

The Burian.

December, 1938.

VOL. XXII., No. 3.

KING EDWARD VI. SCHOOL,
BURY ST. EDMUND'S,
SUFFOLK.

Editorial.

WELL may we be thankful this term has, after all, pursued its course in peace, and that the ominous cloud of anxiety which, in September last, overshadowed the whole world and ourselves has lifted. Yet are we reminded of the words of warning written on the wall by a hand half seen at Balshazzar's feast—"thou art weighed in the balances." Inevitably shall we too be weighed in the balance of destiny, and unless our worth proves better than Balshazzar's, we likewise shall "be found wanting." What signified for us is not so much our present tasks, in themselves of small importance, but how we go about them. Only, if while yet there is time, we earnestly set ourselves to follow the exhortation "whatsoever thy hand findeth to do, do it with all thy might," may we hope to deserve a fate better than Balshazzar's. With some such thoughts in mind do we venture to submit the record which follows of this term's activities.

Speech Day really was most successful—small wonder with a year of wonderful success to look back on. We missed our Comptroller's presence, but the Deputy Comptroller is an experienced and a stimulating Chairman, and the Speaker's address was wholly admirable. We thank our contemporary, *The Bury Free Press* for permission to re-print an almost verbatim report.

The weather has been exceptionally good for games, and even if not many matches have been won, they have all been most keenly contested from the enthusiastic under fourteen XI upwards. All the more do we admire the spirit animating our players deprived of the stimulus of frequent success.

The O.T.C., now commanded by Captain Swainston, to whom congratulations, has completed its annual reorganisation, and once more is hard at work. All will indeed have to use their best endeavours if the high standard reached under Captain Elliott's command is to be maintained.

The Scouts likewise are busy assimilating a large influx of recruits, who are rapidly being polished into shape, to the satisfaction of the Assistant Headquarter Commissioner on the occasion of his recent visit.

Last but not least, our Plays, which in recent years, have become such a great feature of the Autumn term, are now engaging our most earnest efforts. We confidently look forward to pleasing a full and enthusiastic audience once more.

Thus the term is passing swiftly in a ceaseless daily round of affairs, small in themselves, but vitally important for us and for our future. Not without good reasons may we look forward soon to the relaxations of the holidays and, we trust, a happy Christmas for all at home and abroad.

We deeply regret to record the death of one of our Governors, W. R. Hustler, Esq., J.P. He had been in poor health for some while before his death, but previously for many years he took a real and active interest in all our affairs, and we shall miss his kindly and practical guidance. We beg to offer our condolence and sympathy to his relatives and friends.

Speech Day.

Speech Day was held on Saturday, October 15th, a lovely warm day. First there was tea in the Dining Hall for the guests. Then at 6 o'clock, the company assembled in the Big Schoolroom, which was full and overflowing. The report which follows is taken by kind permission from the *Bury Free Press* of October 22nd.

The prizes were distributed by the Suffragan Bishop of Dunwich (the Rt. Rev. M. H. Maxwell-Gumbleton), and also supporting Ald. Lake were the Rt. Hon. Sir John Tilley, G.C.M.G., G.C.V.O., C.B., Captain F. F. A. Heigers, M.P., the Mayor (Councillor E. W. Steward), Lt.-Col. G. H. Long, Mr. S. E. Smith, Mr. A. Oliver Lusher, Mr. F. B. Bevis, and the Headmaster.

HEADMASTER'S REPORT.

In his annual report, the Headmaster cordially welcomed all present, and said that, speaking with all modesty, but very sincerely, he could say he was very proud of the boys, both past and present. Frequently he was able to follow their

fortunes in after-school life, and was deeply gratified to know how well many of them were succeeding. It filled him with pride to receive so many requests for testimonials to support applications for enrollment for service during the recent crisis—pride that the School had helped to train a generation of public-spirited young men, but sorrow that he should live to see for a second time the flower of the country's youth preparing for sacrifice. He referred to the number of Old Boys already in the R.A.F., in various branches of the Territorial Army, as well as in the Regular Army, and ventured to think that a good indication of the soundness of the spirit of the School was to be found in the readiness of so large a number of its Old Boys to discharge this most vital, and urgent, public duty. Col. Wadmore went on to speak of the value of the O.T.C., which had continued its good progress of former years. Seven candidates successfully passed the examination in tactics and military organisation, two of them, G. F. Bevis and P. W. Parkyn, securing most creditably high marks. Another School activity which was having far-reaching influence in developing powers of practical instruction and leadership was their system of physical training. Much has been heard recently of the "Keep Fit" movement, but it was no novelty at the School: for fifteen years past they had been contributing to the ideal.

Lessons are by no means everything, but, like everything else that went to make up school life, they ought to be taken as seriously and as thoroughly as possible. As the results of lessons were rigorously tested by examinations, examination results were a good test of the thoroughness with which the boys of a school might be expected to tackle any task or duty or occupation that fell to their lot. It was as much on these grounds, as for other reasons, he was happy to report that, well as their examination candidates had done in the past years, they have never done better than last July, when the very high proportion of twelve out of fourteen passed the School Certificate Examination. Of these no fewer than seven reached the high level of London Matriculation exemption. Sixth Form boys, too, had done splendidly, P. W. Parkyn was successful in the highly competitive examination for clerical posts in the Home Civil Service, open to candidates between the ages of 16 and 17 years, and was now on the Civil Staff at the Admiralty. Two others sat for the almost equally competitive examination for clerical posts under the London County Council and both were successful, although, unfortunately, one was afterwards rejected on medical grounds. J. A. Hutchison, whose success in the examination for Naval Cadetships was recorded last year,

decided to abandon a career in the Navy for an Honours course at Oxford with a view ultimately to the Colonial Service, and the Governors of the school had awarded him the F. W. King School Leaving Exhibition, value about £45 a year for three years. (Applause.) Finally, the Headmaster paid tribute to the members of his staff. He regretted that Mr. Clifton was leaving after two years' service, and said that a sadder loss was that of Miss Fry, for over twelve years untiring and efficient mistress of the Preparatory Form.

THE BISHOP'S ADDRESS.

"I envy you, not because you are at school, but because you are young—because life, with all its possibilities, its opportunities, its adventures, its responsibilities, its work, and its pleasures, lie ahead of you," said the Bishop in his address to the boys.

He went on to point out that he dissented altogether from the doctrine that schooldays should be the happiest of anyone's life. His view was that they should be happy days, but surely the period immediately following, when they enter upon life's work—what he liked to think of as the apprenticeship period—should be happier. And each succeeding period, with its added opportunities and responsibilities, should be even happier still, so that the last one of all, old age, provided that along with it there was consciousness of something attempted something done, should be the happiest of all. (Hear, hear.)

What was the primary purpose of their School? To pump into them as much information upon as many subjects as possible in as short a period as might be, in order that, at a time not selected by themselves, an unseen body, called examiners, might be satisfied or otherwise that they were possessed of just the quantity of knowledge which they in their wisdom, or unwisdom, thought they should have acquired? Or was it to fit them for some kind of employment hereafter which would enable them to become rich, to live comfortably, and to provide handsomely for those dependent upon them? The answer to both these questions was an emphatic "No!" What then was the primary purpose? It was to qualify them to serve God in Church and State, and to form their character in such a way that when the time came for them to go out into the world they would be fired with a desire to do their duty to God and neighbour. If they had ever entertained the idea that scholarship alone would carry them through life, then they must dispel it. Along with character and commonsense it would do so. Many

a brilliant scholar had failed in life just because he was lacking one or both of those qualities.

"I feel confident that life is going to be much more difficult for you than it was for me fifty years or more ago," the Bishop concluded. "I daresay you sometimes wonder how you are going to face and overcome your difficulties. My advice to you is this: carry on through life just as though you were still at school. Continue to work hard, keep yourselves fit, and go on imbuing that team spirit. Strive to become a useful member of the community and aim to serve it in some way or another. Continue to be a Christian; scorn the idea of turning into a pleasant, decent pagan." (Applause.)

Among the prizes subsequently presented by the Bishop was one for handwriting, and in giving this to the winner, he remarked, amid laughter: "If you continue to write well in later life and sign your name so that people can read it, you will be conferring a boon and a blessing upon humanity."

RECIPIENTS OF PRIZES.

Form V.—Cambridge Local School Certificate Examination, July, 1938, 1st in whole examination, H. V. Iggulden; 2nd in whole examination, E. Wolfendale; 1st in History (given by the Rev. Canon W. T. Farmiloe), H. J. Chrystal; 1st in Geography (given by Mr. L. W. Hibbins, M.A.), D. M. O'N. Brittain.

Form IV.—Summer term, 1938, and Midsummer examination, 1st, G. G. North; 2nd, J. A. C. Herbert.

Form III.—Summer term, 1938, and Midsummer examination, 1st, M. W. Neil; 2nd, J. E. Wombwell.

Form II.—Summer term, 1938, and Midsummer examination, 1st, A. C. T. Hawksley; 2nd, M. W. Armstrong.

Form I.—Summer term, 1938, and Midsummer examination, 1st, D. J. E. Clamp.

Preparatory Form.—Summer term, 1938, and Midsummer examination, 1st, D. W. Twissell.

Forms I. and II.—Handwriting prize (given by Miss Burroughs), 1st, K. G. E. Howes.

The John Wollaston Greene Memorial Challenge Cup (given by Mrs. John Greene, and awarded annually to the boy

adjudged to have set the best example of service in, and to, the School), 1937-1938, P. E. Brassel.

Afterwards warm thanks were accorded the Bishop by Sir John Tilley and the Mayor, while Capt. Heilgers and Lieut-Col. Long thanked the Chairman.

Finally, Ald. Lake paid a glowing tribute to Col. and Mrs. Wadmore for the splendid services they had rendered to the School. (Applause.) No school could have been better served, he said. (Hear, hear.)

Afterwards the boys loudly cheered the visitors, the governors, the Headmaster and Mrs. Wadmore, and the staff.

Football.

BURY SCHOOL v. Y.M.C.A RESERVES.

For their first match on the 1st October, the School entertained the Y.M.C.A. Having won the toss, and with the wind behind them, the School made several unsuccessful raids on the visitors' goal. Play switched from end to end, and then, after about twenty minutes, the Y.M.C.A. scored. Many attacks were spoiled by bad shooting or by the grand saves of the visitors' keeper. After this early set-back the School settled down, but at the interval the score was still 1—0 in the visitors' favour.

Playing downhill in the second half the School attacked vigorously, and, apart from one or two anxious moments, the defence was seldom troubled. The ball was kept in the visitors' half, and a few minutes after the re-start Boughton equalised with a good shot from the left. This put fresh life into the School team, and a little later Wombwell netted a second. The Y.M.C.A. goalkeeper kept the score down with some fine saves, but eventually, from an attack on the right, Baxter put the School further ahead. A few more isolated attacks were repelled, and just before the final whistle Wombwell put the issue beyond doubt by scoring from Bugg's centre.

Result: School 4, Y.M.C.A. 1.

Bury School.—Brassel; Hearn, Evens; Kiddy, Miller (capt.), Mr. Forrester; Baxter, Wise, Wombwell, Boughton, Bugg.

BURY SCHOOL v. WESTGATE BREWERY JUNIORS.

The School played this match against a strong Westgate Brewery team on the School ground. In the first half, the Brewery held the upper hand, and if their fast attack could have made more use of their chances, they would have been more than two goals in the lead in the first half-hour. As it was their second goal was rather lucky, the School goalkeeper letting the ball go between his legs. Towards the close of the first half the School forwards made several break-aways, and it was from one of these that Boughton scored.

Half-time score: School 1, Westgate Brewery Juniors 2.

After the interval the run of play was reversed. It was the School forwards who did most of the attacking, while the Brewery made occasional break-aways down the wings. The School pressed hard and they scored first through Wombwell. This goal was a lucky one because the goalkeeper was unsuspected and the ball went in near the post. Soon after this, however, the Brewery took the lead again, when their centre-forward outdistanced the School defence and scored. At this point the home forwards had many chances to score but wasted them by their wild shooting. Towards the close of the match the Brewery went still further into the lead when their right-winger scored. P.R.R.B.

Final score: School 2, Westgate Brewery Juniors 4.

Bury School.—Brassel; Neil i., Evens; Kiddy, Miller (capt.), Hearn; Wombwell, Wise, Turner, Boughton i., Bugg.

BURY SCHOOL v. COUNTY SCHOOL.

This was played on October 22nd, in ideal football weather.

In the first few minutes of the game the School attacked strongly, but Wombwell finished the only good School movement with an extremely weak shot. After this attack the School forwards showed little concerted effort and weakness in defence let the County School forwards break through several times, the goal keeper being beaten four times, twice by weak shots.

Half-time score: County School 4, School 0.

After half-time, the School team went completely to pieces, and the County School XI. scored another 7 goals, making the score:—County School 11, School 0.

The School XI. was undoubtedly far below usual form, both as a team and as individuals. Mis-kicking was frequent, passes went away with monotonous regularity, and the 'keeper was beaten by most simple shots. The forwards, Hearn and Wombwell particularly, fumbled badly in front of goal. The score 11—0, reflects only too truly the standard of the School play on this occasion. P.E.B.

Bury School.—Brassel; Evens, Neil i.; Wise, Miller, Kiddy; Bugg, Boughton i., Wombwell, Hearn, Baxter.

ROYALISTS v. FOREIGNERS.

On Thursday, the 3rd November, the Royalists v. Foreigners' match was played. Having won the toss, Boughton (Royalist) decided to kick up hill. Soon after the kick-off the Foreigners went ahead through Miller. Directly afterwards Baxter put the Royalists on equal terms. The game continued at a fast pace, and Turner put the Royalists ahead with two quick goals. Under continuous pressure the Foreigners defended stubbornly. Baxter however put the Royalists further ahead with a good shot. Soon after the ball was swung across to Rumsey i. who cut in to score for the Foreigners.

Half-time score: Royalists 4, Foreigners 2.

The second half opened more quietly than the first half. By this time Miller had gone to centre-half, with Kiddy right-half and Iggulden inside-right for the Foreigners. The Royalists were doing most of the attacking but the Foreigners were dangerous on a few occasions when they had sudden break-aways. Their forwards did not work very well together though, and were not quite fast enough for the strong Royalists' defence. The Royalists looked very much like scoring once more, but the ball went right across the goal-mouth with no one to put it in. Wombwell was unfortunate on two occasions later, for he twice shot over when well placed. Seven minutes from the end the Foreigners scored an unexpected goal, Rumsey i. broke away on the right-wing and centred past Boughton i. straight to Wise, who was able

to place the ball past the advancing Browne. The Foreigners then tried hard to equalise, but they were not able to do so. Once, in the closing stages of the game, the Royalists forced two corners in quick succession, but nothing came of them, and the end came with the score: Royalists 4, Foreigners 8. Teams— J.C.W.

Royalists.—Browne; Farrow, Evens; Hearn, Boughton, Brassel; Baxter, Wombwell, Turner, Bugg, Herbert i.

Foreigners.—North; Rumsey ii., Neil i.; Kiddy, Miller, Parkyn ii.; Rumsey i., Iggulden, Wise, Neil ii., Brander.

BURY SCHOOL v. THE OLD BOYS.

This interesting annual fixture took place on the School ground on Saturday, November 5th. The School captain won the toss and decided to defend the bottom goal. The Old Boys were fortunate in having a comparatively young team, the forward line being composed of players who played regularly since leaving School.

The Old Boys started very shakily, and within five minutes the School had taken advantage of a defensive error and scored an easy goal through Boughton i. After a time, however, the Old Boys began to combine more effectively but the School hung on to their lead. Play was fairly even during the first half, but towards the interval the Old Boys' forwards found their feet, and as a result scored three goals through Chrystal (2) and Caruth.

The second half saw the O.B.'s doing most of the attacking but the School were dangerous in break-aways. The School centre-forward was conspicuous in these raids, and on several occasions nearly got through the defence. After the first 15 minutes goals were scored at regular intervals for the Old Boys through Chrystal (3), Gilchrist and Gardner who went through from half back to score. The School defence had a lot of hard work to cope with owing to the sprightly play of the O.B.'s forwards who certainly combined extremely well. The game was thoroughly enjoyed by all, and considering the strength of the O.B. side the School were not so outclassed as the score (8—1) suggests. Teams— F.H.S.

Old Boys.—H. S. Sanders (capt.); R. Caruth, H. Chrystal; B. J. Clarke, J. L. Gardner, A. R. Gilchrist; J. M.

Hooper, R. E. Newbatt, H. J. Nicklin, M. E. Peppiatt, Major F. J. Wise.

Bury School.—Brassel: Neil i., Evens; Hearn, Miller (capt.), Wise; Baxter, Wombwell, Boughton i., Bugg, Kiddy.

BURY SCHOOL v. COUNTY SCHOOL.

On Saturday, 12th November, the School played the County School XI. away. Having won the toss, Miller decided to play uphill. The School pressed strongly, but from a break-away the County forced a corner. The wind swerved the ball to an unmarked forward who headed it in. Play continued in mid-field until the County secured another goal just before half-time.

Half-time score 2—0.

After the interval the School defence gave way, and the County secured three quick goals. The School, however, gained strength and Hearn scored with a long, drop shot but our backs could not sustain the pressure of the wing men, and the County scored four more goals. The last ten minutes of the game the School held out very well, not allowing the County forwards to get away again.

Full-time score 9—1. Team—

Bury School.—North; Neil i., Evens; Hearn, Miller (capt.), Wise; Baxter, Iggulden, Boughton, Wombwell, Kiddy.

BURY SCHOOL v. ELY.

Played at home on 10th November.

The first exchanges were fairly even, but after 10 minutes, the size, speed, and combination of our visitors began to tell, and they commenced to score rapidly and would have scored more heavily had it not been for some good work by North in goal.

The half-time score of 8—0 was increased to 14—0 in the final half, despite fairly good defensive play by the School. Team— J.E.W.

Bury School.—North; Neil i., Evens; Hearn, Miller, Wise; Baxter i., Wombwell, Boughton i., Kiddy, Bugg.

BURY SCHOOL v. WESTGATE BREWERY JUNIORS.

Played on the Victory Ground on Saturday, 19th November. The School won the toss. In the first half the exchanges were even, till, following a centre from the left wing, Boughton opened the scoring for the School. The Brewery replied with two quick goals, Miller being injured in attempting to prevent the second one. He had to retire to receive treatment.

In the second half the School defended stubbornly, while only good clearances by the Brewery backs prevented the School from scoring. The Brewery, however, over-ran the hard-worked School defence and netted four more goals before the final whistle.

Result Brewery 6, School 1. Team—

Bury School.—North; Neil i., Evens; Hearn, Boughton i., Wise; Baxter i., Kiddy, Miller, Bugg, Parkyn. R.J.B.

BURY SCHOOL v. BOBY'S JUNIOR XI.

This game took place on the School ground on December 2nd. Miller won the toss and decided to play uphill, taking advantage of the wind. For the first quarter-of-an-hour the play was fairly equal, mostly in mid-field. However, the School broke away and Boughton scored; this encouraged the School who put in some nice combination work. Boby's then scored two quick goals from skirmishes in front of the goal. However, Boughton equalised with a low drive. Then play, till half-time, was up and down the field, Boby's getting one more goal.

Half-time score, 3—2.

In the second half Boby's began to get the upper hand, and towards the end of the match they netted four quick goals bringing the score to 7—2 at the final whistle. The School combination work was quite good; the chief fault lying in the backs failing to recover themselves and get back when beaten, thus forcing Miller to play as a third back. Team—

Bury School.—North; Evens, Neil i.; Wise, Miller, Hearn; Rumsey i., Kiddy, Boughton i., Bugg, Parkyn ii.

G.G.N.

Football Review.

Although not a very successful one, the season has brought to light some young players whose experience will be valuable to them next year. The opposing teams have been above our standard, but all the more credit goes to those concerned for sticking pluckily to their jobs, and the scores should not be taken as a true representation of the standard of football played by each eleven.

Unfortunately, near the end of the season, Wombwell fell and fractured his wrist during a game. He was unable to play for the rest of the term.

We have been lucky with the weather, having been able to play on every games' day without exception.

We are grateful to the Headmaster for securing the services of Mr. Pike who once again gave some good coaching.

We are also grateful to Mr. Forrester for playing for us, and to E. Parkin who has kept us well supplied with balls throughout. E.J.M.

[Youth and inexperience are the main reasons for the adverse goal record of our XI's. This is borne out by the high standard reached by many of our Old Boys who continue to play after leaving school. Had they stayed another year or so at school this improvement would have been evident in the school's match result. ED.]

CHARACTERS OF THE ELEVENS.

1st ELEVEN.

*E. J. MILLER (captain and centre-half). A sound player who has filled with great credit a position new to him. His heading has been good, his tackles effective, and he has shown ability in opening up the game.

*P. R. R. BOUGHTON (vice-captain and centre-forward). Has played consistently well throughout the season. With a little more speed he would develop into a really good player. Uses his head well.

*J. D. HEARN (right-half). A speedy player who tackles well. Would help the forwards more if he swung the ball over to the opposite wing. Throws in well.

†K. R. KIDDY (inside-right). A keen young player who will be of great use next season. Is rather slow and should improve his shooting.

†F. B. EVENS (left-back). A player who has a strong kick with either foot. Should mark his wing man more closely, and learn to use his head.

†G. G. NORTH (goalkeeper). Has brought off some wonderful saves during the season, but should learn to catch the ball instead of punching it over the bar.

NEIL I. (right-back). Has a strong kick with his right foot. Should follow the play up field and get back quicker when beaten. Rather hesitant about going into a tackle.

WISE (left-half). Has tried hard throughout the whole season; moves too slowly and kicks too hastily. Heads the ball well.

BAXTER (right-wing). A youngster who in spite of his size, is very fast. Should centre the ball instead of shooting from narrow angles.

BUGG (inside-left). Very slow off the mark. Would do better by occasionally swinging the ball across to the right, instead of always putting it down the left wing. Dribbles well, but to excess.

Also played—

PARKYN II. (outside-left). A player who never gives up. Centres quite well, but must not try shooting from impossible angles. Should cut in when play is on the opposite wing.

WOMBWELL (inside-right). Should make for goal with the ball instead of kicking it as soon as he receives it. His play has gone off towards the end of the season.

BRASSEL (goalkeeper). A goalkeeper who makes full use of his height. He should learn to catch the ball, and should concentrate on the length, not height, of his kick.

* School Colours.

† Half-Colours.

2nd ELEVEN.

IGGULDEN (captain, inside-right). Has captained a successful eleven well. Should be quicker off the mark. Very persevering. Has played some very good games.

FARROW (centre-half). A hard working player, who kicks the ball well. Should make more use of the ball when it comes his way.

JENNINGS (left-back). He tackles strongly and has a strong kick, but should use his head to greater advantage. A hard working player.

TURNER (centre-forward). A very hard working player, but must try dribbling round an opponent instead of going straight into him. Could improve his shooting.

RUMSEY I. (right-wing). Has improved considerably during the season. Centres well, but when in possession of the ball should not go back to beat a man twice. Is faster now than at the beginning of the season.

NEIL II. (inside-left). A youngster who has the makings of a footballer. Should be quicker off the mark. Places the ball well, and is not afraid of using his head.

PARKIN (right-half). Inclined to be rather hasty, and therefore clumsy. Should try to pass to one of his own men instead of kicking the ball anywhere. Must learn to head the ball.

BARKER I. (right-back). A keen player, but should keep to his own side of the field instead of wandering over to the left. Tries very hard.

HERBERT I. (outside-left). A young player who centres well, but is much too slow. Would do better by occasionally practising of his own accord.

Also played—

ISIKSON (inside-right). The most promising youngster of the season, but one handicapped by weight and size. Must keep his position on the field. He will be valuable next year.

BROWNE (goalkeeper). Quite a good keeper, but should learn to come out when an opponent has a clear way to goal.

The Dramatic Society.

On Wednesday, December 7th, we presented a group of one-act Plays in the Athenæum—our third venture in four years. Once again the hall was filled to capacity, and we were pleased to see the Mayor and Mayoress, Sir John and Lady Tilley, several more of the Governors of the School, and a very large number of Old Boys. It is indeed encouraging to play under such circumstances. We shall know the financial result later. Our expenses are heavy and we do not expect more than at most a slender profit. Nor do we wish for more, for all we desire is to pay our way from year to year.

Mr. Hibbins produced the first play, "The Gardener," by Vera I. Arlett, and we found ourselves in the garden of Phocas in Sinope, of Pontus, one summer evening about 308 A.D. Three Roman soldiers, having accepted the hospitality of Phocas, find their host the Christian whom they have been sent to destroy. The cast was as follows:

Phocas	S. Willis.
His Serving Boy	M. W. Neil.
First Roman Soldier	P. E. Brassel.
Second Roman Soldier	E. F. R. Stearn.
Third Roman Soldier	H. S. Turner.

The second of the series, a morality play, "The Rose and the Cross," by Clifford Bax, produced by Mr. Elliott, had its setting in fifteenth century Italy. After showing the type of life preferred by Giselda, the "frank and gay," we saw Pia, the devout, leading her life in a convent cell. The third sister, Francesca, having tried each life, came to the conclusion that if "the soul is great" yet "the senses are fair." Cast:

First Teller	-	-	P. E. Brassel.
Second Teller	-	-	F. B. Evens.
Giselda	-	-	J. C. Jones.
Pia	-	-	H. S. Turner.
Francesca	-	-	P. R. R. Boughton.
Federigo	-	-	M. B. Rumsey.
First Envoy	-	-	P. E. S. Webb.
Second Envoy	-	-	M. W. Neil.
Third Envoy	-	-	G. Wolfendale.

The third and last play was a modern comedy, "To Meet the Count," by *Howard Agg*, and produced by Mr. Swainston. Richard Allan found himself forestalled in a business deal with the Count by his rival and guest of the evening, George Muff. To his delight the Count proved to be a rogue, but his delight was quenched when he discovered his own safe had been burgled by the Count. Cast:

Richard Allan	-	J. D. Hearn.
Miles (the butler)	-	E. J. M. Miller.
Barbara (Richard's wife)	-	J. E. Wombwell.
Elizabeth (George's wife)	-	M. E. Frankish.
George Muff	-	E. Wolfendale.

This year, as an innovation, we tried the experiment of having a short pianoforte recital during the two intervals. Miss Hazel Dorling gave us two admirable programmes.

The evening concluded with the applause of the audience and some suitable remarks from the Headmaster.

We hope to publish the balance sheet in the March *Burian*.

Second Form.	R. P. Adams	R.
	G. C. Baxter	R.
	R. F. Cann	R.
	O. J. W. Gilbert	R.
	M. F. Last	R.
	A. R. Thomson	F.
	R. W. F. Ward	R.
First Form.	D. R. Blewett	F.
	D. G. Horrex	R.
Preparatory.	J. V. Eyles	F.

We note with interest that A. R. Thomson is the nephew of F. R. E. Thomson 1922—24, now of Howes Farm, Martlesham.

Congratulations to G. F. Bevis and E. J. M. Miller on becoming School Prefects, and to P. R. Boughton, E. Wolfendale, J. D. Hearn and W. R. Sewell on becoming House Prefects.

Congratulations to G. F. Bevis, R. J. Caruth, H. J. Chrystal, J. D. Hearn, E. J. M. Miller, E. F. R. Stearn and E. Wolfendale on passing the School Certificate examination with London Matriculation exemption; and D. M. O'N. Brittain, N. W. Elford, M. E. Frankish, H. V. Iggulden and H. S. Turner on passing the School Certificate examination. Altogether twelve out of fourteen passed, a record to be proud of.

We welcome Mr. H. Bramald, B.A., who has joined our Staff this term, and whose help with games and in the house is already much appreciated.

We greatly regret the departure from among us of Miss Fry who for more years than most of us can remember has been Mistress of the Preparatory Form. Miss Fry commenced her work here as long ago as July, 1925; family reasons necessitated Miss Fry's departure. We offer our best wishes and our sincere thanks for such long and devoted service.

We acknowledge most gratefully the welcome and appropriate gift of a Testament and Hymn Book tastefully bound and inscribed, for use at Morning Prayers. We thank the kind donor, our new Governor, but old friend, Mr. F. B. Bevis.

At the request of the Bishop of Dunwich, on the occasion of Speech Day, the School enjoyed an extra half-holiday on

October 17th, which happened to be a lovely day, and was much enjoyed by all.

The Flanders Poppy Day collection, held on November 11th, realised exactly the same sum as last year, £2 8s. 8d., a very satisfactory amount.

The School was honoured by official invitations from the Mayor to Armistice Sunday Service at St. James's, on November 6th, and to the Open-air Service on Angel Hill, on November 11th.

ROYALIST NOTES.

We must first of all congratulate the Royalist XI. on their win over the Foreigner team by 4 goals to 3. The team played very well indeed, and really deserved to win by a greater margin. This victory was somewhat counter-balanced by the defeat of the Royalist 2nd XI. in the Grudings' Cup match by the odd goal in 3. However, we must congratulate the Royalists on the excellent game they played. It is now up to the Royalists to make sure of the hockey match and thus secure that long-lost Games' Cup for the School-room.

J. E. Wombwell was most unfortunate in breaking his arm while playing football a little too eagerly. We extend our sympathies to him and wish him a very speedy recovery.

We have been very well represented in all football XI.'s this term, and as a result have the pleasant duty of congratulating P. R. Boughton and J. D. Hearn on receiving their full colours and F. B. Evens on gaining his half-colours.

The Poppy Day collection from the Royalists was gratifying, and it was pleasing to notice that nearly every Royalist supported this good cause.

Once again, many thanks to the lobby cleaners of this term. They did their work nobly, and succeeded in making the lobby a place of which to be proud. P.E.B.

FOREIGNER NOTES.

Although the Royalists won the 1st XI. football match, the boarders put up an excellent performance, and fought hard right up to the final whistle. Although three goals down at one time they hit back, and, spurred on by Wolfendale i. and

his cheerers, lost by only four goals to three. This certainly was no disgrace. However, what about it you boarders, the Royalists are one stride ahead of us in the race for the Games' Cup.

We had our revenge, however, by retaining the 2nd XI. Cup, when we beat the dayboys 2—1. Team spirit again pulled us through.

We are very grateful to the Headmaster for enabling us to listen to the Armistice broadcast from the Albert Hall, and also for allowing the upper dorm. boarders to see "Good Night Vienna" at the Playhouse. This was much appreciated by all concerned.

We congratulate Wolfendale i. on becoming a House Prefect, Kiddy and North on gaining their half-colours, and all those who won prizes on Speech Day.

The P.T. Cup is still in the balance. We hope the boarder representatives will prevent the dayboys from winning it for the first time since 1935.

The enthusiasm of the boarders for football is such that almost all, without exception, bought photographs. Everyone is looking forward to the plays and the end of term concert.

Every boarder gives best wishes to Drummond i. for success in his School Certificate examination, held at Cambridge at the beginning of December.

Next term the cross-country and Senior and Junior mile races are to be run, so look to your laurels boarders, and see if we can regain the Rose Bowl. E.J.M.

O.T.C. Notes.

The recent crisis, and the subsequent revelations of the gaps in our national defences, should have brought home to everyone the fact that all those who serve in the O.T.C. are doing something towards the immense task of making the nation safe.

With this thought in mind it is a pleasure to welcome 8 recruits this term; it would have been still more gratifying if all those who are of age had joined.

It must be understood that by joining the Corps, boys do not, in any way, commit themselves to service in H.M. Forces.

Membership of the Corps only ensures that Cadets will be given some training towards fitting them to take a part, later, in the defence of their country.

A class of 11 has been preparing for Certificate "A." The practical part will be taken about the middle of February and the written part in March.

Our thanks are due to Captain Elliott, who, for 8 years has guided the destinies of the Contingent and steadily raised its standard of training and efficiency to its present high level.

Promotions—

81-10-98. Cpls. Miller and Stearn to be Sergeants.

F. H. SWAINSTON, Capt.

Scout Notes.

At the end of last term, we lost nine Scouts from the Troop, including three Patrol Leaders. It is hoped that they will realise they are still Scouts, in name and in spirit, and that they will endeavour to maintain the ideas they pledged themselves to observe at their Initiation.

The entry of seventeen recruits has brought up the numbers in the Troop to forty-one. We welcome these new Scouts, and trust they will prove worthy members of the Brotherhood in which they have been enrolled.

The comparatively small number of boarder Scouts, has unfortunately, made it necessary to drop the "Hounds" Patrol from the Register, in order to make the remaining boarder patrols of workable size.

On 22nd November, the Troop was informally inspected by Captain Hunt, acting Commissioner for Education, from Headquarters. In the course of a short "yarn," he congratulated the Scouts on their spirit, and urged the necessity of their training themselves as Leaders of Youth.

A fair amount of Badge work has been done this term, and a considerable number have passed their tests. We thank Matron for having acted as examiner in the Missioner's and Healthyman's Badges.

The Shield was won last term by the "Ram" Patrol.

L.W.H.

Easter in France.

Arrangements are in hand for our Easter visit to the Continent.

This time we intend spending six nights at Wimereux, a little seaside resort close to Boulogne. Within easy reach there are many interesting places worth visits: the mediæval, walled city of Boulogne; Calais; and the sites of the camps prepared by Julius Cæsar and Napoleon for the invasion of England.

On the seventh day we will take an early train to Paris and spend that night and the whole of the next day there and return by the night boat-train. While there the chief and historic places of interest will be visited including, if possible, Versailles.

The estimated cost will be (about) £4 15s. 0d. for those under 16 and £5 for those over 16, from London and return. The proposed dates, which will be confirmed later, are 11th—19th., or more probably 17th—25th April, arrive in London about 6 a.m. on the terminal date.

It is hoped that parents will decide during the Christmas Holidays whether they desire their boys to take part in this trip, so that when the circular of final arrangements etc., is received, they will be in a position to reply immediately.

F.H.S.

Sixth Form Library Notes.

Our library is an extremely beautiful and valuable room, and it is pleasing to note that it is treated as such by all who use it. It is most essential that the room should be used accordingly, as irreparable damage could quite easily be done.

O. C. M. Jennings has himself presented to the library:

"Suffolk and Norfolk," by M. R. James.

"Constable," by M. Sturge Henderson.

We thank him most heartily for these.

Many thanks to the library cleaners who kept the room so clean. May those next term do as well.

P.E.B.

Fiction Library Notes.

This term two-hundred-and-seventy-three books have been borrowed. This may seem a large number, but when days grow short and weather cold the best amusement is to read an interesting novel.

This term a "crime section" has been instituted, and has proved popular. The Librarian would, however, ask subscribers to be careful to return volumes from this section to the proper place on the shelves. The historical section has been less used this term, which seems a pity, as it contains many excellent and exciting works.

Finally, the Librarian would most earnestly request subscribers to use a book-marker, and not to turn down the corner of a page to mark the place. E.W.

Old Boys' Notes.

Old Burians' Hockey Match—

Saturday, 25th February, 1939.

Old Burians' Cricket Match—

Saturday, 10th June, 1939.

The annual football match against the School was played on 5th November, on the School field, and resulted in a win for the O.B.'s. Details of the game are given in the Football Notes.

The following O.B.'s came up to see the match during the afternoon: S. S. Strickland, F. H. Jones, G. Nottage, G. Hawksley, R. Hitchings, J. Hooper, C. R. Paine. Players and visitors were entertained to tea by the Headmaster and Mrs. Wadmore.

In the evening a party of eight visited the Playhouse to see the Bury Operatic Society's presentation of "Goodnight Vienna!" C.R.P.

We deeply regret to record the sad and untimely death, after a brief illness, of Pilot Officer C. L. Haddon. He entered the School in 1918 and left in 1925 to commence

service in Lloyds Bank. In 1936 he joined the R.A.F., and was laying the foundations of a brilliant Service career, being promoted Pilot Officer only last May. It will be remembered that, by skill and gallantry, he landed safely a high-speed bomber, the under-carriage of which had jammed in its retracted position. Our readers will wish to join in sincere sympathy and condolence to Haddon's family and friends.

It is with much pleasure we record the marriage of Dr. E. R. R. Power to Miss May Lilian Muffang, Doctor of the University of Paris, and Lecturer in French at King's College University of London. Congratulations and good wishes to the leaped pair.

Also the marriage of N. D. Home to Miss M. Woollam at Knareborough on September 17th. F. H. Jones was best man.

Also in September last the marriage of E. G. Peppiatt to Miss Elsa Schlaich. Congratulations and good wishes to them both.

The following announcement appeared in the *Times* of November 15th. The engagement is announced between G. V. Richdale, younger son of Mr. and Mrs. T. E. Richdale, of Sutton, Surrey, and Miss M. Aston, also of Sutton. Congratulations and good wishes.

A. L. Morton (1912—1918) has most kindly presented a copy of his newly published work "A People's History of England." The flyleaf bears the inscription "Presented to the VI. Form Library in affectionate memory of my first teacher in History, R. B. Manley," and, in his accompanying letter, the author says "I have never ceased to be grateful for the sound foundation of my historical knowledge laid at Bury School, and I hope that my book may be of some service to staff and pupils." We congratulate A. L. Morton on the completion of an immense task, and thank him most gratefully.

We had the pleasure of a chance meeting with C. Charles while on a motor cycling holiday. He told us he is living at home now—Linden Lea, Lower Hockley Road, Hockley, Essex, and that he often sees A. W. Stacpoole, whose address is still 38, Torquay Drive, Leigh-on-Sea. We hope both will enroll in the O.B.A., and that we may see them here before long.

We congratulate O. C. M. Jennings on passing his London University Intermediate Examination. He tells us he has now secured an apprenticeship with Messrs. Worthington-Simpson, of Newark, the well-known manufacturers of pumping apparatus. We wish him all success.

We congratulate John Hallam on securing an appointment with the East Anglian Electric Supply Co. Hallam will now be at Stowmarket, where his address is 9, Recreation Road. We hope he may find his quarters suitably named.

We had the pleasure of a call from D. P. and S. E. Burt. The former is in business at Felixstowe—64, Hamilton Road. The latter, now a qualified Dentist, is in practice at Yarmouth, having completed his course at Guy's Hospital over a year ago. Good wishes to both.

It is a pleasure to hear M. R. Watkins is a keen member of the Artists' Rifles; he did well at his first trial at Bisley and has also taken up fencing. In addition he plays Soccer with the Artist's XI. It may be worth pointing out that there are excellent and inexpensive facilities for all sorts of sport open to members of this famous Corps.

J. A. Hutchison is now in residence at Oxford. It is good to know the School is so worthily represented at this University.

E. T. W. Whiting tells us how much he enjoyed his trip to Canada and the U.S.A. He welcomes the idea of a London O.B. Dinner, and hopes it may materialise—so do we. All interested should get in touch with M. E. Peppiatt as soon as possible and do their best to rope in others. There are a number of London O.B.'s, and if they take the *Burian* they have valid addresses of all other subscribers—another good reason for taking the Magazine.

The Rev. H. W. Snape called at the School during the Summer holidays. We are sorry thus to have missed welcoming a senior O.B. and hope we may have that pleasure at some future date.

F. J. Crawley writes from 9, Paris Street, S.E. 1, to tell us he finds his work with the L.C.C. varied and interesting. He hopes to visit the School soon, and may be assured of a welcome when he does.

T. L. Reed Cooper, referring to a note on the first bicycle race ever held in the School sports, kindly sends us the full report which appeared in the *Bury Free Press* at the time. It is couched in rather more stately language than would be used now, and reads:—

"The weather was not propitious, for though the East wind had abated, there was a drizzling rain which continued throughout the afternoon, and marred the success of the proceedings."

Reed Cooper's name duly appears as the winner of the senior high jump. The date is given as the 12th, and the year thought to be 1879. Our readers may be left to surmise the month from the description of the weather.

A pleasing and spontaneous innovation this term has been the attendance with the School of more than one Old Boy at Sunday Morning Services.

After a long silence, we were very pleased to hear that J. E. Hall is in Southern Rhodesia, and is doing very well there. We should much like to hear from him direct.

It was a pleasure to receive one of F. H. Jones' regular letters. His firm is moving from Slough to Overton in Hampshire into premises belonging to Portal's, of Bank note fame. Jones adds the mill has hitherto been used for storage, but not of Bank notes, which is a pity. He tells us that D. E. Turner has left the R.A.F., and is now in charge of a Civil Aerodrome in Ayrshire, where among other things, he is to train Civil Airguard Pilots.

Shortly afterwards, D. E. Turner, writing from Prestwick Aerodrome, Prestwick, Ayrshire, confirmed this news, but adds that he has not finally left the R.A.F., and hopes to be promoted Squadron Leader before long. He says he has taken a house in Troon, and is comfortable and happy there. Best wishes to Flight Lieutenant and Mrs. Turner in their new home.

We have to thank Turner for calling our attention to the award of the Distinguished Flying Medal to H. K. V. Marshall. In Turner's word this is "an excellent show." Very sincere congratulations to Marshall on such a fine achievement.

A brief note, and a promise of more to follow, accompanied a most interesting book on the History of South Africa, most kindly sent us M. C. Husk. We greatly appreciate this kind thought and congratulate Husk and Johnson on their continued progress.

J. F. V. Marshall, writing from 81, Northchurch Street, Islington, N. 1., tells us that he was one of the five successful out of seventy candidates for the Metropolitan Police Force, and that he commenced his service in September last in "G" Division. The people at the Station are most friendly and helpful and the work very interesting. Marshall has been lucky enough to be chosen to play in Football, and Water Polo Matches for his Division, also, when possible, in a good amateur soccer team in the Middlesex County League. This interesting letter ends with good wishes to the School. We congratulate Marshall and wish him success and advancement.

We had the pleasure of a visit from T. E. Pellew (1927-29), address now, "Strathmore," Sherwood Park Road, Sutton, Surrey. It is a long time since last we saw him, and we were glad to find him looking fit and to hear a good account of his progress.

G. E. Naish (1917-22) called recently. He is now at Furneux Pelham, Buntingford, Herts. We were very pleased to make his acquaintance and to hear he is a keen Territorial Gunner.

We are informed G. G. Carter has also joined a Territorial Battery at Bournemouth. Congratulations.

A biography of Edward FitzGerald (1819-26), translator of the Rubaiyat of Omar Khayyam, is being compiled by Mr. A. McK. Terhune, of Syracuse University, New York. Mr. Terhune would be grateful for any details of the School in Edward FitzGerald's time. Should any Old Burian happen to have family papers giving any details of the School a hundred years or more ago will he kindly communicate with the Headmaster.

F. J. Wise has very kindly sent us the Football Fixtures card for the 1902-1903 Season—in those days there was no change-over to Hockey after Christmas. It must have been one of the most successful Seasons in the history of the School, for the summary was played 28, won 17, drawn 4, lost 7. Seventy three goals were scored for the School and only forty three against. Matches against Ely School were won 7—1, and 2—1, against Ipswich 2—1, while that against Norwich was drawn one all. The captain was E. F. Wise, the vice-captain L. E. Shadwell. In his covering letter F. J. Wise says "I received my First Eleven colours for getting three goals against Ely on November 5th, 1902, and thirty six years after to the day I played for the Old Boys against the School.

In that year we never lost a School match, and of the seven matches lost, four were only by the odd goal. We were rather proud of our record. I was in the School XI. the previous year when G. B. Groom was captain, when the average age of the side was rather higher." We are grateful for this most interesting and wonderful record and congratulate F. J. Wise on his share and sportsmanship.

P. E. Williams writes from Halton Camp, where his address is Block 5, Room 6, "A" Squadron, No. 3 (A) Wing to say he continues to find the work interesting, and to enquire about the forthcoming Plays. He was pleased to get an invitation to attend the London O.B. Dinner, but is not able to get away. Good luck to Williams.

We were pleased to hear from G. Tooth. He tells us he is in the Advertising and Publicity Department of Messrs. Lyons, and speaks highly of his work, and of the firm. His address is 19, Cedars Road, Maidenhead.

We were pleased to get a long letter from J. A. Hutchison, describing his first term at Oxford. He has obviously enjoyed it, the more so as he had been playing Hockey for his College, and is also a member of the Cross-country team. Congratulations and good wishes.

We are pleased to hear that, on the strength of his School record, J. Hallam has been granted exemption from the preliminary examination of the London Association of Accountants, and that he hopes to take the intermediate examination before long. Good wishes for success.

We are pleased to hear that R. F. Halliwell has passed out of Cranwell successfully. Congratulations.

An "over forty" Old Burian Cricket Fixture is proposed for next Summer term—in addition to the usual Old Burian Cricket Match. The idea is warmly welcomed at the School. Any Old Burian interested should get in touch with Major F. J. Wise, Cropredy Lawn Farm, Cropredy, Banbury, Bucks.

London Old Burians are reminded of the many advantages of belonging to the Artistes' Rifles, amongst others the inexpensive facilities for all sorts of sport. An enquiry at the Headquarters of this famous corps, Duke's Road, Euston, W.C. 1, is sure to meet with a friendly and helpful response. Several Old Burians already belong.

Obituary.

W. J. HUTCHINGS, M.A.

SIXTH FORM MASTER 1900—1908.

Many Old Boys of a generation ago will retain a warm corner in their hearts for W. J. Hutchings, who died on April 22nd, 1937, at Bristol, at the ripe old age of 83. He was blessed with all his faculties right up to the end, and only a few days before his passing, was giving lessons to a private pupil "just to amuse himself," as he said.

Educated at Tonbridge School and Sidney Sussex College, Cambridge, he became assistant Master at Ashby-de-la-Zouch Grammar School, and then at Norwich School. His first Headmastership was at Haverfordwest Grammar School, and from there he went to Grantham Grammar School. After a while he came to Bury School, and the Sixth Form Room became for many years his own particular retreat. Even now, whenever I happen to go into that room I almost expect to find at the old desk a bald-headed, bearded and gowned figure with manuscript books opened out, commenting on the work of those in front of him. He wrote in a small, spidery hand and must have made his own translations of everything that mattered in Latin or Greek.

Sometime the books would be closed, and a fishing story would be told. He was a country lover, and a great walker, a keen fly fisherman and his fishing yarns were typical.

Fair and just, he was always popular with the boys, and as he lived in Northgate Street, and usually ran most of the way to School along the bank of the Lark through the Abbey Gardens, many were the contests he had with boys coming down the centre path to be first at the bridge. Whoever won shoved the gate against the one behind in the hope of arriving first for Prayers in the Big School. I can see him now, with that twinkling look of satisfaction, when he managed to gain by reaching the gate first. It was all good fun, and formed a bond of friendship between master and boys. The human touch is never wasted.

His scholastic attainments were high, and the many successes gained at the Universities and elsewhere testify to his teaching ability. He left Bury School on a change in Headmastership in 1908, and for sixteen years was Classical Master at Bristol Grammar School.

Mrs. Hutchings—a quiet, homely and kindly soul who mothered eight children—survived her husband after fifty three years of married life. Three of their sons—H.W., E.J., and C.E. were at the School with their father. The first became an Army Chaplain, the second was killed at Gallipoli and the third, after war service, became Headmaster of the English High School at Buenos Aires. The youngest son is now an Army Staff Officer in India.

Friendship, loyalty and admiration prompt me to write these few lines about an old master who helped for over fifty years to mould the lives of so many boys upon right lines, and who, to his very great credit, as the head of a large family, kept up his end through a long innings which must have been difficult at times. F.J.W.

School Calendar, 1938—1939.

1938 AUTUMN TERM, first session	...	Thursday, 15th Sept.
1938 AUTUMN TERM, last session	...	Wednesday, 14th Dec.

Notices.

The Burian Magazine.

The Editor thanks sincerely all those who have contributed or otherwise helped in the production of this Number. He apologises for any mistakes or omissions and will be grateful for any corrections or additions.

The Editor invites contributions from past or present Burians. All contributions must be written on one side of the paper only, and be accompanied by the writer's name—not necessarily for publication.

Annual subscription to the *Burian Magazine* is 4/6, or 5/- post free. It is a great help to the finances of the Magazine if subscriptions are paid in advance to:—

The Editor, "The Burian,"

King Edward VI. School, Bury St. Edmund's.

Copies of back numbers of the *Burian* may be obtained from the Editor, price 1/7 post free.

Old Burians' Association.

Annual Subscription to the Association is 4/-. Life membership of the Association may be assured by a single payment of £2 2s. 0d. Ten annual subscriptions no longer confer life membership. These alterations were carried at the last Annual Meeting of the Association.

Subscriptions should be paid either to the Hon. Secretary and Treasurer:—

C. R. Paine, 3, Grove Park, Bury St. Edmund's,

or to any of the Assistant Hon. Secretaries:—

*M. E. Peppiatt, 47, Wix's Lane,
Clapham Common, London, S.W. 4.*

G. M. Chrystal, Thorpe Morieux, Bury St. Edmund's.

H. S. Sanders, 90, Catton Grove Road, Norwich.

Old Burian ties (from 4/6), scarves (from 8/11), blazers (47/-), etc., are obtainable only from S. S. Strickland, 47, Abbeygate Street, Bury St. Edmund's. Christmas novelty, cuff links with Old Burian crest in coloured enamel and gold fronts, guaranteed ten years, 15/6 a pair.
