activity.

PROMOTIONS.

Corporal Groombridge to be Sergeant	17-11-35.
Lance-Corporal Bocock ,, , Corporal	17-11-35.

Scout Notes.

The numerical strength of the Troop, which dropped considerably at the end of last term, when some twenty Scouts left it for other spheres, was brought up to normal by new boys. We trust that those who have left the Troop will remember they have not left Scouting, and in particular will not forget their promise "to suppress self in service for others." Those new to Scouting must realise that, more than the wearing of a special uniform covered with badges, more than special games and parades, Scouting stands for honourable, straight and unselfish dealings in all things.

The Annual Camp, held at the end of the Summer term, at Eccles, was a tremendous success. The splendid weather contributed to the general enjoyment, especially the French Scout, who was our guest this year. He quickly made friends with his brother Scouts, and many of us were surprised to find how much we had in common with the stranger.

Our warmest thanks are due to Mr. J. Middleton for lending us the site, and for befriending us in all sorts of ways; to Mr. White for his invaluable help in the running of the camp, and to those many parents and friends who generously provided welcome gifts of sweets and soft drinks.

This term we have been carrying out a scheme of games and practices designed to provide a training in Pioneering; complimentary to the course in Observation, carried out last term.

Last term the "Rams" won the Patrol Shield with a lead of 64 points over the "Hounds." The S.M.

School Visit to France.

We hope it may be possible to arrange for a party to visit France during either the Easter, or the Summer holidays. There are several centres where organised school parties are catered for at very reasonable rates; for instance, eight day trip to Paris, £5 6s. 0d.; to the Brittany coast, £5 16s. 0d.; to Grenoble (Alps) for ten days, £7 15s. 0d. These are last year's figures but there will not be any great change this year; they include third class travel from London to destination and return, accommodation at hotel-pensions, motor transport to and from hotels, etc. The value of such visits cannot be over emphasised, not to mention that they form a most enjoyable change. These suggestions are put forward now in the hope that all likely to be interested may consider them early, and that a party may be formed before other schools have taken all the best dates and the best accommodation. Mr. F. H. Swainston has kindly undertaken to answer any questions, to make the arrangements, and to take charge of the party, should one be formed.

Sixth Form Library Notes.

There has been a gratifying improvement this term in the matter of keeping the Library clean and tidy. On account of checking and re-arrangement, no holiday books will be issued at the end of this term. The Librarian requests that those who make use of volumes of the "Encyclopaedia Britannica" will not keep them longer than a day, and that they will take even greater care of these bulky volumes. He wishes to acknowledge the presentation by Mr. R. W. Elliott of several most useful English Literature books. E.P.W.B.

Fiction Library Notes.

The newest books have been seldom in the Library this term, although a considerable number of new volumes have been added. Thanks are due to the Headmaster for the Astronomer Royal's book "Worlds without End," and to P. B. Watkins for several volumes of short stories. The Fiction Librarian request those using the books to be more careful not to leave them lying about: this applies more to the junior members of the House. J.A.H.

The Plays.

It all began last Summer term with a casual remark. The idea took root and, before the Summer holidays, the resolve was formed. Looking back, after such a triumphant success, it is strange to recall the doubts and difficulties which appeared to confront the project when, early this term, we began to consider ways and means in detail; suffice it to say that, between us, a possible deficit was envisaged and guaranteed. Three short plays were decided on, and preparations were commenced in earnest.

Actually, the response has exceeded all expectations. Both the players and also the indispensable corps of backstage assistants put all they knew into their tasks. Stage equipment and machinery were forthcoming with the most hearty good will from all sorts of quarters. No sooner was our public notified, than the demands for seats almost swept us off our feet.

To erect the stage, install the lighting, arrange the scenery and provide for its frequent changes, all in the short space of two days, demanded an intense and concentrated effort. All was punctually accomplished.

Even the weather favoured our effort; the night of the performance, December 3rd, though cold, was dry and clear. The audience flocked in, expectant, and every seat was occupied.

Comments on the result are best given in the following accounts, reproduced by kind permission from, and with grateful acknowledgments to, *The East Anglian Daily Times* and the *Bury Free Press and Post*.

East Anglian Daily Times, December 6th, says:—

The enthusiastic audience first saw Ian Hay's rollicking farce "The Crimson Cocoon."

The part of the waiter, drew shrieks of mirth from the audience, and Nitro Gliserinski made a first-class villain. Nancy Jabstick was a bewitchingly attractive blonde, and Madame Gliserinski an equally attractive dark beauty. These female impersonations were outstandingly good.

J. J. Bell's "Thread o' Scarlet" is a grim play, extremely dramatic and, like Lord Dunsany's "A night at an Inn," was

written at a sitting between ten o'clock at night and four o'clock in the morning. The action of the play takes place in the parlour of a village inn on a stormy winter's night.

The dramatic qualities of "The Thread o' Scarlet" were fully exploited. The portrayal of Breen was little short of being masterly. The three village tradesmen, Miggsworth, Smith and Butters, sustained their parts with much credit, and the traveller revealed his possession of a fine speaking voice. The stage setting was admirably conceived, and the display of up-to-date advertisements, "Beer is best," provided added realism. The noises off, the moaning wind, lightning and sleet drumming on the window panes, were very effective.

John Drinkwater's "X equals O," penned in beautiful blank verse, is probably one of the finest one-act plays ever written. The play is a striking treatise on the stark horrors and utter futility of war. The many exquisite lines demand an artistic interpretation, and in this connection the players deserved the laurels of the evening. The action is at night, some nine years after the start of the Trojan war, and the first scene opens with two young Greek soldiers meditating about their homes and loved ones and then about war.

In the second scene, two Trojan soldiers speak in much the same fashion. Iilus expresses a thought, "We are all so truly made, if only to our making we were true." The climax to the play comes when Pronax, after having killed the Trojan Capys, discovers that his friend Salvius has suffered the same fate.

The presentation of this classic was easily the most exacting undertaking of the evening, and the young players rose to the occasion splendidly.

The Bury Free Press and Post of December 7th, speaking of the third play, "X=O," says:—

There are two different scenes in the play, "A Grecian tent before the walls of Troy," and "The walls of Troy." Both these are suggested by careful curtaining and lighting. Pronax and Salvius carry the bulk of this play and both boys delivered their lines with dignity and a strong sense of the stage. Their diction left nothing to be desired and really one must bracket them together for performances of a very high artistic order.

Ilus spoke the blank verse with a clarity of diction and in a manner which many professionals would do well to emulate. Capys was wonderful in his soliloquy just before his death at the hand of Pronax, and this was a scene very well acted. Sentinal completed an admirable cast.

The plays and the players were as follows:—

“THE CRIMSON COCOANUT”

An Absurdity by Ian Hay.

CHARACTERS.

Jack Pincher (a Detective)	J. C. Balaam.
Robert (a Waiter)	M. C. P. Groombridge.
Mr. Jabstick	J. A. Hutchison.
Nancy Jabstick (his Daughter)	W. E. Smith.
Nitro Gliserinski (an Anarchist)	G. E. G. Tooth.
Madame Gliserinski	G. B. Hawksley.

“THREAD O’ SCARLET”

Drama by J. J. Bell.

CHARACTERS.

Landlord of Inn	J. F. V. Marshall.
Migsworth	F. G. M. Hooper.
Smith	H. J. Nicklin.
Butters	K. E. Bird.
A Traveller	R. H. W. Burgess.
Breen (an Odd-job Man)	G. H. Goffin.

“X = O”

A Tale of the Trojan War by John Drinkwater.

CHARACTERS.

Pronax (a Grecian Warrior)	B. J. Hughes.
Salvius (a Grecian Warrior)	O. C. M. Jennings.
Ilus (a Trojan Warrior)	T. C. M. Marshall.
Capys (a Trojan Warrior)	J. H. Tavener.
Sentinal	E. P. W. Boccock.

Those engaged behind the Scenes, on whose efforts almost as much depended, were:—

W. W. Parsons, C. R. Pamment, B. S. Holiday, J. M. Hooper, P. W. R. Parkyn, B. J. Clarke, J. H. Chrystal, E. F. R. Stearn, F. B. Rowley, E. J. R. Ainley, D. F. Barnard, D. A. Aitkins, H. J. Chrystal, H. J. Gibbins, P. R. Brennan, F. J. Crawley, J. A. Cross, A. R. Gilchrist, R. Fulcher, C. T. Champness, G. F. Bevis, P. E. Williams, T. C. Gilchrist.

It is impossible to assess the full result as yet; that our audience were delighted is evident, and this is our real reward. We can also state that, thanks to many generous contributions, and to the sale of every seat in the hall, the total receipts were more than £80 Os. 0d. There is every prospect that a substantial sum will be available for the changing Room Fund.

A word of appreciation and thanks is due to Messrs. Groom & Son, Ltd. for the fine printing of the programmes.

Old Boys' Notes.

Will all Old Burians take particular note of the important alterations agreed on, at the annual Meeting of the Old Burians' Association held last July, in the date of the Old Boys' Cricket Match and Dinner to be held in 1936?

The date of this Fixture is to be Saturday, June 13th, 1936, some five weeks earlier than in previous years, in the hope it may be more convenient for those taking their Summer holiday early.

For the Dinner, it was agreed that lounge suits should be worn, and that tickets should be cheaper, probably about five shillings.

At the Meeting, the hope was expressed that Old Burians will approve of these alterations, and will make a point of mentioning them to any Old Boys they may meet during the year, so that the information may be spread as widely as possible.

Please show your loyalty to the School, and your appreciation of the Old Burians' Association, by booking the date, June 13th, 1936, now.

H. W. HENSHALL,

*Joint Hon. Secretary,
Old Burians' Association.*

The Hon. Secretaries the Old Burians' Association, kindly send the following reports of recent marriages:—

BOWYER—NETTLETON. On September 28th at Newmarket, F. Bowyer (Bury School, 1920-23) and Miss Dora Nettleton. K. G. Bowyer was best man. F. Bowyer has recently taken over the Management of his father's farm. Present address, Lodge Cottage, Kirtling, Newmarket. All O.B.'s will wish him success in both ventures.

BURDON—EATON. On September 28th at S. James', Bury St. Edmund's, E. R. Burdon (Bury School, 1920-27) and Miss D. E. Eaton. J. H. Burdon was best man. The duties of organist were shared by the bridegroom's father, and a member of the Abbeygate Street staff. E. R. Burdon has gained a reputation in archeological circles in Suffolk; he is now on the Editorial staff of *The Reading Mercury*. Mr. and Mrs. E. R. Burdon have our best wishes for the future.

We are indebted to *The Bury Free Press* for the following:—

SHEARING—FROST. On 19th August at St. Mary's, Bury St. Edmund's, A. J. T. Shearing, (Bury School, 1922-25) and Miss D. M. Frost. Shearing is now Secretary of the Bury St. Edmund's Co-operative Society. He will be remembered in the world of Football. A centre-half of ability, he came from the Y.M.C.A. to assist, then captain for three years, Bury Town second XI. He turned out on many occasions for the Town before his work made it impossible for him to continue playing. We may recall that Shearing captained the School XI. for one of the most successful seasons on record. Our best wishes to him for a happy future.

Another marriage we record with great pleasure is that of C. F. Lacey, on October 2nd. We send our sincere congratulations and best wishes.

We were delighted to receive a call from M. C. Callis (1904-12). He was looking fit, and expecting to be ordained shortly. Unfortunately, the news of his father, formerly Headmaster, the Rev. A. W. Callis, was disquieting. There were better reports of A. E. Callis and of H. V. Callis. The former, in New Zealand, sheep farming and quite the family man, is living in Fitzherbert Road, Wainui-o-mata, Lower Hut, near Wellington. The latter, married some two years, is at present in Austria—Vienna XIX., Iglaseegasse 65, Tur 6. Our best wishes go to our former Headmaster and his three sons.

We are told that J. A. Youngman has made a start with a Firm of Electricians in Bury St. Edmund's. We congratulate him, and hope this may be the first step in the realisation of his ambition.

It is a pleasure to have seen something of R. H. Smith, address now 9, Addison Bridge Place, Kensington, W. 14. He told us he had been obliged to give up his rowing, and that

now he was representing a Firm of Provision Merchants. He was able to give us news of R. B. Windsor, who is with Messrs. I. & R. Morley in the City, and of "Jimmy" James, who is still living in Uxbridge, and has taken up commercial Art. We should much like to hear from either, or both.

It is with pleasure that we record the entry of A. M. Lloyd, as well as O. T. Lloyd, into the service of the Westminster Bank. The former is at Norwich and the latter the Ipswich Branch.

L. T. Fulcher, married some months ago, is now living at "Craigmore," Great Barton, Bury St. Edmund's. C. O. Ely has also moved to Great Barton; address "Woodlands," The Park.

We are informed that B. G. King has sailed to take up an appointment in Assam. Our very sincere good wishes went with him; we shall hope to hear of his progress. Since writing this we have had the pleasure of a letter and a card conveying good wishes.

The Observer of November 24th contains a letter from J. A. P. Whiteway-Wilkinson (1892-84), on the origin of the fleur-de-lys. We congratulate the writer on thus getting into print, and shall hope to hear of further contributions.

We were very pleased to receive a visit from R. E. Newbatt (1927-83), address 93, St. Ann's Hill, Wandsworth, S.W. 18. He is in the Croydon office of Imperial Airways, and finds his job most interesting; he is studying conversational French, and hopes also to pick up some German soon.

S. J. H. Pughe (1928-84), has also given us the pleasure of a visit. He had news of his brother, now at work at the Dorchester Hotel, and of his own adventures by road. Our best wishes to both.

We hear with pleasure that R. C. Wright has obtained a post in the Weights and Measures Department of the West Suffolk County Council. We congratulate him and wish him all success.

H. C. Peppiatt (1929-85) writes that he has obtained a post in the Junior Office of "The Contingency Insurance Co.," and that he is attending evening classes at the Regent Street Polytechnic. We congratulate him on his early start, and wish him all success. We are told, that, young as he is, he is now quite the "city gent."

J. O. Aitkens (1930-35), is applying for a commission in the R.A.F. We wish him the best of luck; his experience with motor cycles should give him a "flying start." Address: "Tuffield's," Whepstead, Bury St. Edmund's.

W. C. K. Stubbing (1923-30), has commenced his course at St. Paul's College, Cheltenham. He finds his life varied and interesting; Cheltenham itself seems somewhat oppressive, but the country round is fine. We thank him for his good wishes, and shall hope soon to record the gaining of his Certificate.

We were very pleased to get a long letter from C. R. Paine (1926-82), address 8, Grove Park, Bury St. Edmund's. He is making progress with his work in the office of the West Suffolk C.C., and is studying hard for a Civil Service exam. He ends by wishing the school every success in the future in all its spheres of work. We value such good wishes and return them warmly.

A. J. Middleton (1930-84), has obtained a post in the Secretary's office at Napsbury Hospital, St. Alban's, Herts. We wish him well.

We were much interested in a letter from Colonel E. Montagu, late of the Suffolk Regiment, asking for details of his grandfather's and great-uncle's School careers. The latter, when a midshipman on H.M.S. "Proserpine," during the Napoleonic Wars, was captured and imprisoned at Verdun. After several unsuccessful attempts to escape, he finally succeeded. He then entered Peterhouse, Cambridge, but did not proceed to a degree. Later, he returned to Naval Service, reaching the rank of Captain. He had a family of eleven sons and three daughters. It is said he got so tired of having to think of names for his children that he named them "Septimus," "Ocatvus" and so on.

We hear with pleasure that J. A. Rudd (1926-82), has obtained a post with Messrs. Williamson & Hill, Solicitors, 20, Red Lion Square, High Holborn, W.C. 1.

The Rev. Dr. W. K. Firminger, Chaplain to H.M. The King, writing from Hampton Court Palace to enclose a donation to the changing Room Fund, gratefully acknowledged elsewhere, gives some curious details of two Old Burians of long ago, both of whom were ejected from their livings in 1662. He enquires as to the prospects of a further appendix to the School List. We very much hope this may be taken in hand in the coming year. It is a decade since the Appendix was produced.

S. R. Canham (1930-34), informs us he has entered the service of Barclay's Bank, Norwich. We congratulate him, and wish him success.

J. L. Gardner (1928-33), also in Barclay's Bank, Stansted, Essex, has passed yet another part of the Banker's Institute Examination. We congratulate him most sincerely.

F. D. Stevens (1906-10), writes from Scalpa, Churchtown, Dundrum, Co. Dublin, to explain that distance made it impossible for him to visit the School on Speech Day. We hope, however, we may yet have the pleasure of a visit some day.

G. Evans (1926-35), writing from "The Lodge," Weymouth Road, Ipswich, tells us he had heard from R. W. F. Sheppard, and concluded he was progressing very well. Evans is playing Hockey regularly for an Ipswich Club. He has met several Old Burians, including Lloyd. He sends good wishes, especially to this year's Football XI. and its Captain. We thank him and reciprocate.

G. H. F. Smith's address is "Wryley," Northgate Avenue, Bury St. Edmund's. We shall hope to see him at some School event soon.

D. Burnside (1921-28), 86, Woodcote Road, Caversham, Reading, tells us he has obtained a Short Service Commission in the R.A.F., and has commenced his training at Hanworth, Middlesex. Later, he expects to move to Peterborough, when he hopes to visit the School. He may be assured of our congratulations and best wishes, and a hearty welcome here.

It was with especial pleasure we received a long letter from C. J. Tilbrook (1920-29), c/o Lloyd's Bank, Soham. He says O. H. and P. G. Tilbrook are still in London, and doing well; the former being well-known in sporting circles; he had two centuries to his credit last Cricket season; both also play Football. We are delighted at this good news, and are glad to be able to re-assure the writer as to the improvement in his penmanship. In this connection, a cutting from *The Bury Free Press*, kindly sent by H. S. Sanders is of interest: it reads:—

"I understand that Harry Tilbrook, who has been signed "on by Harwich & Parkeston, and at present playing right "back in their reserve eleven, is a son of C. Tilbrook, who "was one of the best backs Bury Town F.C. ever had" (at Bury School, 1899).

Sanders ends by saying he would like news of H. I. Roberts and E. Mathew. We are able to supply in the former, but unfortunately not in the latter case.

H. I. Roberts' address is 8, Hatherley Road, Winchester; he is in the City Accountant's Office there. It was with great pleasure we received an account of his doings. He is working hard an for exam. (best wishes for success), but has managed to get in a good deal of tennis, and in the winter, hockey. He would like to meet any Old Burians who may be in Winchester.

C. N. W. Hughes (1933-35), is at work in a large Wholesale House in Nottingham; already he has earned promotion. Congratulations.

We have to thank A. J. T. Meikle (1931-34), now back from his travels and at work at an Accountant's Office in Norwich, for news of a mention of the School, and of a distinguished Old Burian, Edward Fitzgerald (1819-26), in *The Sunday Times*. "In the issue of November 3rd, the following letter appeared:—

"The School mentioned by Mr. E. V. Lucas in *The Sunday Times* of last Sunday was King Edward the Sixth's.
"Edward Fitzgerald visited Bury St. Edmund's the day "before he died at Merton, and saw the new School "buildings. He, his brother John, and his friends W. "Bodham Donne, J. M. Kemble and James Spedding were "scholars at the old school building in Northgate Street."

H. S. Sanders, writing of the game against the XI. he brought up, says "It was a good game, fast and exciting, as everyone agreed; the School gave us a shock by gaining a four goal lead; it was only our greater weight that enabled us to win." He goes on to say "It will interest you to hear that each week some fourteen Old Boys' play Hockey for the local Y.M.C.A., and that this year two were chosen to play for the County, J. N. B. Ashton and A. J. Brighton, the latter's first appearance in County Hockey."

Saturday, December 7th, was a day of sharp frost and thick fog. Very regretfully, the Old Boys' Football match had to be cancelled. This was all the more disappointing, as the Old Boys' team was a full one, and M. E. and H. C. Peppiatt had travelled down from London specially to play. Next year, to avoid the repetition of such disappointments, we must consider having this Fixture earlier in the Season.

Obituary.

Rev. A. W. CALLIS, M.A., *Headmaster, 1894-1908.*

Many of the older generation will have heard, with deep regret, of the death of Mr. Callis, in October last, at the age of 83 years, and will have joined with us in an expression of sincere sympathy to his surviving sons. Mr. Callis, who, for some while had been in failing health, last visited the School in the Summer of 1929 in company with his sons, M. C. and H. C. Callis; even then he was able to walk only with difficulty. Those who knew the School under Mr. Callis' headmastership are better qualified than the present writer to speak of what he accomplished, but it is clear from anecdotes, and from the records, that the period was one of activity and progress; no less than fourteen Scholarships and Exhibitions to the University, and many notable athletic achievements, were gained by his pupils, whose recollections will long keep his memory green.

The Rev. H. INGATE KILNER, S.B.A., 1861-1870.

The death of the Rev. H. Ingate Kilner has ended a long connection with the religious life of West Suffolk, and of affection and loyalty to his old School, which he entered in 1861 as a Royalist, and left in 1870, after a year in the Sixth Form, to proceed to St. John's College, Cambridge. He took his Degree in 1878, and was ordained the following year. In due course he became Rector of Chedburgh, and later of Little Saxham. He retired in 1921 after nearly half-a-century's work as a clergyman, having gained the affection of all he met with. After his retirement Mr. Ingate Kilner came to live in Bury St. Edmund's, and was most regular in his attendance at School functions, until prevented by failing health. Thus, after a lifetime of devoted work, and at a ripe old age, has passed one of the oldest of Old Burians; *requiescat in pace.*
