KING EDWARD VI. SCHOOL,  
BURY ST. EDMUND'S,  
SUFFOLK.

### *Editorial.*

AS Summer terms should go this has been somewhat disappointing, as a hang-over from the Mumps of the previous term not only reduced the size of the party visiting Dinard, but also prevented the punctual return of several for the beginning of this term.

However, Athletic Sports, held at the end of the first fortnight under ideal conditions, were thoroughly successful, both as regards entries and keenness of competition, the Royalists winning the rosebowl for the first time for several years, and also as to finance—thanks to the kindness of friends, including a number of Old Boys.

The Cricket Season followed hard on the heels of Sports, and it was here that fate served us a scurvy trick. Somehow we became infected with the Chicken pox germ, which has caused the cancellation of the rest of our School Matches, interfered with visits to the swimming bath and even threatens our examinations and our camps. As it is something like ten years since we suffered such visitations we can only console ourselves with the hope of immunity for many years to come.

It was a great pleasure to welcome Miss Fry back, restored to health after her serious illness of last term. We beg to offer our congratulations and good wishes. On the other hand we are sorry to learn that we are losing Mr. Clifton who is leaving us for St. Helen's School, Lancashire. Our regret is the measure of our gratitude, and our good wishes go with him.

Old Boys' Day, June 11th, was thoroughly enjoyable. Full reports of the Match and of the Dinner will be found in the appropriate sections. May we draw attention here to the appointment of Hon. Assistant Secretaries for London, Norfolk and for Suffolk; also to the suggestion, originating from a member of the Association that some Old Boys may prefer to pay their Magazine subscription by means of a Banker's Order. The Editor will be pleased to forward a form on request. The

finances of the Magazine cause him so much anxiety and, in some cases, he has so much difficulty in collecting overdue subscriptions, that he hopes he may be pardoned for drawing attention to the whole question here. Another innovation which is hoped will be generally appreciated is the inclusion in copies of this Number sent to Old Burians of a leaflet giving addresses of Old Boy subscribers. The total is considerable, but it is most earnestly hoped that more Old Boys may now be moved to take the School Magazine, several pages of which are always devoted to Old Boy news. All necessary details will be found on the last page of this number.

We must record our congratulations to P. W. R. Parkyn on securing his Civil Service appointment, and to F. J. Crawley and J. A. Cross on their success in the L.C.C. competitive examination for clerkships. These successes are an encouragement to us all.

Another gratifying feature is the report on the O.T.C. which contains the words, "the Contingent is doing very good work and more than justifies its existence." The Inspecting Officer also records with appreciation that all seven candidates who took the written part of Certificate "A" were successful.

We may mention here that the date provisionally fixed for Speech Day is Saturday, October 15th, when it is hoped the Bishop of Dunwich may be able to address the meeting.

In conclusion we wish our candidates success in the School Certificate, our campers fine weather and a happy time, all our readers a good Summer Holiday, and a special greeting to our friends oversea. "Stet fortuna domus."

### Visit to Dinard.

Despite the epidemic of mumps, which deprived us of the company of Mr. Elliott and seven boys, a party of fifteen went abroad this Easter.

We met earlier than originally arranged so that we might avail ourselves of Capt. Heilger's kindness to show us around the Houses of Parliament; which he did most interestingly. We would have been late for our appointment with him, had it not been for Mr. Hynard so generously going out of his way

to get us across London. After a late lunch we visited the Zoo, and then made our way to Waterloo where we took train for Southampton. The loading of the cargo there was most interesting and the distant view of the illuminated superstructure of the Queen Mary attracted our attention.

Everyone was astir at 7 a.m. on Tuesday, when we berthed at Guernsey for an hour. We breakfasted en route for Jersey, where we changed boats. We had plenty of time to explore our new boat before she sailed, and later a party visited the engine room.

On Wednesday we organised a football league which functioned most mornings when the tide left the huge smooth beach free. Boughton's team were the deserving winners.

Thursday afternoon we went to St. Malo where the tide was low enough to allow us to visit Chateaubriand's Tomb and where we explored the old walled city and its neighbour Paramé.

Friday morning we played a team of local boys on the sands and in the afternoon walked along the beach to Le Vicomté. We stayed there long enough to see the tide race develop at the mouth of the Rance.

Our main excursion, the visit to Mont-St.-Michel took place on Saturday and we were fortunate in having a lovely clear day for it. The Abbey was most interesting and the meal provided by the Mouton Blanc surprising in its length. After recovering from the meal and exploring the little town, some of us tried to set up a record for the circuit of the island; 10 minutes was about our best effort. We returned to St. Malo via Dol.

On Easter Sunday, all communicants visited St. Bartholomew's church at 7.30. The rest of the day was spent at leisure.

On Monday we walked to St. Lunaire by the beach and rocks; quite 5 miles there. Boughton, Chrystal and Elford found a short cut (!), even so it was some time before we managed to find any lemonade, so quiet and deserted was the town.

Tuesday saw the winding up of our football league, and our departure from Dinard by special vedette at 9 p.m. Our crossing was smooth, and our journeys on Wednesday uneventful.

## Athletic Sports, 1938.

The Meeting was held on Thursday, May 12th. The account which follows is taken, with grateful acknowledgments, from "The East Anglian Daily Times" of the following day:—

Delightful weather favoured the Annual Sports of King Edward VI. School, Bury St. Edmund's, held on the School ground yesterday afternoon.

Keen competition prevailed, and although no records were broken yesterday, the standard was high. One record, however, had been established among events decided previously. This was in the School half-mile, for which F. J. Crawley's time was 2 mins. 24 secs. The Victor Ludorum was S. Willis, with a total of 42 points, and only one point behind was J. A. Cross. F. J. Crawley had also been a challenger for the title, but he had to retire from some of yesterday's events. P. R. Boughton proved to be the under-15 champion, with 60 points. The Sports were contested on the House principle, and the Royalists were victorious over the foreigners with a total of 250 points against 211.

There was a large attendance of parents and friends, who were afterwards entertained to tea, and the distribution of awards was made by Mrs. J. Donald Hunter, wife of a Governor and Old Boy of the School. She was presented with a bouquet by J. D. Wolfe, and was thanked by the Head Master.

The results were:—

100 YARDS (under 15).—1 P. R. R. Boughton, 2 H. G. Colson, 3 R. J. Bugg. Time, 11 3/5 secs.

## BURY SCHOOL v. ELY.

For their first match the School entertained Ely on the 26th of May. Ely won the toss and batted first. Their opening batsmen put on 23 runs before Boughton broke up the partnership. Then a "rot" set in and four wickets were down for 26 runs. However, the next two batsmen defended successfully and put on 48 runs. Eventually Ely declared when eight wickets were down for 109 runs.

Brassel and Caruth opened the School innings, but the former was sent back with only 6 runs on the board. Ely captured the next three wickets more by good luck than good judgement. Wombwell then went in and immediately hit a two and a four, only to be caught off the next ball. Boughton left at 24, and after that it was just a procession of batsmen to and from the wicket. Unfortunately, the last five all went in with the idea that they would soon be out and reaped their just reward, by failing to score. Result:—School 25. Ely 109 for eight (declared). H.J.C.

Team:—

BURY SCHOOL.—H. J. Chrystal, Boughton, Caruth, Miller, Brassel, Wombwell, F. Kiddy, K. Kiddy, Iggulden, Hearn, Frankish.

## BURY SCHOOL v. MR. LAKE'S XI.

Played at the Victory Ground on the 9th of June.

We were blessed with fine weather for this match, and Mr. Lake, having won the toss, put the School in first. When the first four wickets had fallen for only 8 runs, Wombwell joined Boughton at the wickets. Boughton was content to play quietly, but Wombwell hit the bowling from the very beginning. Runs came quickly and it looked as though these two would place the School in a winning position. However, after sending up the hundred Wombwell unfortunately was run out, with 66 to his credit. Boughton was out just after having made 27, and the last five wickets fell for the addition of a mere seven runs. The School were all out for 107.

When play was resumed, the other side could do no better. The first wicket fell with 2 runs on the board, but a good stand

took the score along to 40 before it was broken by Miller. Runs now came at a very quick pace and B. J. Clarke and J. N. Ashton took the score to 83 before Clarke was caught in the deep. The next three wickets fell cheaply, but after that the School bowling was hit all over the field. This partnership took the score to 124 before it was broken. Only one more wicket fell, and at the close of play the score stood at 160 for eight wickets.

Scores:—

E.J.M.

BURY SCHOOL.—Caruth 1, Chrystal (capt.) 0, Miller 3, Boughton 27, Brassel 2, Wombwell 66, Kiddy i. 2, Kiddy ii. 0, Iggulden 3, Frankish 2, Hearn (not out) 0. Total 107.

MR. LAKE'S XI.—160 for eight.

## BURY SCHOOL v. OLD BOYS.

Played on June 11th. The School won the toss and put the Old Boys in to bat. The Old Boys started disastrously, losing a wicket without a run being scored. A partnership of 57 runs by Evans (49) and Mitchell put them in a stronger position, but after Mitchell went wickets fell regularly, the innings closing at 87.

The School's opening pair put on 22 runs before Brassel was out. The next wicket fell to the same bowler at 57, Miller being caught in the slips after scoring 23 runs. Caruth was out one run later, but Chrystal and Boughton, by steady batting very quickly added the necessary runs for a School victory. Two more wickets fell before play ended.

Boughton topped the School batting and bowling averages, scoring 27 runs and taking six wickets for 33 runs; Evans was top of the Old Boys, with 49 runs and five for 28.

Scores:—

J.D.H.

OLD BOYS.—P. Mitchell 15, P. Tilbrook 0, G. Evans 49, J. H. Chrystal 3, J. Burdon 0, E. Bockoc 1, J. Plumridge 0, G. Nottage 2, H. Land 7, Rumsey (not out) 2, M. Peppiatt 3. Extras 5. Total 87.

BURY SCHOOL.—Brassel 9, Miller 23, Caruth 15, Chrystal (not out) 12, Boughton i. 27, Wombwell 0, Kiddy (not out) 0. Extras 12. Total 99 for five wickets. Iggulden, Frankish, Hearn and Kiddy ii. did not bat.

## BURY SCHOOL v. RIDLEY'S ATHLETIC.

Played on June 16th.

The School visited the Victory Ground to meet Ridley's Cricket Club. The sun was shining and the pitch was rather hard with the result that the ball tended to rise quickly. The opposing captain won the toss and put the School in. Brassel and Miller opened the batting. Two wickets fell for only 5 runs, but Boughton and Chrystal carried the score to 31 before the latter was out. Boughton played a fine innings of 27 without which the School total would have seemed very poor. Owing to lack of time, the School captain declared at 65 for seven wickets, leaving Ridley's forty-five minutes to bat.

Creane and Chapman opened for Ridley's and made a fine opening stand of 55 runs at which score Chapman was bowled by Miller. The bumping wicket seemed to suit the Ridley's batsmen for they scored many fours off short bouncing balls on the off by cutting them past point. At 76 for three wickets Ridley's declared and the game ended.  
Scores:— H.V.I.

BURY SCHOOL.—H. J. Chrystal (capt.) 2, Boughton 27, Caruth 4, Miller 3, Mr. Clifton 9, Mr. Forrester 2, Brassel 2, Wombwell (not out) 7, Iggulden (not out) 4, Kiddy i and Hearn did not bat. Total 65 for seven wickets.

RIDLEY'S.—Creane (not out) 38, Chapman 18, Lacey 0, Taylor 2, Herrington (not out) 7, Davies (capt.), Gooch, Butler, Hogg, Holt and Dutton did not bat. Total 76 for three wickets.

## ROYALISTS v. FOREIGNERS.

On Thursday, 23rd June, the Royalist v. Foreigner match was played. Having won the toss the Foreigners batted first. On the second ball of the match M. B. Rumsey was lbw. to Boughton. Then the Foreigners' wickets began to fall fast until the sixth man in, E. Parkin, made a stand, and with M. Neil pushed the score up from 24 to 54. The next two wickets fell for 5 runs, and then the last pair, D. R. Parkyn and Wise, made a good stand to bring the score to 71.

The first wicket of the Royalists fell for 5 runs. Then Caruth and Boughton piled on run after run, making the score

56, and when the next man, Hearn, was bowled by Chrystal the score was 60. This left the Royalists 12 runs to make and six wickets in hand. However, the Foreigners made an heroic effort and before the last over five wickets had fallen for 7 runs. This meant that the Foreigners had one man to get out and the Royalists needed 4 runs. On the first ball of the over Farrow was run out on a bye which was stopped by the long stop, M. Neil, who threw the ball at the wickets with great accuracy. This gave the Foreigners a win by 4 runs, the score being 71—67. Scores:— E.W.

FOREIGNERS.—Rumsey 0, Miller 4, Kiddy i. 0, Chrystal 7, Iggulden 7, E. Parkin 19, Neil ii. 10, Kiddy ii. 1, Neil i. 0, Wise (not out) 7, D. R. Parkyn 9.

ROYALISTS.—Brassel 1, Boughton 23, Caruth 25, Hearn 15, Wombwell 0, Bevis 2, Cross 0, Evens 1, Turner (not out) 0, Bugg 0, Farrow 0.

## BURY SCHOOL v. RIDLEY'S.

In the return match against Ridley's, the School again batted first; the innings opened badly, four wickets falling for very few runs. But after that, Mr. Forrester and Parkin came together in a very useful partnership, each scoring 18 runs. When they were dismissed, the School were still in grave danger, but this was averted by the efforts of Iggulden and Neil ii. Neil ii. in his first match for the School scored 14 not out. Just after four o'clock Chrystal closed the innings with 77 runs on the board.

When Ridley's opened their innings they had only an hour to secure the runs needed. They began scoring at a very brisk rate and it looked as though they might just win. With only one more over Ridley's still needed 11 runs, but they only scored 9, and the match finished in a draw.

Scores:—

P.P.R.B.

BURY SCHOOL.—Brassel 0, P. R. R. Boughton 2, R. J. Caruth 5, H. J. Chrystal 3, Mr. Forrester 13, Wombwell 0, Parkin 13, Iggulden (not out) 15, Neil (not out) 14, Rumsey i and Kiddy ii did not bat. Total 77 for seven.

RIDLEY'S.—D. Buckle 24, Taylor 9, Gooch 1, Finch 8, Butler 1, Davies (not out) 2, Herrington (not out) 14, Hogg, Dutton, Bentley and Buckle did not bat. Extras 16. Total 75 for five.

## BURY SCHOOL v. MR. ELLIOTT'S XI.

This being our first evening match, we looked forward to fine weather, but the dullness of the day rather marred the game. Play commenced at 5.55 p.m. on Thursday, 7th July.

The School opening pair made an unusually good stand; though Miller only made 6 he played defensively, while leaving Boughton to make runs. When these were both bowled by D. Fulcher, the School wickets fell at regular intervals, Caruth scoring 14, Chrystal 9 and Mr. Stroud 12. At 74 for nine the School declared.

At about half-past seven F. M. Clifton and D. Fulcher opened for Mr. Elliott's XI. Mr. Clifton scored 17 before Mr. Stroud brought off a magnificent catch in the slips. Though D. Fulcher scored 41 and J. Bolton a very steady 26 not out, two of the following batsmen came out for 3 and 0 respectively before stumps were drawn at 8.35 p.m. Our opponents passed our total for the loss of only one wicket, eventually scoring 95 for four wickets. Scores:— R.J.C.

BURY SCHOOL.—E. J. Miller 6, P. R. R. Boughton 22, R. J. Caruth 14, H. J. Chrystal (capt.) 9, Parkin 0, Mr. Stroud 12, Brassel 0, E. J. Wombwell 0, Iggulden 7, Neil ii. 2, Rumsey did not bat. Total 74 for nine, declared.

MR. ELLIOTT'S XI.—D. Fulcher 41, F. M. Clifton 17, J. Bolton 26 not out, R. Evans 3, A. Hazelton 0, R. W. Elliott, (capt.), R. T. Forrester, A. Stephenson, F. H. Swainston, J. Chrystal, M. Wigs did not bat. Total 95 for four, declared.

## BURY SCHOOL v. BREWERY 2ND XI.

Uncertain weather caused uneasy feeling as time for the start of play approached, but apart from some rain at first, the match was played in comparative dryness.

The School batting first, scored the respectable total of 107 for five, of which Caruth contributed 48 not out, a performance upon which he must be congratulated. H. J. Chrystal was also not out, scoring 17.

After tea, the School opened the attack with Boughton i., who obtained a quick success, Wombwell at square leg taking a very good left-handed catch when the score stood at only 2. Bowling consistently well, Boughton took five wickets for the cost of 17 runs, an excellent performance.

The fielding of the School XI. was by no means exemplary. Several runs were given away by inexcusable blunders in the field, which might easily have proved disastrous.

When stumps were drawn at 6.15 p.m. the Brewery 2nd XI. had scored 72 for seven. Thus the match ended in a draw.

Scores:—

P.E.B.

BURY SCHOOL.—P. Boughton 17, E. J. M. Miller 12, R. J. Caruth (not out) 43, H. J. Chrystal (not out) 17, Brassel 2, Mr. Stroud 12, Parkin 1, Wombwell, Iggulden, Neil ii. and Rumsey i. did not bat. Extras 3. Total 107 for five wickets.

## BURY SCHOOL v. BREWERY 2ND XI.

This game was played on the Victory Ground on July 16th.

The Brewery captain won the toss and decided to bat. The opponents' opening batsmen played steadily and were difficult to move. However, after about an half-an-hour's play, Chrystal took an excellent catch when there were only 18 runs on the board. In the next few minutes the scoring increased; at this point rain began to fall and play had to be stopped for about a quarter-of-an-hour. When we started again the light was much stronger, this fact helped the batsmen, but after twenty minutes play one was bowled, the score being 42. The next wicket fell at 50. From this point the two batsmen played steadily till one of them was run out at 78. Then runs began to mount up until another was run out, score 93. By now their wickets were falling quickly, the score being 106 for seven. However before tea we dismissed another of their men when they declared with 115 for eight wickets.

The School's opening pair played very steadily. Soon rain began to fall and we stopped play for about ten minutes. When we resumed one of our batsmen was out with the score at 29. After about twenty minutes rain began to fall again, and play was abandoned for the day. Score, 36 for one wicket.

Scores:—

E.P.

BREWERY 2ND XI.—Calton 20, Bevis 11, Gilchrist 24, H. M. Caruth 6, Webb 25, Buckle 9, Armstrong 2, Potter 0, Poppis (not out) 2, Ramsbottom and Froud did not bat. Total, 115 for eight (declared).

BURY SCHOOL.—Boughton (not out) 20, Miller 10, Mr. Stroud (not out) 1, R. J. Caruth, Mr. Forrester, Chrystal, Parkin, Brassel, Wombwell, Iggulden and Rumsey did not bat. Total, 36 for one. Rain stopped play.

### Cricket Review.

This season, we were only able to play one School match, owing to infectious illness. Hence our results cannot be taken as a true representation of the strength of our team, for all but one match have been against men. The fact that we had to declare three times shows that our batting was not lacking in effect. This is almost entirely due to Mr. Stroud's efficient coaching.

We are very grateful to Messrs. Clifton, Forrester and Stroud for playing for us.

Unfortunately, the Junior XI. were unable to play any matches. This was a great pity, for they are a very keen set of youngsters.

Our bad luck was intensified by the weather which has not been at all suitable for cricket. H.J.C.

#### CHARACTERS OF THE ELEVENS.

##### 1ST ELEVEN.

\*H. J. CRYSTAL. Captain. Has shewn great enthusiasm and shrewdness in leading his team. Placed his field well, but could have changed his bowlers with greater effect. His batting has been quite sound, though he plays forward to frequently, but he has not bowled quite so well as last year. His fielding has always been exemplary and a real pleasure to watch.

\*P. R. R. BOUGHTON. Vice-Captain. Has batted consistently well throughout the season, often in difficult circumstances. A very hostile opening bowler, though inclined to sacrifice length for speed.

\*R. J. CARUTH. His batting though rather unlucky, has also been disappointing after the promise of last season. A useful change bowler and a excellent fielder.

\*E. J. M. MILLER. An excellent opening bowler for he keeps a well-nigh perfect length. A very good opening batsman, though he could be more aggressive.

†J. E. WOMBWELL. Would make a useful batsman if he learnt to move his feet, for he obviously has the right temperament. A keen fielder.

BRASSEL. Very temperamental. A good batsman in the nets, but lacks confidence in a match. Has kept wicket quite successfully.

IGGULDEN. A youngster who shows great promise. Plays well defensively and cuts well, but must try to put more force into his drives.

NEIL II. It is a great achievement to win a place in the 1st XI. at his age. Should develop into a good batsman. Must try not to be impatient when the bowling is good.

RUMSEY I. A good defensive player, but his supply of scoring strokes is limited to a leg glide which nevertheless, has brought him runs. A very good fielder.

PARKIN. Has a very good eye and is capable of hitting runs very rapidly. Has some beautiful drives, but must not attempt to hit a good ball.

Also played—

KIDDY I. Must learn to play forward to a good length ball. Has some good leg shots but must learn how to treat balls pitched outside the off-stump. Is an excellent fielder.

FRANKISH. Can play a straight bat, and goes up to the ball well, but must go back to short balls. Must improve his catching and fielding generally.

HEARN. His batting is quite good, although he must move his feet more. Towards the end of the season his fielding was not even of 2nd XI. standard.

\* School Colours. † School Half-Colours.

---

##### 2nd ELEVEN.

BEVIS. Captain. Quite a useful bat defensively, but must be more aggressive. A useful change bowler. Has captained the team well.

CROSS. By far the best fielder in the side. Must learn to hit loose balls on the off and not merely pull them all to leg.

**KIDDY II.** Has kept wicket very pluckily. Could bat well if he had more confidence. Can also bowl quite well.

**EVENS.** A very dangerous bowler when he does not sacrifice length for speed. Quite a useful bat, though his defence needs improvement.

**WISE.** The best bowler in the side, concentrates on length rather than speed. A good left-handed batsman with a fine forcing shot off his back foot.

**BUGG.** A left-handed batsman who has not made full use of his capabilities in that respect. Could hit to leg with more vigour. A useful change bowler.

**FARROW.** Is far too stiff when batting. Should learn to move his feet and his body towards the ball. A very good fielder and a safe catch.

**TURNER.** Must meet the ball with the full face of the bat instead of poking the ball through the slips. A good fielder when he is awake.

Also played—

**WILLIS.** Quite the best defensive player in the side. Must learn to get back into his crease if he misses the ball. Not a very safe catch but is very keen.

Royalists v. Foreigners to be fixed.

### O.T.C. Notes.

Annual Inspection took place on Tuesday, 24th May, when Lt.-Col. A. C. M. Paris, M.C., made a most comprehensive examination of the many activities of the Contingent. It is indeed gratifying that his report should be so encouraging and all members are to be congratulated.

As usual we have fixed our '808 course on the open range at Gibraltar Barracks. The standard attained proved a very high one and no fewer than fifteen Cadets succeeded in passing the first-class test.

The results of the Certificate "A" examination held in March proved excellent. All seven of the entrants were successful, three gaining particularly good marks.

The place of camp has been changed since the last issue of this Magazine and we are now to go to Tidworth Pennings. There may be a hill to climb but at least we shall avoid the sand of Long Valley. Moreover we shall be able to attend the Tattoo.

Ninety per cent of the Contingent hope to attend camp. Even if more chicken-pox cases appear we shall still have a satisfactory attendance.

It is pleasing to record that R. F. H. Pughe has been appointed to a commission in the Supplementary Reserve of the K.O.R. Regiment, and that M. R. H. Watkins has joined the "Artists' Rifles." Not everyone is in a position to undertake extra obligations in peace time. Those who are not may be interested to know that they may "without entering into any legal liability to serve, register their names in peace so that, in the excitement of mobilization, they may not find their way into the ranks, where their potential powers of leadership would be wasted." This refers to the Officer Cadet Reserve. Qualifications are as follows:

1. The applicant must have left school.
2. He must be over 18 years of age.
3. He must possess Certificate "A."

I shall soon have completed my eighth year in command of the Contingent—the maximum period permissible by the

War Office. Next term, therefore, will see Mr. Swainston in command.

Promotions:—

Cpl. Bevis to be Sgt., 16-5-38.  
 Cpl. Chrystal to be Sgt., 16-5-38.  
 L.-Cpl. Stearn to be Cpl., 16-5-38.  
 L.-Cpl. Miller to be Cpl., 16-5-38.

R. W. ELLIOTT, Captain.

### Scout Notes.

By the kind permission of Mr. F. M. Slater, we paraded on 24th May, at Nowton Park, where the Troop was inspected by the Earl of Buckinghamshire. In the course of his inspection he gave an inspiring talk on the importance of Scouting throughout the world, and afterwards expressed himself pleased with the spirit of the Troop.

A further inspection on July 12th by Headquarter's Commissioner for Schools, was unfortunately cancelled owing to his bereavement.

Eight of the Troop took part in the District Scout Display at the local J.O.C. Rally held on July 5th.

We were very glad to hear that two more Old Burians have received their warrant as Scoutmasters, and wish them every success in their important work of helping to turn the youth of this country into useful citizens.

The outbreak of chickenpox at the School unfortunately has made it necessary to cancel what would have been our sixth consecutive Summer Camp at Eccles, as the number of campers immune from infection was very small.

The Patrol Shield was won last term by the "Rams."

### Sixth Form Library Notes.

We take this opportunity of pointing out that it is customary for those leaving the School to present a book to the Library. The custom is long-standing and is to be commended.

As regards litter, the Library has shown a marked improvement in tidiness, but books are not being replaced in their correct positions, and are being laid upon the tops of their companion volumes. This is a deplorable state of affairs, and the Librarian is sure that all will help to correct this.

Many thanks to those who helped to keep the Library tidy during the term. We trust that those who were perhaps a little lax in this most necessary duty will do better next term.

P.E.B.

### Fiction Library Notes.

Owing to a regrettable oversight no new books have been purchased this term as yet, but we hope that they will be available soon.

In spite of this term being the summer term when everyone is usually out of doors playing cricket or fives, an increasing interest has been taken in the new historical section of the library, especially the books by Henty.

At the beginning of the term often library books were found lying about, but fortunately this has diminished considerably. The librarian hopes that a still greater care will be taken over the older books, because pages are liable to be lost.

Congratulations to P. W. R. Parkyn on his success in the Home Civil Service examination, General and Clerical Class; he came 689th out of 7,655 candidates (that is with almost 7,000 below him), to whom 1,500 vacancies were offered; he gained just over 66% of the maximum marks.

Congratulations to P. R. Brennan on securing a post in the office of Messrs. Greene, King & Co., where he will find a number of School-fellows.

Congratulations to P. E. Brassel on becoming a School Prefect, and to E. F. R. Stearn, O. R. Todd, E. J. M. Miller and M. E. Frankish on becoming House Prefects.

Hundred per cent success. This is the record of our candidates in the Certificate Examination of last March, when G. F. Bevis, T. C. Gilchrist, E. F. Stearn (Royalists), and D. F. Barnard, H. J. Chrystal, E. J. Miller, P. W. R. Parkyn (Foreigners), all passed. The minimum pass mark is 160; Bevis gained 250 and Parkyn only one mark less. Hearty congratulations to all concerned, not forgetting the instructors.

Congratulations to F. J. Crawley and J. A. Cross on their success in the L.C.C. competitive examination for clerkships. This is another 100 per cent. success.

Unfortunately a case of Chicken Pox occurred about the middle of June, since when there have been a few more at intervals. This is most unfortunate; it has stopped School Cricket Matches, reduced attendance at the swimming bath and, sad to say, has caused the cancellation of the Scout camp, as very few indeed of the Scouts happen to be protected by a previous attack. The members of the O.T.C. are better off; all but a very few have had had the complaint previously, so most, if not all, will be able to go to the O.T.C. camp.

Alexandra Rose Day collection was held as usual, and realised the satisfactory sum of £1 10s. 9d.

## ROYALIST NOTES.

At long last the Rose Bowl has found its way into the Schoolroom. On Sports Day we managed to defeat the the Foreigners for the first time for nine years, an achievement of which every Royalist should be justly proud, especially as it was the outcome not of individual, but of united effort, to which every Royalist contributed in some way. P. R. R. Boughton is to be congratulated upon becoming Junior Champion, and J. A. Cross upon coming within one point of the School Championship.

The Foreigners, however, had their revenge in winning the Royalist v. Foreigner cricket match by the very narrow margin of 4 runs. Such a defeat is certainly no disgrace, and we congratulate the team on their excellent performance.

We understand that the Boxing Club is to resume its activities next term, and that on some date in the near future a Boxing Tournament is to be held. Every Royalist who has any pugilistic tendencies should support the Club in anticipation of a Royalist v. Foreigner contest. The Fives Courts have lately become very popular, and the membership of the Fives Club has greatly increased.

O. R. Todd and R. J. Caruth are to be congratulated upon becoming House Prefects and together with the other Prefects are warmly thanked for their conscientious attention to their duties throughout the term.

Many thanks also to those who helped to keep the lobby tidy, a very high standard of tidiness has been maintained throughout the term.

Congratulations to R. J. Caruth on obtaining his half-colours and the captaincy of the Royalist XI., to P. R. R. Boughton on gaining his colours, and to J. E. Wombwell on obtaining his half-colours.

P.E.B.

#### FOREIGNER NOTES.

Although the Royalists won the Rose Bowl in the Sports this term we managed to regain the Age Relay Cup. Of the four Challenge Bowls at stake, the Boarders won three—a performance of which every Boarder has the right to be proud. Two of the cups were for relay races and the other was for the Tug-o'-War. Only team-work and willing co-operation could win these. Thanks are due to the actual teams who practised so willingly, and also to the other members of the House who gave us a pull on the other end of the rope. Team-work triumphed over individualism.

We are very grateful to the Headmaster for enabling us to listen to the Test Match broadcasts. This was much appreciated by everyone.

Once again we retained the Games Cup. This year each House had one victory to its credit, and the Cricket Match was to decide. When the Royalists had a very commanding position some splendid bowling by Miller completely altered the situation. The Royalists' last four wickets fell at the same total and we gained a decisive victory by four runs.

We congratulate Miller and Frankish on becoming House Prefects, and Miller on obtaining his colours.

The enthusiasm of the Boarders for cricket is such that every Boarder bought a fixture card, and almost without exception all bought photos.

Rumour has it that before the end of term there is to be a Royalists v. Foreigners Fives Match. We hope that the Boarder representatives will uphold the traditions of the House by emerging victorious.

We heartily congratulate Parkin, Miller, Gent, Kiddy i. and Robinson on obtaining their 1st Class shot, and Miller on passing Certificate "A." H.J.C.

#### Old Boys' Notes.

Old Burians' Football Match—

Saturday, 5th November, 1938.

Old Burians' Hockey Match—

Saturday, 25th February, 1939.

Old Burians' Cricket Match—

Saturday, 10th June, 1939.

The Football Match will be on the day of the last performance of the Bury St. Edmund's Operatic Society's performance of "Good Night Vienna." It is hoped to arrange for a dinner and a visit to this performance.

*From the Hon. Secretary, Old Burians' Association.*

Old Burians Day this year was Saturday, 11th June, 1938.

Following the Annual Cricket Match which was won by the School, Members of the O.B.'s team and other visiting O.B.'s were entertained to tea by the Headmaster and Mrs. Wadmore.

The Annual Meeting of the Association, held at the Angel Hotel, was somewhat sparsely attended.

H. A. Conlan was appointed President for the year, and took the Chair. Stanley S. Strickland, for several years the enthusiastic and untiring Hon. Secretary intimated that for various reasons he was reluctantly compelled to vacate the office, and after a vote of thanks for his past services, C. R. Paine was appointed as Hon. Secretary in his place. It was decided in order to stimulate interest in the Association, to appoint three additional Hon. Secretaries, M. E. Peppiatt for London, H. S. Sanders to cover the Norwich Area, and G. H. Chrystal for Suffolk.

The Meeting was followed by the Annual Dinner at which the Chair was taken by the President, H. A. Conlan; the Headmaster, Mr. R. W. Elliott, and the Head Boy (P. E. Brassel) being the guests of the Association. The President delivered a speech which stressed the very happy state of affairs obtaining at the School at the present time. The Headmaster, in the course of his address, appealed for more subscribers to the "Burian" which had much in its columns to interest O.B.'s.

Entertainment was provided by Prof. Ramsey, whose "Magic" was much enjoyed by all present.

The following Old Boys were present—E. P. W. Boccock, G. H. Burdon, S. R. Canham, P. T. Champness, J. H. Chrystal, H. A. Conlan, J. L. Gardner, H. W. Henshall, M. S. Kirby, H. R. Land, J. L. Mears, A. J. Middleton, J. P. K. Mitchell, G. Nottage, C. R. Paine, M. E. Peppiatt, F. P. Plumpton, R. G. Plumpton, E. N. Plumridge, R. E. Rolfe, H. S. Sanders, S. S. Strickland, J. F. E. Thwaites, C. J. Tilbrook, P. G. Tilbrook, H. Henniker-Wright.

*From the Assistant Hon. Secretary for London.*

Those who know London would find it much as usual; 'busses thread their way majestically through the streets; in the underground Londoners are packed like sardines and whirled from place to place; the only noticeable difference is in the air, where at night solitary planes fly as targets for searchlights.

Those who do not know London and wish to see it in its present state had better visit it before the next air raid. Everyone is being asked to join the A.R.P. or the Territorials, and displays are being staged to make us air raid conscious.

One of these displays which the writer witnessed was most realistic. A full scale model street had been erected, with dwellings, cinema, and public house. There was the usual crowd, and all was peace until a plane appeared, dived down and dropped bombs. To the onlookers' delight the A.R.P., police, fire brigade and engines rushed to the rescue; a fire was put out, casualties picked up and debris cleared. Meanwhile the searchlights had caught the plane as it flew off. Hardly had the excitement died down when another raider dropped a gas bomb on the cinema. The audience, concealed backstage, were meant to stagger, half-gassed, out of the cinema exits; one individual, however, took the wrong turning and reeled out of the public house looking more intoxicated than asphyxiated. This unrehearsed effect brought the house down.

However, apart from all this, life in Town is much the same as ever to the average Londoner, who finds the best way of enjoying London in Summer is to get out of it as quickly as possible.

To conclude, I would like to say we hope things will brighten up this Winter, when we mean to hold a London Old

Burians' Dinner. Particulars will be forthcoming to all Old Burians with whom we can get in touch, and enquiries, suggestions and addresses will be welcomed by the writer. Old Burians from all over the country are cordially invited.

Hoping that in the next "London Letter" I shall be able to give a description of a very successful re-union.

21, Longbeach Road,

M. E. PEPIATT.

Lavender Hill, S.W. 11.

We congratulate G. S. Gough on his election to a Fellowship at Trinity College, Cambridge. He entered the School as a Royalist in 1909, remaining until 1915. In 1914 he was elected to a Scholarship at Pembroke College, Cambridge, which he took up in 1919, having served in France with the Suffolk Regiment, and retired with the rank of Captain. After obtaining First Class Honours with Distinction in the Mechanical Science Tripos, he worked on research problems for some years under the Department of Scientific and Industrial Research, later joining the Engineering Staff of the Southern Railway. He returned to Cambridge in 1929, where he is now a University Lecturer in Mechanical Science and a Fellow of Trinity College; he is known as one of the leading authorities on bridge strains. We regret that owing to the times of the Governors' Meetings clashing with those of another Body, Mr. Gough has felt obliged to decline an invitation to become a Governor of the School.

Hearty congratulations to E. C. Hallam on his marriage to Miss Boyce at St. James', Bury St. Edmund's on April 19th, Primrose Day—may theirs indeed be the "primrose path" to happiness and prosperity.

Congratulations to E. Burdon on becoming Editor of the Fakenham local paper; we hope this is only the first of many upward steps in his career.

We were very pleased to receive a long letter from E. T. W. Whiting, address 24, Elsworthy Road, N.W. 8. He has been moving about a good deal, and there is a prospect of a visit to U.S.A. soon. Berlin, he says, left the best impression, although he is always more than glad to return to Paris. He hopes to visit the School in the near future and ends with hearty good wishes which are reciprocated with equal warmth. Later a card came to hand from Niagra Falls.

A letter from R. H. Burgess, tells us of a thoroughly satisfactory start in the Firm of Messrs. Players, and a suggestion that others might well consider a similar career. He adds "I could not wish for more generous employers." Our very best wishes to Burgess.

We were very pleased to receive one of G. V. Richdale's interesting letters. He sails for Cape Town at the end of April as technical adviser on finance to the Royal Commission sent out to study the possibility of closer co-operation between the two Rhodesias and Nyasaland, and expects to travel widely through the Union and both Rhodesias, where he will be until September. We congratulate Richdale most heartily, and wish him a most successful journey.

During the Easter holidays we had the pleasure of a chance meeting with W. E. Smith in London. He told us he was getting on well at his office, and had just taken a part of his first professional examination. He was able also to give a good report of his brother, J. F. Smith's progress in the office of the Potter's Bar District Council. We hope to see both these Old Burians here soon.

Early in the term we were very pleased to receive a visit from J. R. Barry, home address, 243, College Road, Norwich. He gave us a good account of his progress in his printing works at Leicester, and some items of information about R. W. F. Sheppard and A. J. Middleton.

R. E. Newbatt called recently. He is now at Basingbourne, Kneadsworth, with No. 104 Squadron R.A.F. We were pleased to hear a good report of his progress.

We were pleased to see Wyndham-Kaye on his way through Bury after taking Law Finals. He told us M. R. Watkins had joined the Artists' Rifles to which he himself also belongs.

J. H. Tavener, address 188, Harborne Lane, Selly Oak, Birmingham 29, tells us he is applying for a Commission in the Supplementary Reserve of the R.A.S.C. He adds he is now in the Transport Department of Messrs. Cadbury's, which he finds very interesting. As he is required to take a course of study, he is reading for Inter Economics exam. and hopes to take the first part in November. Like Burgess, he suggests a career with his Firm—a splendid one to work with, and offering almost unlimited facilities for every kind of sport. Our best wishes to Tavener for his continued good progress.

C. L. Haddon writes from the R.A.F. Station, Bicester, to make an admirable suggestion—that subscribers to the *Burian*, to save the trouble of remitting five shillings annually, should give an order to their Bankers to pay this amount each year to the *Burian* Account at Lloyd's Bank, Bury St. Edmund's Branch. The Editor welcomes the idea, and will be delighted to supply a form of Banker's Order; he is not without hopes that the plan might result in the payment of some overdue subscriptions, and also prevent others ever becoming overdue. It may come as rather a shock to our readers to learn that, in all, quite twenty pounds worth of back subscriptions are still unpaid.

M. S. Kirby, back at 8, Park Road, Wallington, tells us he has just been gazetted to a Commission in the T.A. We congratulate him and wish him the best of luck. He has heard from D. Burnside, now stationed at Lahore, but gives no further details. Best wishes to Burnside also.

M. C. C. Husk writes from 17, Bridgeway Court, c/o Harrison & Leijds Ltd., Johannesburg, to tell us of an Old Burian reunion of J. C. Johnson and himself when they would have liked Hall of Rhodesia, and N. A. S. King and Yelloy of Kenya to have been present also. His mine has just opened a new research lab, he being responsible for all electrical work therein. Winter sports are in full swing (his letter is dated May), and everyone is looking forward to the visit of the British Rugger, and R.A.F. Boxing teams; the latter having already won a reputation for good, hard, clean boxing. Husk remembers that it is Summer here, and send best wishes for the Cricket. We are always delighted to hear from Husk, and send him warm greetings from the School.

The next mail brought a fine letter from J. C. Johnson, mentioning incidentally his crossing from New York to 'Frisco by air, voyaging from New Orleans via Trinidad to Cape Town and travelling by road to Johannesburg. That one we know so well should speak of them thus makes these names seem more like real places to us stay-at-homes. Good luck to Johnson and best wishes from all at Bury. Later we heard of his success in obtaining a post in Jo'burgh.

Yet a third letter from South Africa has been received from G. V. Richdale; then in S. Rhodesia. In his travels he has seen some wonderful country and wild life. The natives, he says, are interesting; the women carry everything on their heads except their children, while the men, on the veld, mostly

carry a bow and arrows or a spear; this mediæval appearance is however sometimes spoilt when, miles from any road, one suddenly sees a black gentleman wearing a bowler hat, a brightly coloured old school blazer and riding a bicycle. In the native reserves the kraal schools are curious. All the children in the kraal sit in a small thatched hut, huddled up on benches looking like birds on a perch, chanting the alphabet and multiplication tables. Richdale ends with good wishes to the School and greetings to Old Burians attending the Old Boys' Cricket Match. His letter was actually received on the day of the match; we thank him very much and wish him a successful outcome to his wonderful trip.

Congratulations to H. S. Sanders who has been successful in the Final Examination of the Society of Incorporated Accountants and Auditors. Sanders writes feelingly of his satisfaction in getting through at his first attempt, as the result of five years' steady grind. We are more than pleased his perseverance has been so well rewarded.

Congratulations to D. F. Barnard on obtaining a Clerkship in Barclays Bank; he commenced on July 1st.

H. J. Nicklin writes to say he was sorry not to be able to visit the School for Old Boys' Day but was taking part in the Bank Sports. He adds he enjoys his work and has just sat for three more subjects in the Institute of Bankers' exam. He sends best wishes for the Cricket and for the Cambridge exams. Thanks and best wishes from the School to Nicklin.

C. J. Tilbrook writes us a charming letter in the course of which he says, "It was a great pleasure to be at the Old Boys' Dinner; no one realises how pleasant it is unless one actually goes and finds so many old friends and so much to talk about. What a bond the School is. I would like to see many more present at these affairs." We thank Tilbrook very sincerely and hope his experience may encourage more Old Boys to attend the periodical re-unions here.

T. L. Reed-Cooper (1874-81), was unfortunately prevented by indisposition from attending the Old Boys' Dinner. He sends details of the famous submersible electric pump he perfected and installed in many ships of the Royal Navy. These pumps prevented H.M.S. "Lion" from foundering when she was hit below water-line; they were also used in the raising of the German war ships scuttled in Scapa Flow. The pump and waterproof electric motor form a single unit; bearings

are lubricated, and motor cooled by the stream of water; the deeper the pump is sunk the more efficiently it works. We are proud to think an Old Burian, by his inventive genius and practical ability, has been able to do his Country such signal service. Our best wishes to Reed-Cooper for recovery.

The Rev. P. G. Kemp informs us he has been appointed Rural Dean of Coventry. We offer our congratulations and good wishes.
