July, 1922.

VOL. XVI., No. 2.

## Editorial.

FOR nearly four centuries Bury School has been noted for turning boys into men—Englishmen—not fossilizing invertebrates until they develop some semblance of a backbone. It is still her aim to educate boys by the humanities rather than seek to perpetuate immature specimens of the genus homo by a pseudo-scientific process of psychological petrification.

Now that the School is making way it is up to everyone to put his back into every effort he makes. There is no room on the well-filled benches for the slacker who is not willing to pull his weight. We believe there are few such among us; with them dropped astern the School should glide smoothly on her annual course to the Fair Havens of Success.

"Nothing succeeds like success," says the old adage. Those who have taken part in the recent cricket matches and the O.T.C. inspection will have felt the truth and the thrill of this. The prime problem is how to compass the first success. It can be solved like all problems (*vide* Euclid) by first taking thought and getting a clear idea of what has to be done, then using constructive measures and working on some definite plan. The result depends largely on perseverance. Foresight, grit, and the will to win are all necessary for success.

Next term the School year *begins*. At the *end* of the present year some boys have realized the importance of being in earnest and the value of honest effort and perseverance. Before the beginning of the new School year every boy should convince himself of their necessity in his case. What are you going to do about it? (It shouldn't take you the seven weeks of the vacation to decide). Are you going to be good for something or for nothing this year? Great things are due to happen; are you going to have your part in them? If so, make up your mind now as to what you intend to do and go ahead and do it. To-morrow never arrives, neither do the people who wait for it.

## The Sports.

The Sports were held on Tuesday, May 28rd, in very warm weather. Conlan, who came in first in the 100 Yards and Quarter-Mile, won the School Champion Cup with 29 points. Boby easily carried off the Junior Cup, getting first place in all the Junior events and also in the Mile, Cross Country, and Sack Race. ## Cambridge Letter.

PETERHOUSE COLLEGE,  
CAMBRIDGE.

The greatest possible aid to letter writing is a legitimate cause for complaint, and, at present, your humble correspondents have a very real grievance.

After having laboured mightily, and after keeping you informed as to our doings for the past year, we thought that we had a right to expect at least a few additions to the far too small number of Old Burians up here.

It is not only that a School of the size and reputation of Bury ought to be far better represented at Cambridge, with which it has had a long and honourable connection, but we feel sure that no one who does manage to come up will ever regret doing so.

We have, of course, a more selfish reason for making this appeal, as our small number prevents us from writing about that most interesting of all subjects—ourselves.

We will conclude by advising all who think of coming up next year to make up their minds at once, and to apply while there are still vacancies.

Yours faithfully,

O. B.

## Hockey.

## CHARACTERS OF THE ELEVEN.

||G. HATT LIPSCOMB (Captain), (centre-forward). A forceful captain. Has given his men great encouragement and handled them with decision. He hits hard and accurately and is a strenuous worker. His endeavour to weld the team together and give more incisiveness to the attack by leaving the back division for the forward line was meritorious.

†C. F. STEED (right-back). Has played very well this season. He is a hard hitter, clearing with great discretion and skillfully feeding his halves. He is a very reliable back and tackles his man well.

§H. A. CONLAN (centre-half). A valuable asset to the team. Is equally good in attack and defence. He uses great discrimination in feeding his forwards but his passes are inclined to be too hard, particularly on uneven ground.

§J. N. B. ASHTON (inside-right). One of the neatest players in the team. His shooting is accurate and his stick-work and pace are good. He has the knack of being in the right place at the right time.

†R. C. GOOCH (goal). He fills this somewhat thankless and difficult position admirably, although he has had one or two off days. He clears hard, but at times is a little slow.

\*S. S. STRICKLAND (right-half). Tries hard and sticks to his man well. Should try and get his stick to the ball quicker and clear harder. His pace is good.

\*D. WAUGH (left-half). A hard hitter, who stops and clears the ball well, but should strive for greater accuracy in passing. Throughout the season he has used really good defensive tactics.

\*T. H. GOULD (outside-right). His pace is good, but at times he is rather apt to over-run the ball. He should try and get on to the ball quicker. His centres are good and stick-work neat.

\*J. E. STEARN (left-back). A reliable and hard-working player. He works very well in conjunction with Steed. His clearing is good and hard, and he keeps his halves well supplied. His tackling is good.

\*B. S. LIPSETT (inside-left). A great hustler, but a rather erratic player. His passing improved tremendously towards the end of the season. He is rather slow in front of goal.

\*F. S. WAYMAN (outside-left). Has filled this difficult position very well. He centres frequently, but sometimes rather too far forward. Must remember to stop the ball with his hand.

## SECOND ELEVEN CHARACTERS.

- \*A. S. WAUGH (Captain), (inside-right). Has done his best against odds. Needs to let himself go and urge his men on a bit more. Has a good eye, his stick-work is neat.
- \*E. D. BOBY (centre-half). A very plucky player, who is always in the thick of the fray. Sticks rather too freely.
- \*L. DE CHATELEUX (centre-forward). He is a tricky player and is generally in the right place to shoot.
- \*A. W. BEST (left-back). He played a very good game in goal against the East Anglian. Must stop the ball before attempting to hit it.
- M. J. BIRMINGHAM (outside-right). A good player, centres well, but rather too hard.
- C. J. HINNELL (outside-left). Is becoming more accustomed to this awkward position. Uses his hand to stop the ball well.
- J. M. DIXON (left-half). Is not quite fast enough for a half, but plays a very good game at back.
- D. ALSTON (right back). A very good player indeed, though somewhat handicapped by his size.
- M. A. MUMFORD (right-half). A ferocious player, who is rather terrifying to the opposing forwards. Hits hard and passes well.
- E. R. R. POWER (inside-left). Has improved, but must learn to hit the ball instead of pushing it.
- F. TAYLOR (goal). Has filled this difficult position very well. He should kick the ball more.

Also played :—

- E. W. COOK (left-half). Is rather unreliable, but hits hard and generally manages to get in the way of the opposing forwards.
- G. BACON (centre-forward). A bustling player, very slow to shoot.

## Cricket.

## BURY SCHOOL v. BURY AND WEST SUFFOLK.

Played on Thursday, 18th May, on Nowton Ground. Our first match unfortunately ended in a bad trouncing. On a fast pitch our batsmen could make little of the bowling, although the form displayed by some suggested that with a little practice they might have been seen to more advantage. Our bowling too—Mr. Manley being unable to bowl—failed in effectiveness, and we reaped the benefit of some energetic fielding practice. Scores :—

## BURY SCHOOL v. BOBY'S ATHLETIC.

Played on Saturday, May 20th, in ideal cricket weather, this match resulted in a loss for the School by 52 runs and three wickets. The School batsmen were unable to withstand the good length bowling of the visitors, Ashton alone reaching double figures. Mr. Richards was the only bowler to do much execution ; he captured four wickets for 82. To a large extent dropped catches were the cause of defeat. Scores :—

BURY SCHOOL.—Ashton, 12 ; Dixon, 0 ; Mr. Tobin, 3 ; Mr. Mackreth, 9 ; Mr. Richards, 0 ; Lipscomb, 5 ; de Chateaux, 0 ; Stearn, 0 ; Gould, 8 ; Conlan, 4 ; Gooch (not out), 1 ; Extras, 8. Total, 50.

## BURY SCHOOL v. EAST ANGLIAN SCHOOL.

This game was very well contested, and, with a little more discretion on the part of some of the bowlers and a bit more verve in the field, might have been won. With the exception of de Chateaux, who played a steady innings for 17, the School batsmen again failed. Of the bowlers, Gould i. did well, getting five wickets for 18 runs, and Mumford, when he had found a length, gave the batsmen considerable trouble. Scores :—

BURY SCHOOL.—Ashton, 2; Dixon, 4; de Chateaux, 17; Gould 1, 1; Lipscomb, 2; Stearn, 2; Conlan, 3; Strickland, 0; Gooch, 0; Waugh (not out), 2; Mumford, 0; Extras, 2. Total, 35.

#### BURY SCHOOL v. AMPTON.

This fixture provided the usual sporting game. The match was played in very hot weather in the School field on Saturday, May 27th. The School, being put in to bat, could only make 36 runs, of which Lipscomb contributed 15. During the interval Mr. Richards kindly entertained both teams to tea. The visitors' score mounted slowly; the first two batsmen were run out by Conlan's smart throwing in to Mr. Richards, then Messrs. Bird and Price made a stand, and the School total was surmounted. Mr. Richards bowled well and obtained five wickets for 38 runs. The innings closed for 103 runs for nine wickets. Scores:—

BURY SCHOOL.—Dixon, 3; Ashton, 0; Mr. Mackreth, 3; de Chateaux, 0; Mr. Richards, 4; Mr. Manley, 0; Mr. Hindle, 0; Lipscomb, 15; Stearn, 5; Conlan (not out), 2; Strickland, 0; Extras, 4. Total, 36.

#### BURY SCHOOL v. KING'S SCHOOL, ELY.

This match was played at Ely on June 8th. The Ely boys batted first and quickly knocked up 206. Perfect and Morton scored 69, when the former was run out owing to a foolish call. Coates hit fearlessly towards the end. Ashton's bowling apparently worried the batsmen, who seemed more at home with fast deliveries; he took four wickets for 18 runs. Stearn, who began by trying to bowl far too fast, finally settled down to a more moderate and more accurate type of bowling, and secured three wickets for 26. Too many full tosses to leg and long hops were bowled.

Our batting was weak, except for Stearn, who made some very good shots. Most seemed to want to score quickly, which was a useless policy, and so took needless risks. The feature of the Ely fielding was their wicket-keeper, who stood up to and stopped the swift bowling with success.

One lesson to be learnt from this match is that if you have a deep field, place him on the boundary to save fours, especially on a small ground. Scores:—  
B. S. R.

ELY SCHOOL.—Perfect, 31; Morton, 46; Gillmore, 23; Spence, 18; Olivey, 7; Wilson, 20; Denham, 4; Coates, 31; MacLennon, 0; Hunt, 2; Spaul, 4; Extras, 24. Total, 206.

BURY SCHOOL.—Dixon, 5; Ashton, 13; de Chateaux, 0; Stearn, 30; Lipscomb, 4; Gould, 7; Conlan, 0; Wayman, 0; Mumford, 4; Strickland, 1; Waugh, 0; Extras, 7. Total, 72.

#### BURY SCHOOL v. AMPTON.

The return match was played away on June 17th. Ampton batted first and made 126 runs, of which Mr. Price contributed 51. When it was found that the game was likely to have a sporting finish, half-an-hour's extra play was agreed upon. Ampton made the most of their opportunity, and, having dismissed Mr. Richards for 81, got rid of the remaining batsmen for a total score of 68. Mr. Richards was the most successful bowler, obtaining three wickets for 17 runs. Our thanks are due to Messrs. Birmingham, Conlan, and Shaw, for motoring the team to and from the ground. Scores:—

AMPTON.—Price, 51; Watson, 10; Bird, 0; Cross, 13; Cutter, 3; W. Cutter, 22; Brown, 5; Pettit, 0; Clarke, 3; Cook (not out), 4; Catton, 1; Extras, 14. Total, 126.

BURY SCHOOL.—Dixon, 0; Ashton, 1; Mr. Tobin, 4; Stearn, 8; Mr. Richards, 31; de Chateaux, 4; Mr. Manley, 3; Conlan, 1; Gould, 2; Mumford (not out), 0; Birmingham, 6; Extras, 3. Total, 63.

#### ROYALISTS v. FOREIGNERS.

This annual event was celebrated with the accustomed keenness, on Thursday, June 22nd. Contrary to most expectations the Foreigners won. The scores being 92, and 96 for seven wickets.

The Royalists batted first. Ashton, who made 46, played sound careful cricket, taking no risks from rising-off balls, but punishing loose and leg ones. Boby was the only other batsman to reach double figures. The Foreigner bowlers gave of their best; they were aided by very keen fielding, and changed with excellent judgment, so that no batsman, except Ashton, who was ultimately run out, really gave trouble.

The Foreigners' innings started rather disastrously, but Stearn got his eye in and made 42 runs in free style; he was backed up by de Chateaux, who made 12. Mumford and Alston added a few more runs at a critical time, and, amid much enthusiasm on the part of the Boarders (it is rumoured that a number of the Day-boys had gone home for tea, and no doubt they required something to buck up their failing hopes), Waugh and Lovelock scored the runs required to win.

Of the bowlers, Waugh took three wickets for 10 runs, Ashton three for 21, and Stearn two for 17. The number of change bowlers employed was a feature of the match, and the quality of their bowling must be a source of satisfaction to prospective captains. But the most conspicuous feature of the match was the excellent fielding of both sides. The Foreigners are to be complimented on winning such a keenly contested game against such doughty adversaries. Scores:—

ROYALISTS.—Ashton, 46; Wayman, 4; Gould, 0; Hinnell, 1; Shaw, 0; Strickland, 10; Lipscomb (capt.), 4; Boby, 11; Conlan, 2; Bond, 4; Bacon (not out), 0; Extras, 9. Total, 92.

FOREIGNERS.—Dixon, 1; Lipssett, 0; Stearn, 42; de Chateaux (capt.), 12; Mumford, 9; Gooch, 5; Alston, 6; Waugh (not out), 7; Lovelock (not out), 1; Whiting and Fletcher did not bat; Extras, 13. Total (for 7 wks.), 96.

#### BURY SCHOOL v. KING'S SCHOOL, ELY.

Played at home on Tuesday, June 27th. The School won the toss and batted first. The innings closed for 85 runs, Stearn (14) being the only batsman to reach double figures.

The Ely innings started disastrously, four wickets going down for 18 runs, but Coates and MacLennon stopped the rot. The side was out for 68.

To occupy available time, the School batted again, obtaining a total of 55 runs. It was a bowlers' day. Gould i. took three wickets for 12, Stearn four for 21, and Ashton two for 10. Scores:—

BURY SCHOOL.—Ashton, 2, 0; Dixon, 0, 6; de Chateaux, 2, 0; Wayman, 2, 9; Lipscomb, 0, 7; Stearn, 14, 2; Conlan, 6, 5; Gould, 0, 6; Gooch, 0, 15; Waugh ii., 0, 3; Norton (not out) 1, 1; Extras, 8, 1. Totals, 35 and 55.

ELY SCHOOL.—Perfect, 5; Morton, 7; Gillmore, 3; Denham, 1; Coates, 21; MacLennon, 10; Spence, 3; Willson, 3; Hunt, 0; Olivey, 6; Spaul, 0; Extras, 4. Total, 63.

#### BURY SCHOOL v. OLD BOYS' XI.

On Saturday, July 1st, a most enjoyable and exciting match was played on the School ground against the Old Boys. Unfortunately the School was without Gould i., but luckily we were able to play Mr. Manley, and his bowling was certainly very deadly. The School won the toss and decided to field first, and the first wicket fell for a score of 7, but then runs began to come fast and frequently until lunch-time arrived with a score of 155. After lunch, the Old Boys only amassed another 40 runs, and their innings closed with a total of 196.

The School then batted, and wickets fell easily until Mr. Manley went in; then the score began to mount up until, on extra time being played, the School was dismissed for 162. The fielding of the Old Boys was truly mirabile visu, and for the School, Stearn and Wayman both bowled well, while de Chateaux, at point, was particularly smart. G. HATT L. Scores:—

OLD BOYS.—C. F. Cartiell, 32; E. M. Ashton, 6; G. J. Hinnell, 19; F. J. Wise, 28; E. F. Burrell (not out), 19; F. G. Roach, 21; R. E. Dowse, 26; C. Tilbrook, 11; W. J. McGlone, 4; C. R. Yelloy, 14; A. B. Ord, 3; Extras, 13. Total, 196.

BURY SCHOOL.—Ashton, 31; Dixon, 2; de Chateaux, 6; Mr. Manley, 64; Stearn, 9; Wayman, 3; Lipscomb, 14; Conlan, 4; Hinnell, 12; Strickland, 0; Waugh (not out), 1; Extras, 17; Total, 162.

#### BURY SCHOOL v. LAVENHAM.

This match was played at Lavenham on the 8th of July. The School batted first. Mr. Manley's 16 and J. E. Stearn's 18 were the highest scores. The School side were all out for 77. The Lavenham side then batted and obtained 72 runs for seven wickets. Amid great excitement the three remaining wickets fell for 8 runs. This close match was the School's first win. It was largely the result of excellent fielding. J. E. Stearn received his 1st XI. Colours after the match. W.S. Scores:—

BURY SCHOOL.—Ashton, 1; Stearn, 18; de Chateaux, 1; Mr. Manley, 16; Mr. Tobin, 0; Gould, 3; Lipscomb, 7; Gooch, 0; Conlan, 13; Birmingham, 5; Mumford (not out), 9; Extras, 4. Total, 77.

LAVENHAM.—Thompson, 16; Steed, 4; Payne, 23; Roper, 5; Hogger, 3; H. Baker, 4; A. Baker, 6; Offord, 0; Thorpe, 2; Mortlock, 0; Howlett, 0; Extras, 12. Total, 75.

## BURY SCHOOL v. THE TRADESMEN.

This match was one of the features of the season and everyone enjoyed it, especially the members of the team, who still relate glowing tales of the hospitality of the Mayor and of each other's prowess.

The match was a whole day match. It was played on the King's Road Ground in excellent weather, and the team were on the top of their form, having had a week's respite from drill, and won a match or two, while the worry of Exam. week was yet to come.

Lipscomb won the toss and elected to field first. Burrell and Pawsey, who batted first, were the only players who gave considerable trouble, they obtained 19 and 50 runs respectively. The Tradesmen's total score was 121. Ashton bowled an excellent length and obtained six wickets for 19 runs. Gould got three for 85.

After lunch, supported by the rest of the School, and no small noise, the team batted. Ashton played careful cricket and scored 80 runs, mostly on the leg side. Stearn soon compiled his 13, and Gould, playing excellent and forceful cricket, made 46, when he was unfortunately run out just as the score stood at 121. Soon after, Lipscomb scored the winning run. When the score was 124, Pawsey did the hat trick, but Hinnell and Birmingham, the last two batsmen, stopped the rot, and increased the score to 189.

After an interval for tea, the Tradesmen batted again, and Pawsey hit up 74 before he was dismissed by Mumford, who obtained three wickets for 83. Roach compiled 21 before he was dismissed by Wayman, who secured two wickets for 16, Lipscomb catching both behind the wicket. At 122 for five wickets the innings was declared closed. Two of the School wickets fell for 46 runs ere time came. De Chateleux obtained 21 (not out) by steady persistence, and Stearn made 12 (not out). Scores:—

THE TRADESMEN.—Mr. F. Burrell, 19, 0; Mr. T. Pawsey (not out) 50, 76; Mr. J. P. Parkington, 6, (not out) 10; Mr. P. F. Groom, 9; Mr. F. Roach, 3, 21; Mr. H. R. Land, 1, 5; Mr. A. W. Day, 4, 4; Mr. F. Bright, 1; Mr. G. Oliver, 4; Mr. F. Johnson, 1; Mr. A. Wilks, 3; Extras, 20, 6. Totals, 121, and 122 (for 5 wkts.)

BURY SCHOOL.—Ashton, 30, 8; de Chateleux, 2, (not out) 21; Dixon, 2, 2; Stearn, 13, (not out) 12; Gould 1, 46; Lipscomb, 18; Conlan, 2; Wayman, 0; Mumford, 0; Hinnell (not out) 1; Birmingham, 12; Extras, 13. Totals, 139, and 46 (for 2 wkts.)

## BURY SCHOOL v. BURY UNITED.

Sure and indade it was the 15th of July when the School took a little diversion with Bury United. Musha wait now till I tell ye! Glory be! The School batted first, but the gossoons came out one after the other until Mister Richards planted himself as butifully as a spud on the pitch, and lathered the bowling about wid his shillelagh. Arrah, it was a rare treat to see him banging the ball to the boundary. The fielders were ragin tarin mad and the bowlers went to the slaughter like the bulls at Ballyhooley fair. Oi saw wid me own oyes the little gossoon, de Chateleux, go out to help him, and they raised the score from 18 to 77 for the third wicket.

Bedad and begorrah! 'twas foine, when Gould came in, to see the ball chasin' itself to the fence; fireworks weren't in it, as Mister Francis thought, when he caught him from a hard off-drive, high and left-handed, 'twas just brilliant. During tay, to which Mr. Richards entertained both the teams, the captain, being deep in his cups, decided to declare, the same he did soon after for nine wickets and 187 runs. Mister Richards being sthail in was not out at all, at all. He bagged 75 runs with his bat and it took two small childer to carry the load from the pav. to the School.

Gould and Mister Richards went on to bowl. The broth of a boy, Gould, knocked two wickets out in the first over, and the heart out of the next two batsmen wint with them. Mister Richards himself caught and bowled both foinely, and it was as the score board said: 3 for 1, 9 for 4, 12 for 5. Then Mister Francis stood out forminst the bowlers, and Mister Richards said "Och, Captain! Is it yerself has come at last to stop the rot?" "Musha," says he, "it is so": and sure and indade it was, himself at one end and Mister Beaumont at the other; and when the hour of destiny struk they were undivided for 21 and 13 runs, and the score board spoke up again and said "Bhoys, I tell ye, 'tis 40." Scores:—

BURY SCHOOL.—Ashton, 6; Dixon, 9; de Chateleux, 8; Mr. Tobin, 1; Mr. Richards (not out), 75; Stearn, 0; Lipscomb, 2; Mumford, 1; Gould 1, 11; Conlan, 8; Wayman (not out), 3; Extras, 13. Total (for 9 wkts.), 137.

## BURY SCHOOL v. BOBY'S ATHLETIC.

The School played the return match with Bobby's, on Saturday, July 22nd, on King's Road Ground, under depressing weather conditions. On a wicket that gave little help to the bowlers our opponents put together a respectable total in spite of the keen and excellent fielding of the School.

Rain unfortunately set in shortly after we had begun our innings, and the match had to be left drawn. H. J. T. Scores:—

Boby's ATHLETIC.—Tricker, 26; Candler, 55; Palmer, 2; Fabry, 3; Hearne, 7; G. Hammond, 7; W. Hammond, 11; Bridge (not out), 26; Heeley, 0; Fowler (not out), 3; Williams, did not bat; Extras, 9. Total (for 7 wickets), 149.

Bury School.—Ashton, 7; de Chateleux, 5; Mr. Manley, 10; Mr. Richards, 3; Mr. Tobin (not out), 9; Extras, 1; Mr. Hindle, Dixon, Lipscomb, Gould, Mumford, and Conlan, did not bat. Total (for 4 wickets), 35.

## SECOND ELEVEN NOTES.

At the beginning of the season the 2nd XI. played raggedly, and a series of matches were lost, due chiefly to poor fielding and the inability of most of the team to play a straight bat and refrain from "slogging" until they had "got their eyes in," or to bat at all because of stage fright.

Fulcher and Lipssett, as well as the Captain, have been reliable in the field throughout the season, but, except in the Royalists v. Foreigners' match, the fielding of the remaining members of the team (with occasional exceptions) has been feeble.

Latterly, the XI. have gained experience and confidence, and have won matches. Also the bowlers have developed wonderfully, and at a much more rapid rate than the batsmen, most of whom seem rather afraid that they will hurt the ball if they hit it hard. Alston makes a speciality of taking Ely wickets, his records being four for 15 and five for 27. We hope he will reproduce this form on similar occasions when in the 1st XI. Birmingham and Wayman did well at the beginning of the season and were promoted. Against Livermere Birmingham obtained five wickets for 9 runs, and against the "E.A.S." five for 18, while Wayman secured five for 48 and five for 18 in the same matches. On one occasion Waugh, who promises well, took two wickets for 8, and it is pleasant to record that Bobby did the hat trick in the second

Livermere match, and that, with the first three balls of the innings. No wonder that after such a feat the rest of the Livermere team went off, quickly, one by one.

Lipssett has been the most consistent scorer, 28 scored against Livermere being his best effort. Birmingham's 19 (not out) against Ely and 15 against the Brewery were his most useful achievements with the bat; his best stroke at present is an off drive, but with practice he should be able to cultivate a free scoring style all round the wicket. Bobby, Fulcher, and Bacon, also have the makings of batsmen and should develop soon; they have, on occasions, reached double figures in matches. Bond and Lovelock as batsmen, Alston as a bowler, and perhaps Fletcher, have doubtless been noted as young players of promise by the Captain's watchful eye. The Captain himself, besides acquitting himself well in his own particular sphere, has shown great steadiness in batting and precision in bowling, while his fielding is irreproachable, and next year it is to be anticipated that he will be one of the brightest colours in the 1st XI.

#### O.T.C. Notes.

Corps work this term has been chiefly devoted to preparation for that greatest day of any corps—"The Annual Inspection." This year the Corps seems to have excelled even itself and to have made a very favourable impression on

the Inspecting Officer, Major-General Sir C. D. Shute, K.C.B., K.C.M.G., who expressed his great pleasure at all our movements, our "turn-out," and our general keenness. In a few well-chosen words the General complimented the Corps on their work and instilled into the minds of his hearers that the best discipline was brought about not by fear but by genuine affection.

Camp this year is being held at Strensall. Up to the present only 20 boys have put down their names to attend. We are inundated by the usual feeble and childish excuses for not coming, and can only say that we hope those people who have made those excuses will enjoy their holidays in the congenial atmosphere induced by doting parents, feather beds, and hot water. It is certainly very gratifying to note the great keenness for Camp on the part of those Cadets who are "acting 15," and it is with great regret that we leave them behind.

The Corps has done about 20 drills this term.

#### PROMOTION.

Cadet Parry to be Lance-Corporal. G. H. L.

#### REPORT ON THE ANNUAL INSPECTION.

The War Office,  
London, S.W. 1,  
20th July, 1922.

Sir,

I am instructed to forward the following extracts from the remarks of the Inspecting Officer on the state of efficiency of the contingent under your command:—

**DRILL.**—Satisfactory. The boys are steady and smart on parade and handle their arms exceedingly well considering the youth of many of them. Battle Formations were intelligently carried out. More attention should be paid to working by signal.

**MANGÈUVRE.**—The leaders show considerable intelligence and power of decision, and the boys in the ranks work well under their leading. All ranks showed an intelligent realisation of the use of ground.

**DISCIPLINE.**—Very good. The contingent is smart, well turned out, keen, and seems imbued with the right spirit.

**TURN-OUT.**—Very good. Clothing in good repair. Clothes and equipment well put on, notably puttees.

**ARMS AND EQUIPMENT.**—Satisfactory.

**GENERAL REMARKS.**—Much keenness on musketry is shewn by the boys. In view of the unevenness in size and age of the boys this contingent shows a satisfactory degree of efficiency and reflects credit on its Commanding Officer, Captain Richards. The boy N.C.O.'s were remarkably keen, intelligent, and self-reliant, and the best spirit seems to pervade the contingent.

I am, Sir,

Your obedient servant,

A. C. RICHARDSON,  
Director of Staff Duties.

#### School Notes.

**VALETE.**—C. F. Steed, House Prefect, Football Captain, Hockey Colour; D. Waugh, Prefect, Football Colour; A. W. Best; G. E. Naish; H. W. C. Tower.

**SCHOOL OFFICERS.**—G. H. Lipscomb, Head of the School, Senior Royalist Prefect, Cricket Captain, Sergeant in O.T.C., Organist; J. M. Dixon, Senior House Prefect; H. A. The Missionary Offertory this term amounted to £1 16s. 7½d.

On April 8th Mr. Tobin had the B.A. Degree Oxon. Honours School of English Literature conferred on him by the Vice-Chancellor of the University in Convocation.

We take this opportunity of offering our hearty thanks to the Head Master and Miss Richards for entertaining the cricket team and the visiting teams to tea during several matches.

It is somewhat late but none the less interesting to note that in the Senior Football Sixes Competition, Lipscomb's six came out winners. Besides the Captain the six consisted of Gould i., Wayman, Fulcher i., Dixon, and Bacon i.

We wish to thank all who so kindly assisted at the Sports. We would also express our indebtedness to the donors of prizes, and to Archdeacon Farmiloe for promising one for next year. Besides the ladies and gentlemen mentioned in the programme, Mr. E. Burlingham also presented a prize. The 1923 Sports will be held in the Easter term.

What with the Sports and the Old Boys' Match, a great number of Old Boys have visited the School this term. Their advent, and the tales they relate of what happened here in their times, has materially helped to keep alive the ancient traditions of the School, and make the present boys even keener than they naturally are. The impression has been deepened by the good play, sportsmanship, and willingness to assist in games, exhibited by the Old Boys.

The Cricket Captain, G. Hatt Lipscomb, has awarded the following honours this season:—First XI. Colours: J. N. B. Ashton, L. C. H. de Chateleux, H. A. Conlan, J. M. Dixon, T. C. Gould, J. E. Stearn. Half-Colours: A. S. Waugh, M. A. Mumford.

The Second XI. Captain, C. J. Hinnell, has given Second XI. Colours to the following players in his team:—M. J. Birmingham, G. C. Bacon, F. S. Wayman, B. S. Lipsett, D. Alston, E. D. Bobby, D. Norton, W. E. R. Bond, G. D. Fulcher.

We hope the pleasure of the worthy recipients matches their pleasing appearance when wearing the full insignia of their achievements.

Attentively followed Lectures were given by the Rev. E. W. Shephard-Walwyn on "Character-Building" in the Big School this term.

### Old Boy's Notes.

We heartily congratulate G. S. Gough, who, at Pembroke College, Cambridge, was awarded the Beatson Scholarship of £80 for Mechanical Science on the results of the Triposes.
