Editorial.

"WE are always learning," said the boy with the smile of achievement on his face and without a tinge of tiredness in his tone. Instead of wailing out the "always" he proudly stressed the "We," implying that the very best people do it, because it is the very best thing to do. His smile, as he thrust his hockey stick into the rack, showed that he was supremely pleased with the conditions of achievement and not altogether dissatisfied with the result of his own efforts; for had he not been doing his best to learn the whole duty of a hockey forward, and, of course, that is a lesson worth learning.

Yes, "we are always learning," if we are keen, and we soon find it to be much pleasanter than slacking and much easier and less painful than unlearning. But some of us are so forgetful—just like the tiny tenderfoot who tied himself into a knot instead of the string—that sometimes it hardly seems worth while.

Nevertheless we really are learning, or trying to, which is much the same thing; and since even our pious Founder in his generosity did not bequeath to us a royal road to learning, we are taking the everyday path of endeavour to the sun-kissed city of Success.

In January we returned to find the interiors of the Big School, Classrooms and Dining Hall redecorated, the original green having largely given place to a cheerful yellow tint. Our observing scientists record that at least a portion of the community seem to be sensitive to colour stimulus. Whether this be a contributory cause or not, the standard of work has improved in the course of a long and arduous term. The defining line separating the high seas of knowledge from the abysmal depths of ignorance has risen ten per cent. Not a few erstwhile wrecks have floated off on the rising tide, the few still remaining on the rocks stand in danger of becoming submerged unless their crews take immediate and vigorous

action instead of futilely beginning to send out the S.O.S. to the salvage corps which for a long time has been doing all it can to help them.

The O.T.C. has worked steadily on one afternoon a week in spite of difficulties, disappointments, and the weather, and is achieving a uniformity of action which must be a source of pleasure to the O.C.'s eagle eye and of relief to the sergeant's strained voice. To the Scouts, who now appear like mushrooms on the field, we tender our felicitations. In their green jerkins and semi-invisibility, they present a very fair illustration of Euclid's definition of lines straight and parallel, when marching past.

The results of the introduction of Physical Training throughout the School this term, is already visible both in the improved physique and carriage of many boys and to an even more marked degree in the increased alertness and resource of some, especially the instructors.

With regard to Games the winning of the match against the East Anglian School is a matter of congratulation to all members of both teams; as is the award of the coveted colours—which include the new hockey caps—to many. Our readers will note that the characters of the teams have been brought up to date to mark the new era.

The outstanding feature of the Athletic programme this term has been the Sports. We desire to take this opportunity of thanking all those friends of the School who have shown their interest in our affairs by acting as Officers of the Course or helping in other ways. We also wish to thank the generous givers of prizes, and donors of the Sports' Prize Fund. Thanks to the generosity of our Sporting Governor, Mr. E. L. D. Lake, the School now possesses an eighth Challenge Cup. This handsome trophy has been given for Inter-house Competition in the Relay Race.

As yet the half is not written of the happening of the term, but even editorials must have an end, so we will wish our readers farewell and a splendid Easter vacation with just one day of April showers, in which to find leisure to read the *Burian*.

Debating Society.

The School Debating Society continued its meetings this term.

Seven debates have been held, up to the present, and nine will have been held by the end of the term.

The motions which have so far come before the House are:—"That a savage is happier than a civilised man," lost by 4 votes to 13; "That sweepstakes should be abolished," lost by 3 votes to 15; "That the large amount of time spent in the study of newspapers is both injurious and unnecessary," carried by 15 votes to 6; "That Prohibition would be mischievous in England," carried by 20 votes to 2; "That it is never justifiable to deviate from the truth," lost by 8 votes to 15; "That wireless is the most beneficial invention to man of the last few centuries," lost by 2 votes to 16; "That the Army is more beneficial to England than the Navy," lost by 5 votes to 14.

The debate against the Masters was held on March 27th, the Masters proposing that "Man is changing his environment so rapidly, that he is in danger of being destroyed by his own achievements," the boys opposing. This subject was chosen for a debate against the Athenaeum, but, owing to the illness of Dr. Hinnell, who was opposing the motion, the debate was cancelled.

An impromptu debate will be held at the end of the term.

Cambridge Letter.

It is once more my task to write a Cambridge letter. I spent half the term thinking what to say, and now the Vac. has come, and still I don't know quite what to write. The other day, however, I saw the Editor of *The Burian* and told him what a difficult thing it is to write this letter. He said it ought to be easy because we (*i.e.*, the Old Burians in Cambridge) do such a lot of things about which we could write. Of course, if I wrote about all the things we do, I should want a special volume of *The Burian* published. However, I will try to give some idea of our activities.

There are at present four Old Burians in Cambridge, two at Peterhouse, one at John's, and one at Sidney Sussex. The one at John's plays Rugger quite often, and in his spare time reads a little maths, and attends one or two lectures. Our representative at Sidney is a specialist in Little Go, and later on, I am told, he intends to write a few History books.

When I think of one of the Old Boys at Peterhouse, I realise what a wonderful man he is. If you can picture to yourself a very tall thin man with the face of a poet, and a halo of fair hair enough for two, you will have a very good idea of him. Towards the end of last term several people noticed that a certain barber in Cambridge had some very excellent wigs for sale, and, on further investigation, it was discovered that this O.B. had just been to see him on business. Last term this Old Burian became famous throughout the Varsity in one single day. He started a Victorian Society and was elected President at the first meeting. As I can imagine the readers of this letter saying "What is this Society?" I will try to explain it, although I don't know very much about it. The chief idea, I believe, is to improve University dress, or, in the words of the President himself, "to make Varsity dress more interesting!" This famous Undergrad. has set a good example by wearing a mauve coat and green tie (I am surprised he didn't choose a red one). It is rumoured that he is intending to persuade the senate to compel all members of the University, presumably including themselves, to wear these interesting clothes. Shortly, I believe, fine long cloaks are to be added.

Besides being President of this wonderful Society, he is Sub-Editor of the *Peterhouse Sexcentenary Magazine*. Later he hopes to found a University Labour Paper, not that the Peterhouse Magazine is labour, far from it!

When I think of the fourth Old Burian, the other one at Peterhouse, I find I know very little about him. I believe he studies a branch of Science from morn till morn, and plays hockey in his spare time. I will try to persuade someone who knows more about him to write the letter next term.

Finally, I want to say that all the Old Boys at Cambridge wish the School the best of luck, and feel sure that, under the care of the new Head Master, the famous old School will continue to prosper.

By the way, there is plenty of room for more Old Burians at Cambridge.
G.J.H.

School Worthies.

Two busts have been placed in the Dining Hall this term to grace the corners of learning, erstwhile dedicated to the mysterious appliances of the prep.

That which first made its appearance is the representation of Sir Benjamin Heath Malkin, S.B.A., which used to stand in the Hall.

Sir Benjamin was the eldest son of Dr. Malkin, the renowned Head Master of 1809—1828. After passing through the School he went up to Trinity College, Cambridge. He was a Scholar and Third Wrangler, and was elected a Fellow of his College on obtaining his B.A. in 1818.

He practised as a barrister and was made Chief Justice of Prince of Wales' Island, and afterwards a Judge of the Supreme Court of Calcutta. He was a man of great abilities, who promised great things, but died of fever in 1887, aged 41.

His brother Frederick was a brilliant scholar. As Senior Classic at Cambridge in 1824—the first year of the publication of a Classical Tripos list—he "Heads the Classical Tripos to all eternity."

Another brother, Arthur, also proceeded to Trinity and took a good degree. The story runs that he, too, would have obtained a Fellowship had there been any precedent for three brothers holding Fellowships at the same time. He was an original and eminent member of the Alpine Club, practically discovered Zermatt, and, at any rate, wrote the first account of it in *Murray's Handbook*, and is also renowned as one of the Undergraduates who rowed a 6-oared boat across the Wash, when rowing was in its infancy at Cambridge, and the Varsity Race undreamed of.

Well may the School gaze with pride on the features of a member of the illustrious family of Malkin.

The other bust is of the famous Dr. Donaldson, Head Master of Bury School from 1841 to 1855, the friend of Donne, Kemble, and Spedding.

It has been presented to the School by the Master of Peterhouse, Sir Adolphus Ward, who is himself an illustrious pupil of the famous head master.

Of the learned Doctor, who was a keen critic and a Colossus of Languages, many things are written in the Book of the Chronicles of the School of Bury. Looking upon that adamantine face one can imagine with what force, nay fury, the scornful aphorism "Cut can't out of your dictionary" was hurled at faint-hearted scholars.

The Sports.

The Sports were held in bitter weather, on Thursday, April 3rd. A strong north-east wind was blowing, which gave no chance of record times being made. In spite of the weather conditions a large number of Old Boys, Parents of present boys, and friends of the School were present.

The Officers of the Course were:—

President: The Head Master; Hon. Sec. and Treasurer: Mr. Manley; Time Keeper: Mr. Hendin; Starter: Mr. McGlone; Clerk of the Course: Mr. Seymour.

The Judges were: The Head Master, Mr. Ridley Hooper, and Mr. Conlan.

The Committee: M. J. Birmingham, E. D. Boby, A. S. Waugh, D. Alston, G. D. Fulcher, and G. V. Richdale.

The Stewards: Messrs. Seymour, Dancy and Dalton.

The best runners among the Seniors were Waugh, Thomson, Fulcher i, Cook and Birmingham. Waugh obtained firsts in the 100 yds., 220 yds., Quarter-mile, and Mile, and was 3rd in the Cross-Country and Long Jump, thus winning the Champion Cup for the 2nd time with 40 points, twice as many as last year.

Thomson ran first in the Cross-Country, thus winning the O.B.'s Cup. He was second in the Mile, bracketed second in the Quarter, and bracketed 3rd in the High Jump and 220 yards.

Robinson won the "Under 15" Cup with 12½ points, coming first in the Junior Quarter and 100 yds., and was bracketed 3rd in the High Jump.

The events were very severely contested, and there were several dead heats for the 2nd and 3rd places.

A new feature was introduced into the programme, this was a Scout Stretcher race, which besides being an excellent team race, proved to be a most diverting spectacle.

Amongst the Juniors, Abbot, Bacon, and Gould ran well, and Clarke and Porter jumped very well. Porter was very unfortunate in slipping and hurting himself. Robinson ran away with his races in fine style, and made a great up-hill effort in the Relay Race. This, backed by Waugh's, largely helped to win the Sports Shield for the Tudors. Marshall ii, who came in 3rd in the Half-Mile handicap, and 7th in the Cross-Country promises to be a long distance runner, he was also well up in the "Under 13" 100 yds. Champness, who again won the prep. race, should become a useful sprinter. Higgins' effort in the Half-Mile handicap showed him to have stamina and perseverance. Smith ii. and Nice ii. are also very promising runners.

A large Silver Cup has been given by Mr. E. L. D. Lake, for inter-house competition in the Relay Race. This year it was won by the Lancastrians, Cook breasting the tape, with the Tudor and Yorkist House Representatives very hot on his trail. This was in many respects the best race of the day, and certainly called forth the most interest and applause from the spectators. The Old Boys gave an inscribed cup for the Cross-Country Race, and our Comptroller, the Rev. Dr. Gray, who is himself an old Quarter-Miler, gave a fine cup for the Open Quarter. The Head Master also gave a cup for the "Under 15" Quarter. Prizes or donations were also given by:—Mrs. Wadmore, Mrs. J. M. Wadmore, J. W. Alston, Esq., H. Bankes Ashton, Esq., D. M. Boby, Esq., H. L. Burlingham, Esq., Dr. W. J. Caie, The Ven. Archdeacon Farmiloe, E. F. Goldsmith, Esq., E. Goldsmith, Esq., R. Goldsmith, Esq., J. S. Gough, Esq., P. F. Groom, Esq., G. W. Henshall, Esq., Dr. J. S. Hinnell, J. Ridley Hooper, Esq., Dr. C. S. Kilner, R. B. Manley, Esq., S. J. M. Sampson, Esq., D. Thompson, Esq., C. Waugh, Esq.

The results of the Events were:—

THROWING THE CRICKET BALL (decided March 25th).—1 Thomson, 2 Birmingham, 3 Bond. Distance, 73 yds.

 Winners of Sports Shield.—Tudors, 710 points.
 Winners of Hockey Shield.—Lancaster.
 The Sports House points were:—Tudors, 710; Yorkists, 651½; Lancas-
 trians, 517½.

At the completion of the programme the prizes were presented to the winners by Mrs. J. M. Wadmore in the Big School. The Head Master, on behalf of the School, thanked the visitors and donors of prizes for their support, in a graceful speech. Alderman Hooper proposed a vote of thanks to Mrs. Wadmore and to Col. Wadmore, which was heartily endorsed. He remarked that in the classroom the mind was informed but on the playing fields the body was built and the character formed, which was even more important.

Mr. Sampson, on behalf of the donors of prizes, said that he observed the prizes were of two kinds, useful and ornamental. He hoped that those who secured the latter would look at them with pride and pleasure and would later add to their collection. He also hoped those who won prizes such as cricket bats would make a good many runs and always play a straight bat. He, as District Commissioner, congratulated the School on its flourishing Scout Troop, and the team work

exhibited in the Scout stretcher race. He remarked that he and the Head Master had for some time during the War soldiered together, and he had seen Col. Wadmore then teaching men to enjoy their work and games, and he was quite sure the boys were having the same experience under him.

Cheers were then called for and the visitors were entertained to tea in the Dining Hall by Col. and Mrs. Wadmore.

Football.

BURY SCHOOL v. THETFORD SCHOOL.

This match was played on the School ground on a cold and windy afternoon. Unfortunately the School were not at full strength. The School, winning the toss, played down, and, after about a quarter-of-an-hour's play, Birmingham scored with a good shot. The Thetford forwards soon assumed the offensive, and managed to score with a shot that should have been saved. Almost immediately they scored again by a good drop shot from their outside left. The School now had more of the game, and Birmingham scored again from a *mêlée* in front of goal. Thurlow was unfortunate in hurting his knee and had to leave the field. About ten minutes before half-time Thetford scored again, and, just before the whistle went, Boby, after some splendid work, scored with a brilliant shot, thus making the score 3—3.

Directly after half-time the School pressed, and Ashton was unfortunate in not scoring. Boby took a corner and placed the ball right in front of the goal-keeper, who diverted it into the net. After a few more minutes' play Thetford scored, but Boby soon gave the School the lead again. Following this, the Thetford forwards got away, and managed to score twice; one of the shots should certainly have been stopped. The final score was 6—5 in Thetford's favour.

Boby played an excellent game at centre-half, and Ashton and Birmingham shone in the forward line. Team:—A.S.W.

Bury School.—Hinnell, goal; Fulcher, Cook, backs; Shearing, Boby, Thomson, halves; Alston, Birmingham, Ashton, Bond, Thurlow, forwards.

BURY SCHOOL v. BURY ST. JOHN'S.

This match was played on the School ground. Ashton won the toss and chose to play up the hill. St. John's kicked off and the ball was transferred to their left-wing man, who ran down and centred, but Fulcher cleared, and relieved the situation. The School then took up the attack, and Ashton narrowly missed scoring. End-to-end play continued, and half-time found the teams level, no goals having been scored.

The School, on the resumption of play, hemmed the St. John's in their own half. Their backs had a great deal of work to do but did it finely, and their goal-keeper was called upon to save shots from all angles, and acquitted himself admirably. One shot had him well beaten, but, to the consternation of the School supporters, hit the cross-bar. Ten minutes from the end, Waugh made a run through, and scored with a lovely low shot in the corner of the net. St. John's tried hard to equalise, but no further goals were scored, and so the School retired victorious by 1—0, of a well fought game.

Special mention must be made of Fulcher, Waugh, and Birmingham, who played very well throughout; they were well backed up by the halves. Team:— E.D.B.

Bury School.—Hinnell, goal; Fulcher, Thomson, backs; Shearing, Boby, Cook, halves; Alston, Waugh, Ashton, Birmingham, Bond, forwards.

BURY SCHOOL v. THE OLD BOYS.

Played Thursday, 13th December. The Old Boys brought up a strong team, captained by McGlone, and a fast game resulted. In the first half, playing up, they scored and continually pressed, being greatly helped by the kicking of their backs. The School responded with rushes, but were unable to score.

In the second half, after 15 minutes' play, the Old Boys scored again, to which the School replied, Alston putting the ball into the net. Just before time, after many efforts, the Old Boys scored once more, and thus ran out winners by 3—1.

Fletcher played a fine game in goal, and Boby and Thomson were prominent in the field. The Old Boys showed

that they still retained their ancient skill with the ball, and demonstrated things worth knowing about the game. Teams:—

Old Boys.—Burlingham, goal; E. Ashton, C. Yelloly, backs; Stearn, McGlone (capt.), Steed, halves; Capt. Skinner, Kilner, Dowse, Conlan, J. Naish, forwards.

Bury School.—Fletcher, goal; Fulcher, Thomson, backs; Wreathall, Boby (capt.), Shearing, halves; Bond, Mr. Manley, Birmingham, Alston, Crowe, forwards.

BURY SCHOOL v. HAWSTEAD.

This match, the last of the season, was played on the Hawstead ground on December 15th. Unfortunately the School team was not at full strength, having Ashton and Waugh absent. However, by half-time the score stood at 2—1 in our favour, Birmingham and Gould ii. being the two goal-scorers.

In the second half the School defence was rather weak, and by time, the Hawstead team had scored another four goals, leaving the score at 5—2 in their favour. E.T.W. Team:—

Bury School.—Hinnell, goal; Cook, Fulcher i., backs; Alston, Thomson, Shearing, halves; Crowe, Gould, Boby, Birmingham, Bond, forwards.

CHARACTERS OF THE ELEVEN.

*†§J. N. B. ASHTON (Captain, centre-forward). A very keen player himself, has been inclined to overlook slackness in others. A clever dribbler, but must remember to go straight for the goal on receiving the ball. Shoots with judgment.

*†§E. D. BOBY (centre-half). He has been the mainstay of the team. Is an excellent shot with either foot. His footwork is good but he does not pass enough. Is rather handicapped by his lightness. He is inclined to put too much feeling into the game.

*A. S. WAUGH (inside-right). His passing is good. He combines well with his outside man. His shots should be harder and at the first opportunity.

- *C. J. HINNELL (goal). He has been kept busy during most games and has played very well. His nervousness at a critical moment sometimes makes him fail where he would have otherwise succeeded.
- *G. D. FULCHER (right-back). Has improved greatly. He has a powerful kick and tackles with great determination. He uses his weight well. His slowness in clearing, and in getting back, has sometimes proved fatal.
- *M. J. BIRMINGHAM (inside-left). Towards the end of the season he made a marked improvement and was the most prominent of the forwards. His shooting is of the best, hard, and with a deadly accuracy. He takes a pass well and makes the most of it.
- *F. R. E. THOMSON (left-back). A hard-working player. He marks his opponent well and is most reliable. Must learn to kick with his instep.
- *A. G. SHEARING (right-half). Has played well throughout the season. He attacks an opponent well. Is at times rather slow in clearing.
- †E. W. COOK (left-half). He has a strong kick, but should learn to control it. He does too much running round his opponent instead of going in at him.
- †W. E. R. BOND (outside-left). He has improved greatly, but is rather handicapped by his size. His centering is quite good, but should be harder. At present he lacks speed, but with size speed should come. Should learn to combine with his inside.
- †D. ALSTON (outside-right). A very promising player with a good knowledge of the game. Has played well throughout the season. Like Bond, he is handicapped in size.

 § 1st XI. Colours, 1921. † Half-Colours, 1923.

SECOND ELEVEN CHARACTERS.

- †WREATHALL (right-back). Has shown himself a capable captain, instilling confidence and keenness into his team. At back has been a tower of defence, has a strong kick, but is a bit slow.

- †SETH (centre-half). Has improved, must learn to clear to his wings. He tackles well and tries very hard.
- †CROWE (outside-right). Has improved considerably. Dribbles down the wing, but his centering is apt to be weak.
- †WRIGHT (inside-right). Is handicapped in size and pace; but has improved, and tries very hard. Is always on the ball.
- †FLETCHER (goal). Has improved, but must learn to pick the ball up more and rush out less. Must judge the ball better, and put more energy into his play.
- †THURLOW (outside-left). Gets away well with the ball, has improved, must combine more with the other forwards.
- *GOULD (centre-forward). Has improved considerably, has speed, combines well with the other forwards, and is a good pivot.
- *HALL I. (right-half). Must kick more accurately and mark his opponent. Tries very hard, has improved. Is rather slow and awkward.
- *CARTER (left-half). Must tackle harder and get to his outside man. Must learn to use his weight. Tries very hard, and passes well to his wing.
- *ABBOTT (inside-left). Has speed, shoots well, is rather fond of wandering about. Has shown improvement.
- GOODING I. (left-back). Has improved, kicks well. Must tackle sooner and not run away from his man.

Also played :—

- TURNER I. (inside-left). Shows promise. Must learn to combine with the other forwards, and go into the man. Does not quite know his place.
- NUNN. A pushing player, tries very hard. Has improved, but does not combine with the other forwards.

BURY SCHOOL v. BURY TOWN 2ND XI.

This match was the first of the season, it was played on 2nd February, in glorious weather, on the Victory Ground. The School won the toss and played with the sun at their backs. In the first five minutes Waugh scored for the School. Bury Town soon equalized, and, before half-time, scored again.

After half-time, Bury obtained a goal from a corner. Waugh scored again soon after the bully-off. Before time, Bury Town found the net twice again, the match resulting in a loss for the School of 5—2. Team:— W.F.

Bury School.—Fletcher (capt.), goal; Thomson, Hall i., backs; Carter, Boby, Cook, halves; Alston, Fulcher i., Waugh, Birmingham, Bond, forwards.

BURY SCHOOL v. IPSWICH SCHOOL.

This match was played away on the Ipswich ground, on 9th February, in rain and mud. The School forwards started off very well, making a very determined rush, but failing to score. The Ipswich forwards soon began to attack, and, in the first five minutes, had scored; they added to their score rapidly, and, at half-time, had obtained 6 goals. Several fine attempts to score were made by our forwards but no score resulted. When the whistle blew for time the score was 12—0 in the favour of Ipswich.

Coop played a good game at half, hitting very hard. Team:— W.F.

Bury School.—Fletcher (capt.), goal; Thomson, Hall i., backs; Cook, Boby, Carter, halves; Bond, Birmingham, Waugh, Fulcher i., Alston, forwards.

BURY SCHOOL v. BURY TOWN "A."

This match was played at home on Saturday, February 23rd. The weather was cloudy and showed signs of rain. The School won the toss and played down the hill. At half-time the score stood at 2—1 in favour of Bury Town, Fulcher i. scoring for us.

After play was resumed the School had more of the play; the Town soon scored again, to which Waugh replied after a fine effort. The Town scored twice more, then Fulcher i. added a final goal, the scores standing at time at 5—3 in the favour of Bury Town.

Fulcher and Waugh were the outstanding forwards. Team:— W.F.

Bury School.—Fletcher, goal; Mr. Hendin, Hall i., backs; Carter, Boby, Mr. Manley, halves; Bond, Birmingham, Waugh, Fulcher i., Alston, forwards.

BURY SCHOOL v. THE BARRACKS.

This match was played on the School ground on Friday, the 7th March, an extra half-holiday being granted for the occasion. The Barracks team contained several officers, Captain Periera, the Suffolk County player, being one of them. The School won the toss and played up the hill. Almost immediately from the bully-off the Barracks got away and nearly scored. End-to-end play followed, and, after about ten minutes' play Waugh scored for the School. The Barracks soon equalised, and, before half-time, scored four more goals, mainly through the brilliance of Captain Periera.

After half-time the School had more of the game and scored twice through Birmingham, whose second shot was a very good one. The Barracks scored two more goals before the end which came with the score 7—8.

Birmingham played a very good game, and the whole team tried hard. Team:— A.S.W.

Bury School.—Fletcher, goal; Mr. Hendin, Hall i., backs; Cook, Boby, Thomson, halves; Alston, Birmingham, Waugh, Fulcher i., Mr. Manley, forwards.

BURY SCHOOL v. EAST ANGLIAN SCHOOL.

This match was played on the School ground on March 8th. The School won the toss and played down the hill. The E.A.S. pressed from the bully-off but could not reach the circle, then the School broke away and nearly scored. After about twenty minutes' play Waugh scored for the School.

The E.A.S. again pressed hard but were unable to score, Fletcher, on one occasion, making a fine save. The School then tried hard but failed to score again, and thus led by 1 goal to 0 at half-time.

Soon after half-time Waugh scored again. Afterwards the E.A.S. scored, but although they tried hard to equalise they did not succeed. The School thus won by 2 goals to 1. The game was however rather spoilt by fouls.

Fletcher in goal, Thomson at back, and Waugh at forward, played well. This is the first time for many years that the School have beaten the E.A.S. Team:— M.J.B.

Bury School.—Fletcher, goal; Hall i., Thomson, backs; Cook, Boby, Carter, halves; Bond, Fulcher, Waugh, Birmingham, Alston, forwards.

BURY SCHOOL v. CLARE.

This match was played on Saturday, March 15th, in very fine weather, on the Clare ground. The School, winning the toss, played with their backs to the sun, they pressed very hard and came near to scoring. The game was very slow, our forwards being unable to get moving on account of the ground. Half-time came with the score 0—0.

Play was resumed and Clare soon scored. The School forwards made a combined rush and forced a corner; Boby had very hard luck, putting the ball over the cross bar. After that a series of corners were awarded against Clare. Clare soon scored again, and once more just before time, thus winning by 3—0. Team:— W.F.

Bury School.—Fletcher, goal; Mr. Hendin, Hall i., backs Cook, Boby, Thomson, halves; Alston, Birmingham, Waugh, Fulcher i., Bond, forwards.

Umpire.—G. W. Gowen.

BURY SCHOOL v. CLARE.

The return match was played on the School ground. Playing down the hill, the School forwards got away from the bully-off, and Birmingham put the ball through the goalkeeper's legs and scored. After that the School goal had

some narrow escapes. Owing to a mis-hit by one of the School backs Clare scored. Alston had some hard luck in not scoring, his shot running along the cross bar and going out. Birmingham scored again before half-time, which came with the total 2—1 in the School favour.

When play was resumed Clare scored again. Alston put the ball in the net but he was given off-side and the point was disallowed. After that the play was fairly even; final time came with the score 2—2. Team:— W.F.

Bury School.—Fletcher, goal; Mr. Hendin, Hall i., backs; Cook, Thomson, Carter, halves; Alston, Birmingham, Waugh, Fulcher i., Bond, forwards.

Umpire.—Mr. Thomas.

ROYALISTS v. FOREIGNERS.

This exciting match was played about mid-term. The Royalists, who had eight members of the School team, played up the hill first, and scored twice before the Foreigners responded.

In the second half they again scored, and the Foreigners, who were playing a very plucky uphill game, also added one to their count. After this, though the Foreigners kept trying, the Royalists scored several times in quick succession, and ran out winners of a game which was played throughout with the traditional zest by 3—2. Fulcher i., Birmingham, and Hall i., were conspicuous on the Royalist side, and Waugh, Doolittle, Alston, and Hextall (at the unaccustomed position of half) for the Foreigners. Teams:—

Foreigners.—Fletcher (capt.), goal; Alston, Robinson, backs; Doolittle, Waugh, Hextall, halves; Vigors, Parks, Woodgate, Whiting, Lovelock, forwards.

Royalists.—Crack, goal; Hall, Thomson, backs; Carter, Boby, Cook, halves; Gould, Wright, Fulcher i., Birmingham (capt.), Bond, forwards.

BURY SCHOOL v. THE DEPOT.

The return match was played in delightful weather on the School ground, a fast game resulted, from which the soldiers ran out winners by 4—1. The School could only

place a weak team in the field, and the shooting of the forwards was very erratic, in other respects the game was a good one. Team :—

Bury School.—Fletcher, goal; Abbot, Hall i., backs; Cook, Thomson, Carter, halves; Robinson, Fulcher, Waugh, Birmingham, Alston, forwards.

SECOND ELEVEN MATCHES.

BURY SCHOOL 2ND XI. v. IPSWICH 2ND XI.

This match was played at home on 9th February, in the rain. Ipswich won the toss and chose to play up-hill first. They pressed hard but only managed to score one goal in the first half, owing to the good play of Wright at centre-half, and Abbot and Doolittle at back.

But in the second half we were less fortunate, the Ipswich team added 6 more goals to their score. Thus ended a very fast and enjoyable game, the score being 7—0 in our opponents' favour. Team :— A.R.H.

Bury School.—Hextall (capt.), goal; Abbot, Doolittle, backs; Turner i., Wright, Crack, halves; Richdale, Gould, Jones, Robinson, Woodgate, forwards.

BURY SCHOOL 2ND XI. v. EAST ANGLIAN SCHOOL 2ND XI.

Since the 2nd XI. had not many fixtures this extra match was arranged with the East Anglian School. It was played on March 17th, in excellent weather, on our own ground. The visitors won the toss and elected to play up-hill first. In the first half the home forwards pressed hard, but without result.

When play was resumed the visitors made several determined rushes, but they were unable to score owing to the sound play of the defence. The home forwards broke away several times, and, with the excellent help of Johnson, Robinson scored. Thus a very exciting match ended in the result of 1—0 in the School's favour.

Wright at centre-half, and Shearing at back, were two very prominent figures in the defence.

Because of the keenness of the players, and the favourable result of the match, a cap was awarded to the 2nd XI. Team :— G.W.D.

Bury School.—Hextall, goal; Shearing, Doolittle, backs; Abbot, Wright, Carter, halves; Richdale, Whiting, Gould, Robinson, Johnson, forwards.

CHARACTERS OF THE ELEVEN.

†*W. FLETCHER (Captain, goal). Has experienced some difficulties as captain and goalkeeper. He gets behind the ball well and uses judgment in running out, but needs to clear to the wing more and should kick out more frequently.

*A. S. WAUGH (Vice-Captain, centre-forward). Tries hard, has plenty of dash, and makes ground. Is apt to overrun the ball; his shooting is rather weak.

*M. J. BIRMINGHAM (inside-right). A fast and dashing forward who shoots very hard; his passing is good.

*E. D. BOBY (centre-half). Is a clever player, but spoils his play and all combination by holding the ball too long, not keeping his place, and overrunning the forwards.

*E. W. COOK (right-half). Plays hard, but is rather awkward and a bit slow with his stick, except upon the left side; marks his man well; hits hard and clears well.

*R. THOMSON (right-back). Is an energetic player but rather slow in clearing. Should hit the ball and not push it when playing back. He plays a very hard game, uses his hands well.

†D. ALSTON (outside-right). Is a small but plucky player; should try to make more ground before centering.

G. FULCHER I. (inside-left). Is rather slow with his stick, dribbles well, and can hit hard, but frequently misses his shot.

E. L. HALL I. (left-back). Is a small but plucky player, he tries hard, and tackles and clears extremely well, but sticks rather much.

- E. R. BOND (outside-left). He centers well, but does not make enough ground, and rarely tries to pass a man. When running up the wing he should keep the ball within reach of his stick, and not hit far ahead.
- G. G. CARTER (left-half). Has considerably improved. Is a safe player, but slow. He should bring the ball up as far as possible and then pass definitely to a forward. Should use his hands more. W.F.

* 1st XI Colours, 1924. † Half-Colours, 1924.
 † 1st XI Colours, 1923.

SECOND ELEVEN CHARACTERS.

- *A. R. HEXTALL (Captain, goal). Has proved himself an energetic and enterprising captain, and has instilled the same enthusiastic spirit into his team. As goal-keeper he is very safe, but rather slow, especially at clearing. As a half, he plays a hard game with characteristic persistence.
- *C. GOULD (Vice-Captain, centre-forward). Is a good player and tries hard. Is quick on the ball, but must learn to pass quickly.
- *E. H. WRIGHT (centre-half). Is a very energetic player, he stops the ball well, especially with his hands, and gets it away quickly.
- *G. W. DOOLITTLE (right-back). Is a very reliable back, and he uses judgment and clears hard.
- *A. G. SHEARING (left-back). Is a very safe back, and combines well, but he should learn to feed his forwards by passing definitely. Is very quick with his stick.
- *R. A. ROBINSON (inside-right). He is a very dashing forward, and others might follow his example, but he must learn to keep his place and not hit ahead blindly.
- *J. JOHNSON II. (outside-right). A fast little forward, with a genius for the game. He has great control of the ball, makes ground, and his passes are very accurate.
- K. ABBOT (left-half). Tackles well and has a good eye, but should avoid overrunning his forwards.

- E. T. WHITING (inside-left). A very determined player, who follows up exceptionally well, but he is still a bit awkward owing to his left-handedness. Should shoot as soon as possible.
- F. E. WOODGATE (right-half). As yet unaccustomed to this position. His hitting is well timed and accurate.
- O. F. LOVELOCK (outside-left). Tries hard, but must learn to stop the ball from going into touch. Keeps well up the wing.

Also played :—

- G. V. RICHDALE (outside-left). He should get behind the ball when receiving a pass. Makes ground, but needs to keep the ball under control when near the goal line.
- W. A. CRACK (right-half). Tries hard, and has a good idea of this position, but he should learn to be quicker in getting the ball away.
- F. H. JONES (centre-forward). He tries hard, and plays a very good game in this position. Is handicapped by size.
- F. TURNER I. (left-half). He is rather slow, but has a good eye, and feeds his forwards well. A.R.H.

* 2nd XI Colours, 1924.

Games Review and Prospect.

The Hockey Season began with fair promise of success. So far as the results of matches go this was scarcely realised. Of the team, the captain alone was an old colour, but three other players had been members of the 1923 team. With these as a nucleus, and some keen and sizeable recruits, the team was a larger and better balanced one than the School has had for several years, but it has lacked cohesion and that unity of action which alone can win matches.

Practices, of which there have been two a week, have been frequently marred through absences due to injuries or illness. The idea, once rife, that a practice is a sort of rag game has, we are pleased to say, been considerably modified, and, though not very popular when entailing a cold change and hard work, the practices have produced distinct improvement;

the wings are beginning to learn to make ground, the backs to keep their places, and the halves to pass definitely. One of the strangest phenomena of the season has been the inability of the forwards to shoot: we suggest that the secret of their non-success is that the so-called shooting practice of spare moments is a misnomer, and really a handicap to forward play in front of goal, at any rate continued "potting" at the goal-keeper with two or more balls is not good practice for him.

With frequent rolling, the ground, though worn by use and impaired by the weather, has played well. It is hoped that with care during the summer it will entirely recover.

The School's greatest success was undoubtedly against the East Anglian School. It is the first time for many years that we have registered a victory against them. The matches against the Town and the Barracks, and the Old Boys, were hardly contested. Clare should have been beaten, but taking all things into consideration, and the small number of last year's XI. left, the team had done creditably, if not so well as was hoped. We should like to express our appreciation of the interest Mr. Hendin has shown in the team, and acknowledge the great assistance he has rendered, both in matches and practices.

This account would not be complete without some mention of the new hockey caps. They are similar to the football ones, the 1st XI. one having halves of grey and cerise, with the date of award on the peak, and the letters B.S.H.C. in the reverse colours. The 2nd XI. cap is the red-ringed one; to distinguish it from the football cap an "H" in red is prominently embroidered.

©.T.C. Notes.

This term the Corps has been busy learning musketry. The N.C.O.'s, being instructed by Sgt. Harris before taking over their sections.

The miniature range has been repaired by soldiers from the Depôt, and firing instruction has commenced.

The Corps were to have attended a field-day at Cambridge, but owing to an outbreak of foot-and-mouth disease this was cancelled.

C. J. Hinnell and C. G. Seth, who underwent the examination for Certificate "A" last term, were successful in passing both the practical and theoretical parts. M. J. Birmingham also underwent the examination this term and was successful in the practical part; the result of the theoretical part is not yet known. We tender them our congratulations.

It is probable that next term the Corps will be divided into two platoons.

By the end of the term about twenty parades will be completed.

Scout Notes.

The work of the School Troop has continued this term, and we are rapidly emerging from the chrysalis stage of our existence. Since the last notes were written ten recruits have been enrolled, bringing the strength of the Troop up to 85. The Troop is now arranged thus:—

P.L.	Acting Troop Leader: Turner i.			
	Ram Patrol.	Eagle Patrol.	Fox Patrol.	Hound Patrol.
1	Turner ii.	Home	Barnside	Marshall ii.
2nd	Randell	Kirby	Fryer ii.	Burlingham
3	Bowyer	Sturgeon	Bell	Fulcher iii.
4	Hallam i.	Tilbrook	Farrow ii.	Nice ii.
5	Caie	Best	Graham	Bird
6	Mathew	Boardman	Urwin	Pike ii.
7	—	Cooper	King iii.	Dixon
				Burdon ii.

All this term's recruits have been trained for the Tender-foot Badge by the P.L.s and Seconds, who have thus passed one of the Tests for the First Class Badge. Several Scouts are nearly through the Second Class Tests, and we hope that when the much-looked-for good weather comes in real earnest next term, we shall be able to get outside more, and enjoy the firefighting and cooking; what cooking has been done this term has been done under difficulties. We congratulate Turner i. on being the first Second Class Scout in the Troop.

Naturally, a good deal of our work this term has been done indoors. We have now pretty well learnt how to move smartly on our feet and to regard our staves not as burdens but as useful friends. Every Scout in the Troop has been through courses of First Aid, and, thanks to the kindness and patience of the Head Master, of Signalling. Splints and "iddy-umties" are no longer mere names but matters of interest to us. To chronicle all the other odds and ends of useful knowledge we have picked up would require a volume of *The Burian*.

But one other thing which we have made efforts to learn deserves mention. We have had our Scout Law and Oath constantly in mind, and we have tried to realise that our three promises, to do our duty to God and the King, to help other people at all times, and to obey the Scout Law, are things worthy of being carried into life. Many of us have realised that it is not playing the Scout Game to be put into Detention frequently; and, though it was at first an unpleasant shock to have this put strongly to us, we have come to see that we are better and worthier members of our Troop, our School, and our Country, when we do give up the slacking and idle fooling which comes so naturally to every boy. There are still a few diehards among us, but even they are making efforts which we trust will soon be crowned with success. We are all going to keep an absolutely clean Detention sheet next term.

We are having a race to ourselves at the School Sports, and have elected to make it a stretcher race for teams of three with stretchers improvised from staves and overcoats.

Our thoughts keep turning forward to outdoor work next term, and to the crowning joy of it all, Summer Camp. Arrangements are in hand for the training, during the Easter Vacation, of a Drummer, to assist our marches next term.

The Troop was glad to be able, with the consent of the District Commissioner, to honour the Head Master by

presenting to him a Thanks Badge, the holder of which is known everywhere as a friend of the Scout Movement.

Promotions this term have been:—

Turner i.: P.L. of Woodpigeon Patrol, Jan. 22nd; Troop Leader (Acting), Feb. 26th.
Lacey ii.: P.L. of Woodpigeon Patrol, March 4th.
Lee: Second of Woodpigeon Patrol, Feb. 26th.
Burlingham: Second of Hound Patrol, March 11th.

Our Motto is "Be Prepared." We are trying to prepare ourselves, young though we be, for useful and happy lives; and we are enjoying the preparation hugely.

THE SCOUTER.

The Fiction Library.

The Library has been enriched this term by the following gifts of books:—

- 1.—"Jenkyn Clyffe Bedesman,"
Presented by A. D. Vigers.
- 2.—"The New Chronicles of Don Q."
- 3.—"The Starved Topknot,"
Presented by F. H. Jones.
- 4.—"With the Allies to the Rhine,"
Presented by E. Whiting.
- 5.—"Fighting the Whales,"
- 6.—"Astray in the Forest,"
- 7.—"A Toast Fag,"
- 8.—"Just William,"
Presented by G. W. Doolittle.
- 9.—"Land and Sea Tales,"
Presented by Mr. Manley.

The Librarian wishes to take this opportunity of thanking the donors.

Besides the above-mentioned volumes, about 80 new books have been added from Library Funds, which brings the total up to 471.

Five Volumes of "Science for All," and a Greek-English Lexicon of the New Testament, have been presented to the Vith Form library by C. J. Hinnell.

The Points for work to date are:—Lancaster 100.6, Tudor 100.8, Yorks. 100.8. Thus the Lancastrians win the Hockey Term Shield this year.

W. Fletcher, the School Hockey Captain has awarded 1st XI. Colours to A. S. Waugh, and M. J. Birmingham after the first Bury match; to E. D. Boby, E. W. Cook and F. R. E. Thomson after the Depôt match, and half-colours to D. Alston.

We offer our congratulations to the honoured recipients.

C. Gould, E. H. Wright, G. W. Doolittle, A. J. Shearing, R. A. Robinson, J. Johnson and K. R. Abbot have been given 2nd XI. Colours by A. R. Hextall, the Captain.

M. J. Birmingham, the Lancastrian Hockey Captain has awarded House Colours to his team in the following order:—Cook, Boby, Hall i., Carter, Crack, Nunn, Lacey i, Fulcher ii, Crowe, Turner i.

A. S. Waugh, the Tudor Hockey Captain has awarded his House Colours in the following sequence:—Doolittle, Whiting, Robinson, Lovelock, Woodgate.

G. D. Fulcher, the Yorkist Hockey Captain has given his House Honours thus:—Thomson, Bond, Abbot, Wright, Gould, Richdale, Johnson ii., Phillips.

The following boys were confirmed by the Bishop of St. Edmundsbury and Ipswich at Stowlangtoft this term: Bond, Doolittle, Gowen, Richdale and Woodgate, and Lovelock at Rede.

We are most pleased to receive a School Register, the gift of Mr. J. P. F. H. Smith to the Governors. Mr. Smith is the son of the late Rev. K. H. Smith of Ely, whose "Lives of Bury Worthies" were a feature of the *Magazine* in the early part of the century.

We congratulate Ashton on passing the Junior Cambridge Local. The School seems hardly the same without an Ashton or a Hinnell. We also congratulate Charlie Hinnell on passing a Board of Trade Examination, and also on obtaining a post in the Bank of England. He writes to say that he is enjoying his work and also his leisure in London.

In succession to Hinnell as Head of the School we welcome Richdale and congratulate him on his preferment.

To Seth, Hinnell and Birmingham we also tender congratulations on the result of the Certificate "A" exam.: to have all candidates pass must be very pleasing to all concerned in the achievement.

To F. S. Wayman we also offer belated congratulations on his success in the London Matric.

Besides the Old Boys who came up for the O.B.'s match and the Sports, we have been pleased to see Messrs. J. Ashton, J. Hinnell, Coates, Dowse, Bowyer, Lipscomb and Norton up this term.

The Sanitorium has been fully equipped, and everything is in appieple order for the epidemic, which consequently has not paid us a visit.

We are glad to hear from Mr. E. W. White, a distinguished O.B. of 60 years ago, and perhaps the "Father of the Old Boys." He writes most interestingly of the School in 1863-67. Unfortunately space does not admit of our quoting from his letter in the present issue.

The School attended Divine Service at the Cathedral on Ash Wednesday. This was taken by our new Vicar, Canon Goldsmith.

Everyone will be interested to know that Mr. Conlan has offered a prize for keenness again this year, we feel sure this encouragement will meet with a great response: it may be worthy of note that those who have previously been slackers stand an excellent chance of carrying off the prize, as it is improvement in usefulness that counts.

At the end of the Christmas term a breaking-up Concert was arranged, among many interesting items, Smith i.'s blood-curdling recitation produced the cheerful re-action of an encore, while the efforts of the Household band and its admirers created a sound wave which the exasperated echoes are still trying to imitate.

After the Concert, the Headmaster, in an encouraging speech, stated the progress made during term and announced the promotions; he pleasantly surprised the School by announcing that he was giving a prize in each form, and that two Mathematical prizes were also being awarded. The prizes took the form of an order for books, to be chosen by the recipient. The Prize winners were:—Form V., Lacey i.; Form IV., Marshall i.; Form III., Plumridge; Form II., Turner ii.; Form I., Bell. Maths. Prizes:—Form V., Carter; Form IV., Turner i.

The Form prize winners were promoted, and also Fulcher i., and Turner i., from IV. to V., Fryer i., and Shearing from III. to IV.

We would draw the attention of those interested in Scholarships to the Tancred Studentships, a notice of which is on the board in the Big School.
